Sun Shines, Trees Blossom---It Might As Well Be Spring

By RICHARD LYTTLE

"Loveliest of trees, the cherry now
Is lined with blossoms on the bough."

Now? But it's almost December already.

Nevertheless, Alfred E. Housman's lyrical couplet is still the song of the land in Marin County as the balmy summer weather continues and the cherry trees, along with many other confused plants, continue to surge with new growth and blooms.

"After awhile, they're going to get tired," County Agricultural Commissioner Richard T. Straw said.

Deciduous plants, he explained, need a dormant season to store up food and rest.

He has seen new growth and flower buds on cherry trees in several areas of the county, particularly in and around Mill Valley. Plum trees, too, are coming out with new growth. They dropped their old leaves a few weeks ago.

Elias S. Day reported lilacs in bloom at his home at 110 Bayview Drive, San Rafael.

Last week, Straw reported, that Marin County flies were celebrating spring already. He explained that the warm weather had brought the insects out of hibernation and started them breeding with distressing energy.

But the flies are not the only section of nature having a hard time figuring out the weather. The plant kingdom is going through a regular revolt.

"It's hard to say what will happen when spring really comes," Straw said. Putting on growth now could sap a lot of the energy needed for growth next spring. And if a sudden frost should catch deciduous trees now, it could do a lot of damage, he said.

However, he does not think there will be much commercial loss to nurserymen or to walnut and pear growers. The only walnuts and pear orchards are in a small area near Novato. These trees have not been as badly confused as the early blooming

See SPRING, page 4

CHERRY BLOSSOMS IN NOVEMBER—David Ghiringhelli, 5-year-old son of Mr. and Mrs. E. F. Ghiringhelli of 25 Harcourt Street, San Rafael, sits among blossoms in a cherry tree on H Street. Early autumn rain followed by warm weather has brought fruit trees into bloom out of season in Marin. What it will do to next year's fruit crop remains a question. (Independent-Journal photo)

PARLEY ON CUBA IN STALEMATE

WASHINGTON (UPI — Negotiations for removal of Soviet IL-28 bombers from Cuba remained stalled today. Officials said the United States has made it clear that it wants an answer soon.

Officials shied away from the suggestion that a deadline has been set for a satisfactory answer on the bomber question. But President John F. Kennedy has scheduled a news conference for 6 p.m. (EST) tomorrow.

The President met with his Cuban crisis advisers today to study a report from John J. McCloy, head of a special negotiating committee. McCloy spent more than five hours yesterday in consultations with Soviet Deputy Premier Vasily V. Kuznetsov at the Russian Mission on Long Island, N.Y.

JFK CONFERENCE

Kennedy conferred with the executive committee of the National Security Council for one hour after returning by helicopter from a weekend with his family at Middleburg, Va.

Press Secretary Pierre Salinger declined to comment on McCloy's report. But other U.S. officials said talks still were stalled on this country's insistence that the Soviet IL-28 bombers be removed from Cuba.

NEWS PARLEY

U.S. officials would say only that they hoped for a satisfactory response to demands for removal of the IL-28s soon—meaning sometime today or tomorrow. It would be helpful, they said, if a response could come before Kennedy's scheduled news conference.

The President's news conference, open to radio and TV and scheduled for a convenient

San Rafael Hospital Gets Gift Of Seven-Acre Site

Financial Program Is Planned

San Rafael General Hospital Foundation today announced it has received a gift of a seven-acre site for a new hospital.

The land runs along Channing Way from its intersection with Professional Center Parkway, within the San Rafael city limits and across Highway 101 from Terra Linda. It is being given to the hospital foundation by Commonwealth Development Co., headed by Harry H. Heifetz of San Rafael, developers of Marin Professional Center.

"It is a beautiful site," declared Dan E. Andersen, chairman of the board of the hospital foundation. "By its gift, Mr. Heifetz has demonstrated his public spirit and his deep interest in the future of San Rafael and Marin County."

POSSIBLE FINANCING

Andersen said he was investigating possible financing for a new hospital on the acreage, to replace the present San Rafael General Hospial at Mission Avenue and Nye Sreet. "We hope to have a program worked out within a few months," he said.

The hospital foundation has been seeking a site for several years, he noted.

The Channing Way site lies at the base of a hill between Marin Professional Center and the Civic Center, on top of which two 12-story apartment buildings are planned by a still-undisclosed developer represented in Coldwell, Banker and Co. The site itself is zoned administrative-professional. The hill above is zoned for apartments.

NO MORE BEDS

Andersen said initial building plans will call for a hospital of no greater bed capacity than the 65 beds at the present San Rafael hospital, which he said is now operating practically at capacity.

The present hospital will continue to function until the new one is built, he said. Consideration is being given to continuing it as a convalescent home after the new structure is completed, he reported.

San Rafael General Hospital was founded as Cottage Hospital, a private institution, in 1905. In 1958 it was reorganized as the only voluntary nonprofit hospital in Marin County with creation of the San Rafael General Hospital Foundation.

MEMBERS DIFFER ON METHOD

San Rafael Council Ready To Buy New City Hall Site

By BRYCE W. ANDERSON

All five members of the San Rafael City Council are ready to order immediate purchase of a new city hall site, but they differ on whether a bond issue will be necessary to build the city hall.

Unanimity on "buy the site now" and divergence on financing emerged from a survey of the council members today. The matter is to come up at the council meeting set for 8 o'clock tonight in a report by Councilmen Louis H. Baar and Fred E. Jensen, who were appointed four weeks ago by Mayor John F. McInnis to investigate financing possibilities.

Jensen and Baar discussed the city's financial picture last week with City Clerk W. L. Morgan and City Manager Dan E. Andersen.

After the meeting, Jensen said he would favor a $500,000 bond issue to be placed before the voters next April—with the amount to be increased to $750,000 if immediate construction of a new central firehouse is included.

Baar, on the other hand, said he is hopeful the city hall can be built without resorting to a bond issue. He asked City Aty. A. E. Bagshaw to investigate the city's short-term borrowing authority.

Both said they favored buying the proposed city hall site fronting Fifth Avenue, extending from the city library to C street, without further delay. The site, of about two and one-half acres, was recommended by Ebasco Services last summer after a survey, and accepted by the council is the first choice site.

Supervisors Decide On Questions To Be Asked About Coroner's Post

Marin County supervisors today broke a deadlock on the nature of questions to be put to the state attorney-general on the "conflict of interest" issue surrounding the office of coroner-public administrator.

This was done by two additional statements to be incorporated in a letter prepared by Asst. County Counsel Douglas J. Maloney, and rejection of a third proposed by Supervisor Peter Behr.

This ends a long and intricate argument over objections by attorney Robert H. Andresen of Mill Valley, representing undertaking competitors of Coroner Frank J. Keaton, to Maloney's draft of what was to have been an agreed statement of facts.

As the matter finally rested, Maloney is to redraft his document adding the extra material and send it to Atty. Gen. Stanley Mosk without resubmission to the supervisors.

Keaton was not present but his attorney, Robert W. Elliott, said he was willing to be bound by the attorney general's opinion.

Discussion brought out that Keaton's present system of assigning mortuary business is considered equible, but Andresen stressed that he felt the system had not been thought fair in the past, and it might not be in the future.

This point led, by agreement, to inclusion of a question, suggested by Elliott; If future assignments were to become inequitable, would this change the attorney general's view as to whether there is inherent conflict of interest in the situation?

Also included, at Behr's insistence, was the information that Keaton had previously, as now, had interest in two Marin County mortuaries.

Behr lost out on a suggestion that the letter include a statement of Keaton's fees for the past three years, and the salary he will get from Jan. 1.

The other major matter was a question as to the effect of a resolution passed by the supervisors last Feb. 5, when they put the job on salary (in a range from $735 to $846) establishing policy that the coroner - public administrator should not handle coroner cases in a private mortuary in which he had direct or indirect financial interest.

Though both attorneys finally accepted the facts as approved by the board.

SAME EVENT—32 YEARS APART

Father Delivers Son In Car Just Like His Father Did Before Him

DALLAS (UPI)—Lee R. Taylor delivered his baby son today in the back seat of his car. Thirty-two years ago, Taylor was born in the back seat of his father's car in Detroit, Mich.

The one-month premature son weighed six pounds, four ounces.

"I wrapped him in my trenchcoat and drove off with one hand," Taylor said.

"My wife was doing fine," he said. "She just relaxed, and asked about the baby."

Taylor surprised a policeman giving a motorist a ticket and asked for aid.

The two-car caravan sped to St. Paul's Hospital at 85 miles an hour.

Taylor was born June 12, 1930, in the back seat of a 1928 touring car on Jefferson Boulevard, in Detroit.

"It was the same circumstances," Taylor said. "My father delivered me, then stopped an officer giving a ticket to help him get us to the hospital."

Taylor and his wife, Francesca, 23, also have a 6-year-old son, Lorry.

The new son was named Mark Allen.

Grader, Clausen Top List In Congress Race

By CHAPIN A. DAY

William F. Grader of Fort Bragg, Democrat, and Donald H. Clausen of Crescent City, Republican, emerged from the weekend's political endorsing sessions as the leading candidates for the vacant First Congressional District seat in Washington.

But it also became apparent their names would not appear alone on the special election ballot Jan. 22.

Grader won endorsement of the Democratic District Caucus, meeting in Santa Rosa.

Clausen won unanimous recommendation for endorsement at next weekend's Republican endorsing convention in Ukiah from the party's executive committee, meeting in Eureka.

Additional candidates appeared in both parties.

Theodore A. Watkins, Mendocino tax consultant and rancher who ran for the office both in 1956 and 1958, receiving about 18,000 votes each time, announced he would file as a Democrat without party endorsement.

Sal Burke, long-time secretary of the Humboldt-Del Norte Teamsters Union, appeared before the Republican committee and declared himself "very serious" about running. Although he was quoted in a Eureka newspaper as saying he would run without endorsement, Burke told the Independent-Journal today he has not

SIR BAGBY STARTS IN TODAY'S I-J

Sir Bagby carries on a knightly quest in a dank jungle on the comic page of today's Independent-Journal.

The whimsical knight of old (often with very modern problems, becomes a member of the I-J's "comic family" today.

He is the product of two Sausalito brothers, Rick and Bill Hackney, artist and writer.

Meet Sir Bagby—today on page 32.

Silva, Pozzi Recalls Filed

Recall charges against Novato Mayor M. E. Silva and City Councilman Everett Pozzi were filed at 11:35 a.m. today with the Novato city clerk by Alfred W. Bowman.

Bowman already had filed recall charges against Councilman John Angeloni. The action stems from the council's decision to favor a Highway 101 freeway on the present route through the center of the city.

Silva and Pozzi have seven days to formally answer Bowman's charges before the legal publication and circulation of recall petitions.

U.S. Reported Hunting Red Sub Missiles

BALTIMORE, Md. (AP)—United States interest in the waters around Cuba involves a Soviet underseas missile called Golem 2, a Baltimore newspaper columnist wrote today.

"The swift and rapid expansion of facilities in and around Banes Harbor means that the United States faces a long-term, stepped-up program of searching the ocean floors off both the East and West coasts," wrote William J. Perkinson.

He is metropolitan editor of the Baltimore Evening Sun and a specialist in missile reporting.

He said in a column in the Baltimore Sun that U.S. anti-submarine forces will have to continue checks to make certain Golem 2 type missiles have not been planted in positions where they could be used for sudden sneak attacks after the land-based rockets are removed from Cuba.

Perkinson said Golem 2 is a nuclear-tipped rocket designed to be towed in canisters behind submarines. They can be launched from either the depths of the sea or floor of the ocean by remote signal.

Father Of Four Drowns While Boating In Bay

George Edgar Barnes, 42, of 108 California Avenue, San Rafael, apparently drowned Saturday about a mile off Paradise Cay when his nine-foot boat overturned, the Marin sheriff's office reported yesterday.

A Coast Guard cutter and helicopter arrived at the scene 15 minutes after Mr. and Mrs. Richard Shuttes of 4150 Paradise Drive Tiburon, saw Barnes vanish under the waves at about 9 a.m. while trying to swim for Paradise Cay.

Coastguardsmen continued the search for some time but found only the boat, containing a fishing pole and reel, said Deputies William McKillop and William Johansen.

Barnes was opposing the tide in trying to swim to Paradise Cay, said Shuttes, who witnessed the tragedy with binoculars. He was some distance from his overturned boat as the tide swept him toward the Navy Net Depot.

Barnes appeared to have cast off a lifejacket while in the water, Shuttes told deputies. Suddenly he was seen no more. Barnes was identified through registration of his small, home-made boat, deputies said.

They checked with Mrs. Barnes, who said her husband never returned to his car, found parked ner San Quentin.

Barnes, a carpenter, lived in Marin County more than 20 years. He was a native of Oakland.

He is survived by his wife and four sons, Michael, 19, stationed with the Navy in San Diego; David, 6, Terry and Timothy, 5-year-old twins, of the family home, and two brothers, Jack Barnes of Santa Venetia and William Barnes of San Rafael.

Funeral arrangements are pending.

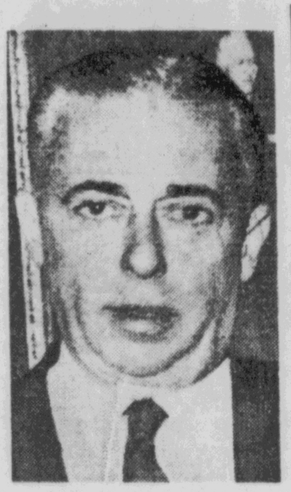
WORLD NEWS IN BRIEF

Another Victory For de Gaulle

PARIS (UPI)—President Charles de Gaulle, easy winner in France's general election struggle, has decided to ask Premier Georges Pompidou to form a new government, authoritative government sources said today.

De Gaulle's victory in yesterday's National Assembly election made his Union of the New Republic the nation's largest political party—a position that had been held by the Communist Party since World War II. The Communists slid into second place.



DR. NILES BOHR
Nuclear physicist

Scientist Bohr Dies

COPENHAGEN, Denmark (AP) —Dr. Niels Bohr, one of the century's leading nuclear physicists, is dead at 77.

He was stricken by a heart attack yesterday, and dide in his Copenhagen home.

Bohr, an absent-minded professor admired by scholars for his inspiring influence, generally was ranked second only to the late Albert Einstein among physicists of the 20th Century.

"Our greatest living physicist has died," said Dr. Hans Bethe, who worked with Bohr on the development of the atomic bomb in the United States. Bethe of Ithaca, N.Y., said Bohr's death "leaves a void which nobody can fill."

Similar tributes came from Dr. Glenn T. Seaborg, chairman of the U.S. Atomic Energy Commission; Sir John Cockcraft, the leading British atomic scientist — Japanese Nobel Prize-winner Hideki Yukawa, and other leading scientists.

Bohr at the age of 28 pioneered exploration of the atom on problems that had puzzled many scientists.

Air Force Girl Enlists In Navy

DAYTON, Ohio (AP)—For all of her 18 years, Pauline McDoel has been in an Air Force family. Now she's joined the service—the Navy.

Her father, Capt. Joseph F. McDoel, swore her in. He says: "I think it's a wonderful thing. It'll be good for her."

Pauline, explaining her choice, says: "The Waves have a better medical training program."

Her mother, offering a slightly different theory, says: "The Waves have prettier uniforms."

This Young Fellow Knew His Pappy

AUBURN, Ala. (AP) — When Bill Alge of Charleston, S. C., was graduated with an engineering degree from Auburn University, his son, Tommy, 4, was asked to point him out from the audience.

"There he is," he responded brightly. "Right up younder in the square hat and house coat."

'Sky Shelters'

OAKLAND (AP) — Fallout "shelters in the sky" are being designated in Oakland buildings.

Although such high-up shelters offer no protection from blast, officials say the protection of walls and floors of a tall building can be just as effective a radiation shield as dirt or basements.

William Ward Jr., state disaster director for 14 San Francisco Bay area counties, said "As long as you stay away from windows, are not in direct line of sight of any spot on the ground or nearby roof where redioactive debris is collecting, you're getting some protection."

Prince Leaves

SAN FRANCISCO (AP)—Prince Philip of England is on his way to Australia after a week's stay in the San Francisco area.

Queen Elizabeth's husband left last night to attend the British Empire and Commonwealth Games opening in Perth Nov. 22. He spent Friday and Saturday at a private home on the Russian River.

Brown Back At Desk

SACRAMENTO (AP)—Gov. Edmund G. Brown is back at his desk after a week's post-election vacation in Palm Springs, a stack of office routine confronting him.

He said as he left the Southern California vacation resort yesterday that he plans some changes in administration personnel but he did not name them.

Bulgaria Takeover?

VIENNA (UPI) — Bulgarian Communist Party leader Tudor Zhivkov, who purged his Stalinist rivals earlier this month, was expected to follow up by assuming the nation's premiership during the new national assembly session beginning today.

Such a move would cast Zhivkov in the mould of such strong men as Russia's Nikita Khrushchev and Hungary's Janos Kadar, both of whom are both premiers and party chairmen in their nations.

Prisoner Negotiations

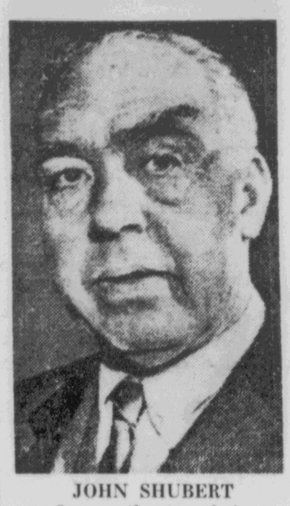
NEW YORK (UPI)—The Cuban crisis has not caused an end to negotiations for the release of 1,113 prisoners taken in last year's ill-fated invasion of the island, but further talks are being held up by red tape in Havana.

New York attorney James B. Donovan, who represents the Cuban family committee for the liberation of prisoners of war, said yesterday three members of the committee would fly here from Havana to confer with him on progress of the negotiations.

Truman Honored

BEVERLY HILLS (AP)—Former President Harry S. Truman presented Israel's Medallion of Valor to 11 Americans and received an Israeli award himself last night.

Truman was awarded the Israel War of Independence standard at a state of Israel bonds dinner.



JOHN SHUBERT
Owner theater chain

John Shubert Dies

NEW YORK (AP)—John Shubert's body has been returned to New York after his death in Florida, amid speculation today as to who will succeed him as head of the vast Shubert family theater chain.

The Shubert empire includes 24 theaters of the legitimate stage, among them 17 of the 33 on Broadway.

Shubert died of an apparent heart attack Saturday at 53 while aboard a train en route to Clearwater, Fla.

Shubert's death left only two other Shuberts still active in the business: John's first cousin, Lawrence Shubert and Lawrence's son, Larry S. Lawrence Jr.

Caroline Calm

MIDDLEBURG, Va. (AP) — Caroline Kennedy was on her best behavior Sunday when she went to church with her parents. She stood at the right time, sat at the right time and knelt at the right time. She fidgeted hardly at all during the 50-minute Mass.

It is the first time she is known to have gone to church with both President and Mrs. John F. Kennedy.

She is almost 5 now, and her conduct was in sharp contrast to that of a Sunday two years ago when her father took her with him to church in Washington. Then she busied herself with such pastimes as climbing over a pew.

Rites For Mogul

MIAMI, Fla. (AP) — Private funeral services were planned here today for Arthur Vining Davis, 95, former board chairman of the Aluminum Company of America.

Davis, whose wealth was variously estimated at between 350 million and 500 million dollars, started his career in 1888 as a $60-a-month clerk.

Race Car Injuries

PHOENIX, Ariz. (AP) — Two persons were critically injured and 21 other persons hospitalized yesterday when a racing car driven by Elmer George crashed into a crowd of standing spectators.

The accident occurred on the 51st lap of the 100-mile finale of the big car season. A crowd of 12,010 filled the state fairground stands.

Deputies said George told them he lost control of the car when he hit the bumper of another car.

Living To Be 100

NEW YORK (UPI) — Geriatric experts believe that a life span of 100 years will not be uncommon by the end of the 20th century, according to Horizon Land Corp., a company which is planning communities for retirees.

Mededith Friend May Quit

OXFORD, Miss. (UPI) —Negro James H. Meredith plans to remain at the University of Mississippi, but a white freshman who aroused his classmates' animosity by befriending Meredith probably won't.

A. W. Willis, an attorney for the National Assn for the Advancement of Colored People and a friend of Meredith, said yesterday there was "absoutely nothing to rumors about Meredith . . . withdrawing from the university."

ROOMMATE'S VIEW

But Craig Knobles, a freshman student from Meridian, Miss., who found his room in disarray last Thursday after eating with Meredith in the student cafeteria, probably won't return, according to his roommate.

The roommate, William Temple of Washington, D. C., said he talked by telephone with the student's grandmother and guardian last night and quoted her as saying Knobles "probably" won't return to the school.

Temple also was among the group of six students who ate with Meredith.

'SLIGHTLY' AFRAID

Knobles left the campus immediately after the incident and said Friday night he was undecided about returning. He admitted to being "slightly" afraid of what might happen if he returned.

Another of the group, James Defibaugh of Gulfport, Miss., said the dinner with Meredith was planned "among us students."

"It is not true that it was planned by the NAACP or any faculty members," Defibaugh said. "He is human and I refuse to admit that any one or any group has any right to tell me what to do."

Defibaugh said he thinks Meredith will withstand the determined resistance of "Ole Miss" students to accept him.

"I think if pressures by the people of Mississippi are not too strong, he will stay," he said.

Peace Corps Jobs

If you want to join the Peace Corps, there are openings for volunteers in Guatemala, according to Don Brittsan, Marin County farm advisor. Applicants between the ages of 18 and 25 may inquire at the farm advisor's office, 738 A Street, San Rafael.

SEN. DENNIS CHAVEZ
Served since 1935

GOP's Miller Wants To Keep Job

WASHINGTON (AP) — Rep. William E. Miller of New York said today he wants to stay on the job as Republican national chairman in an effort to elect a GOP president in 1964.

Miller said he has surveyed and found good the Nov. 6 election results in which the Republicans made some significant gains in important governorships, picked up a net of two seats in the House and lost four in the Senate.

When Miller took office he said that if he found that he didn't have time for both the chairmanship and his duties as a member of the House, he would quit one of the jobs. He serves in the chairmanship without pay.

Miller said in an interview he believes he has demonstrated in the nearly two years he has held the party post that he has not stinted his work there or in Congress.

Sen. Dennis Chavez Dies At 74

WASHINGTON, (UPI) — The body of Sen. Dennis Chavez was to be returned to his native New Mexico today to lie in state in the capitol in Santa Fe.

The veteran democrat died yesterday of a heart attack brought on by cancer of the neck. He was 74.

Chavez was a liberal, particularly on civil rights matters. He was appointed to the Senate in 1935 to fill the unexpired term of Sen. Bronson Cutting, who had defeated him in 1934 at the polls. Chavez was elected in 1936 and never again lost an election.

An ardent supporter of the new frontier, Chavez stumped the southwest for President John F. Kennedy, particularly among Spanish-speaking people.

As chairman of the senate public works committee and of the appropriations subcommittee on defense expenditures, Chavez helped push through billions of dollars in federal outlays.

Chavez had a strong hand in New Mexico politics. He campaigned this year for democratic gubernatorial candidate Jack Campbell, who won the governorship from the Republicans.

But Campbell does not take office until Jan. 1, so Chavez' successor will be named by the republican incumbent, Gov. Edwin L. Mechem.

One possible choice to succeed Chavez is Dr. Jack Redman of Albuquerque, who made a strong but losing effort to unseat Rep. Joseph P. Montoya this fall. Others are oilman Robert O. Anderson, a close friend of the governor, and Lt. Gov. Tom Bolack.

RAFFERTY DECIDES ON GO-SLOW PLAN

SACRAMENTO (AP)—Dr. Max Rafferty has indicated a go-slow approach for his plans to lead California schools back to basics.

It would be unrealistic to attempt to achieve the millenium overnight," the newly-elected state superintendent of public instruction said in an interview here over the weekend.

"But I hope to make steady progress in moving California to first position as the state with the best quality and caliber of education. It isn't there now."

Rafferty said he will have no program to present to the legislature which convenes Jan. 7, because "the timing factor will make this impossible." He takes office the same day, succeeding Roy E. Simpson, who is retiring after 17 years in the top state school job.

"I hope to have an intelligent attitude and posture on every important education bill before the legislature," Rafferty said.

Rafferty declined to answer questions about proposals to increase state financial aid to schools. He said Gov. Brown had made a "legitimate" request that he hold off until after their scheduled conference on that subject next Monday.

In a speech to the Small School Boards Assn. on Saturday he outlined seven points to be stressed under his administration:

1. Judge teachers on success in teaching subjects, not life adjustment.
2. Supply local school boards with guide lines for adding more supervisors, such as associate superintendents.
3. Stress phonics in learning to read.
4. Teach about "great heroes" of American history from the first grade on.
5. Compile a list of children's classics and urged schools to put them in their libraries.
6. Recommend abandonment of group psychological tests, particularly the Princeton Testing Bureau's S.T.E.P. series and the Science Research Association's Interest Inventory tests.
7. Encourage voluntary unification of school districts.

The first presidential veto was disapproval by George Washington of the first Congressional apportionment act based on the first U.S. census in 1790.

WEATHER PICTURE FOR 30 DAYS

These maps, based on those supplied by the United States Weather Bureau, forecast the probable precipitation and temperatures around the country for the next 30 days. They show the Bay Area should have below normal rainfall and near normal temperatures.

Resignation Due In Corte Madera

Resignation of Raymond L. De Young from the Corte Madera Town Council will be considered at the council's meeting tonight.

His letter asking to be relieved of duties effective Dec. 3 is the final item on a two-page agenda. The meeting will begin at 7:30 p.m. in the town hall.

De Young said new, heavier duties as an executive of the California Compensation Insurance Fund prevent his continuing on the council.

Two matters involving the Madera Village Motel beside Highway 101 are Items 21 and 22.

First is an appeal by the builders, Karp Brothers of San Francisco, of planning commission rejection of a new parking plan.

Second is a planning commission recommendation that the town prosecute the Karps on a charge of subdivision violation. Town Manager Arthur H. Brandow and others have charged such a violation.

An ordinance introduced Nov. 5 to amend the building code to require shatterproof glass in sliding glass doors and partitions in new homes will be discussed. Also to be discussed will be the new nuisace ordinance introduced Nov. 5.

Brandow will report on site selection for a new Corte Madera postoffice.

RAYMOND L. DE YOUNG
Resignation submitted

Interest Unusual

CHATTANOOGA (AP)—County Patrolman Roy Braley had more than an average interest in the investigation of a $70 grocery holdup. The victim, Mrs. Lula Braley, is his mother.

Burn Victim's Death Is Linked To Pills

John Franklin Sitton, 33, machinist, who suffered severe face injuries in an explosion 22 months ago, was found dead at his home at 239 Frustuck Road, San Anselmo, yesterday, victim of what the coroner termed an overdose of sleeping pills.

Death from the pills was indicated by an autopsy, said Coroner Frank J. Keaton. Sitton's body was found on the kitchen floor. Three empty bottles which had contained sleeping pills were found on the edge of the bathroom basin, Keaton said.

Sitton's wife Lois said her husband had had about 25 operations since a gasoline tank exploded in his face while he was using a welding torch at a service station near California Park Overpass in January, 1961. She said he faced a possible 25 more operations.

Sitton discussed future surgery Saturday night in a depressed manner, she said. She said she went to bed about 3 a.m. yesterday and when she awoke at 8:45 a.m. she found him dead on the floor.

Besides his wife Sitton leaves seven children, Carolyn, 15, John, 14, Mary, 12, Joan, 10, Denise, 7, Jay, 6, and Steven, 5; his father, Theodore F. Sitton of Oklahoma; and his sister, Mrs. Darlene Wetherbe of Salem, Ore.

Funeral arrangements are pending at Keaton's Mortuary, San Rafael.

Jail Death Ends Long Crime Life

Louis Edward Videl, 51, with a record of jail and prison terms up and down the state since 1938, finished his latest Marin County Jail term one week early late yesterday — by dying.

Videl, due to be released next Sunday at the end of a four-month term for disturbing the peace, drunkenness and resisting arrest, collapsed at about 3:30 p.m. A fellow prisoner reported he apparently had a heart attack.

He was taken to San Rafael General Hospital about 4 p.m. He died 45 minutes later.

Sheriff's records showed Videl first was arrested on suspicion of burglary in 1938, went to San Quentin Prison for manslaughter in 1941 and was returned to the prison in 1943 as a parole violator after conviction of forgery in Los Angeles County. Deputies said he was born in Texas and had no known relatives in the Bay Area.

He's His Own Best Customer

MONTCLAIR, N.J. (AP)—Larry D. Murray operates an antique shop in which his most favored treasures are not for sale.

He's putting many of his 20,000 items aside to form a free museum of Americana, in which nothing will be sold unless there is a duplicate.

"We have so many nice things; we just decided to show them," he explains.

MONEY STOLEN

Thieves Have Busy Time As Church Choirs Sing

At least one of the 10 Commandments was broken in two Marin churches while their choirs were singing yesterday, police reported. Sneak thieves took nine purses and a billfold containing a total of nearly $200.

Between 11:15 a.m. and 12:15 p.m. at Westminster Presbyterian Church, Tiburon, purses of four women and the billfold of one man were taken from the bible reading room. Loss was $124 plus valuable papers. Victims were Nancy F. White, 121 Avenila Mel Flores, Tiburon; Maribelle K. Iverson, 113 Blakefield Drive, Strawberry; Florabel Walker, wife of Pastor George F. Walker, 267 Richardson Drive, Strawberry; Mrs. Walter E. Hindes, 43 Mercury Avenue, Tiburon; and Charles A. Black, 5 McAnnan Court, Tiburon.

Between 11 and 11:30 a.m. at the Methodist Church of San Rafael, 9 Ross Valley, purses of four women containing at least $70 were taken from the choir room behind the altar. Victims were Joy Kent Winters, 145 Via La Combre, Greenbrae; Viola G. Ullom, 183 The Alameda, San Anselmo; Avis Irene Kennedy, 199 Canal Street, San Rafael; and Karen Frances Koeble, 32 Strawberry Circle, Mill Valley.

Flustered Father Gets Mixed Up

PHOENIX, Ariz. (AP) — Mrs. Dalphine Bailey, a nurse at the Williams Air Force Base hospital, received an emergency call from a prospective father.

During the conversation, Mrs. Bailey asked, "Is this her first baby?"

"Oh no," the caller replied, "This is her husband."

Storm Tears Down All Power Lines

SAN JOSE, Ill. (AP)—A group of boys wanted to preserve specimens of a July hailstorm the size of baseballs and put them in a refrigerator.

But they were unable to do so. The storm tore down power lines and the refrigerator stopped.

County Must Pay For Lost Chickens

RICHMOND, Va. (AP) — Atty. Gen. Robert Y. Button says compensation may be paid by a county board of supervisors to a chicken owner who lost 399 birds, suffocated when they were frightened by a dog and piled up into a big bunch.

State law provides that the owner of poultry or livestock killed or injured by a dog, not his own, is entitled to reasonable compensation from his county.

BRACED UP AND ROLLING

Spotty, a two-year-old terrier belonging to Mary Helen Roberts, 7, fell about 40 feet while climbing a mountain on a family outing. No bones were broken, but the dog's hind quarters were paralyzed. Spotty now gets around with the help of this wheeled brace. (AP Wirephoto)

Santa Venetia Medical Center Zoning Granted

Despite the protests of nearly 30 Santa Venetia homeowners, the Marin County Planning Commission today approved rezoning to allow construction of a medical center on North San Pedro Road near the Civic Center.

George Tuttle of 48 Cushing Avenue, Santa Venetia, representing Northbridge Hownowners' Assn., called the proposed use the "key to the development of the area." He said it was "contrary to the single-family residential character recommended by the master plan."

The original request for a zoning change for about three acres from suburban agricultural to limited agricultural was reduced to a change for only a 150-by-150-foot portion next to the proposed Jewish Community Center. David Rosenberg and Rose Paul applied for the change.

"A year from now they will want to put in a dental building on the remaining property, and the changes will never end," said Tuttle.

Planning Commissioner Edward K. Wachsman moved for approval, telling protestants that the "planned use may be more attractive than many of the institutional uses there now." The area already includes a church and schools, and permission has been granted for a convalescent home.

The zoning alteration was approved with Commissioner Felix M. Warburg dissenting. "I don't consider an administrative-professional use the same thing as hospitals, churches or schools," he said.

Action on a use permit for the medical center was postponed until Dec. 3 to allow the planning staff and applicants to set up restrictive conditions. Opponents of the center expressed concern about possible inclusion of a pharmacy and laboratory.

COUNCIL

Continued from page 1

Councilman Charles W. Aby said today:

"I think we can build a city hall without any bond issue. I have thought so all along. We can wring enough out of our capital improvements in two years, and possibly build the firehouse the third year."

Aby for some time has been urging action to acquire the site. City Manager Andersen has been in preliminary negotiation with property owners.

Councilman David Menary Jr. said he did not have his mind definitely made up but "would like to avoid a bond issue if possible." He agreed with Jensen, however, that the city should not commit its entire resources on the city hall project, "leaving the cubboard bare" in case other improvements are needed."

(The city has about $453,000 in surplus funds not earmarked for any purpose. Sale of surplus city-owned property, including the present city hall, is expected to raise about three-quarters of a million.)

Menary agreed that the site purchase should be carried out at once.

Mayor McInnis declined to commit himself in advance of tonight's meeting regarding whether he would favor putting a bond issue before the voters. He has been pressing for site purchase for some time.

If bonds are sought, the issue would go on the ballot next April—at the same election at which Mayor McInnis, Aby and Jensen likely will be candidates for re-election.

Carpenter Jailed Twice In 3 Days

Mill Valley carpenter George Kotch, 54, of 23 Montford Avenue was back in jail again today, his second arrest in three days.

Mill Valley police booked him last night after he had been reported "hammering and kicking on the door" at 290 Miller Avenue, the home of Pete Madden, who runs Faber's Restaurant. Suspected of disturbing the peace, Kotch was jailed in lieu of $105 bail.

Last Friday, Mill Valley police jailed Kotch for allegedly beating a waitress at Faber's Restaurant. On this incident, he was freed on $105 bail and was scheduled to appear in Marin Municipal Court Wednesday afternoon.

28 Learn Glass Blowing Art

PENNS GROVE, N. J. (AP)—Twenty-eight young people are learning the art of glass blowing at the Salem Conty Vocational-Technical Institute.

The only other classes in in Tokyo, Japan and Ilmeneau, East Germany.

There are fewer than 900 glass blowers in the United States.

Woman Treated After Breathing Stove Gas

Mrs. Mary Dundas of Mill Valley was reported in "satisfactory condition" at Ross General Hospital today after being taken there last night when it was reported she breathed gas fumes from an unlit burner of the kitchen stove at her apartment at 79 Buena Vista Avenue.

Mill Valley police and firement were called to the Dundas apartment at 8:43 p.m.

Television Stolen

William S. Callister of 303 Richardson Court, Mill Valley, reported to the sheriff's office that a television set was stolen from his car, parked outside his home, last night.

Carpenters' Union Marks 80th Birthday

About 460 persons heard C. R. Bartalini, president of the California State Council and secretary of the Bay Counties District Council of Carpenters, address the 80th birthday celebration banquet of Marin County's Local 35 of the Brotherhood of Carpenters and Joiners Saturday night.

The union local is the 10th oldest in the country and second oldest in the state.

Charles Sandstrom was given a 50-year membership pin and Wesley V. Moore received a 45-year pin.

Twenty-five year membership pins were awarded to: Milo T. Andrews, Morris Bernstein, Carl S. Boe, Louis Capella, Thomas Chalmers, Wayne W. Coen, Floyd Edwards, Charles O. Ekstrom, Casper A. Fogler, Edwin Ford, Harry D. Franzell, James Giacomazzi, Anton Gianoli, James E. Gleeson, Raymond Goodness, Martin Grab, Edmond W. Griffin, George Jadin, Josias Joos, Sidney R. Koalkin, Holdsworth Leard, Humbert Lucca, Harold McCormick, Carlo Magnetti, John Mani, Guido Mariani, Martin Medin, James J. Menke, L. L. Miller, A. C. Nelson, Thomas J. McNicholas, Gunnar Nordstrom, John Olson, Charles Pallavacini, Paul Puente, C. S. Rentz, Harry W. Reynolds, Axel E. Sahlin, W. F. Scovill, Jonathan M. Starkey, Roby E. Thomas, A. Thorson, Nance Watson, Robert O. Wheeler, Rupert A. Yeakey, Julius Howath and Alfred Olson.

Assorted Belongings Abandoned At Beach

An assortment of personal items plus three books were found abandoned near McNear's Beach last night, Deputy Sheriff John O. Goff reported.

He was on patrol at the end of a dirt road near the beach about 7:30 p.m. when he came upon a kite, croquet holder, suitcase, coat hangers, record player, a meat slicer, and three books: "Principles of Business Law," "The Power of Positive Thinking," and "Learn to Ski."

viewing hour in many American homes, would provide a forum for any announcement —such as a tightening of the U.S. quarantine to include fuel oil.

That step has figured in speculation throughout the controversy over removal of the Soviet warplanes, which Kennedy has included in the "offensive weapon" category.

The U.S. conviction that the plane question must be resolved quickly was presumably conveyed to the Russians yesterday by McCloy.

In Cuba, Kremlin troubleshooter Anastas I. Mikoyan, who held his last formal session with Cuban officials nearly two weeks ago, was still basking in Havana's tropical sun.

CUBAN JOKE

Cubans themselves were beginning to wonder why the Soviet first deputy premier was staying away from his Moscow duties long after his imminent departure was rumored.

A joke going the rounds in Havana is: Mikoyan is going to stay until it's springtime in Moscow.

The Cuban armed forces ministry decreed Cuban air space off-limits to all foreign commercial aircraft starting yesterday, unless flight plans are filed 24 hours ahead of departure time and receive approval of the Cuban government.

This presumably would not affect Mikoyan, who arrived in Havana Nov. 3 aboard a special Russian IL-18 airliner from Moscow to discuss Soviet-Cuban "differences." (See also story, page 9).

SPRING

Continued from page 1

plum and cherry, he said.

But even walnut and pears need rest. "If this keeps up, I don't know," he said.

Nurserymen in the county report that many ornamental plants are being ornamental at the wrong time. Rhododendrons, azaleas, some magnolias and flowering crabapples are starting to bloom.

"The whole thing is real confusing," Dan Danley, one of the owners of Dan's Greenery, 250 Almonte Boulevard, Mill Valley, said.

However, he reported that it has done nothing to hurt business. And Karl Untermann, owner of the West End Nursery, 1938 Fifth Avenue, San Rafael, said he thought the mild fall had been good for business.

"It's been a long planting season," he said.

Teen Club Council Nominations Made

Nominees for the teen club council of the Mill Valley Teen Club were announced today by Greg Cory, council president.

They are: Patti Creighton, Lynn Kopan, Terri Varney and Debby Danford, all freshmen; Ken Clark, Ted Carrillo, Bruce Crawford, Shelly Smith, Patti Burke and Debby Nelson, sophomores; Linda Allroggen, Ronnie Gelardi, John Hammond, Gail Harrington, Jill Rutledge, Chris Schuepbach Stephanie Wickham, juniors. Seniors expected to carry over on the council are Tony Houston, Carol Bennett and Cory. Election is to be held Dec. 7.

Richardson Bay Master Plan Altered

The Richardson Bay Master Plan was amended today by the Marin County Planning Commission as a step toward "realistic establishment" of the Saucelito Canal assessment district.

Action on the plan followed a decision by the board of supervisors last month to submit the entire plan for new studies.

"Nothing has happened in Richardson Bay, and it is the fault of the master plan," said staff planner Sidney Shaw. At the suggestion of Shaw and Planning Director B. D. Dobbs, the commission deleted pierhead and bulkhead lines in the plan.

Attorney Hugh Allen, representing Richardson Bay property owners, said the lines were "unrealistic" and would create rigid dredging and fill operations which many land owners consider "unattractive."

"I've come to the conclusion that an assessment district is the only solution," said Allen. "We must have it, and we can't get 60 per cent of the property owners to sign up with existing bulkhead lines which inhibit development."

Allen said he expects a report from the Army Corps of Engineers soon on the potential development of the canal and bay waterfront. "Your action today is a great step forward," he told the commission.

The commission agreed to keep hearings open for new studies of a plan for the bay.

"The bay should have a pleasing shoreline and water area," said Dobbs, "for it is a point of entry to the developed area of the county." He said his staff would begin new studies at once.

F10 Jet Crashes In Mendocino Co.

An Air Defense Command F-102 Delta Dagger crashed near Mill Airport in Mendocino County shortly before 11 a.m. today. It has not yet been determined if the pilot ejected.

Rescue aircraft from Hamilton Air Force Base were en route to the crash scene.

The F-102 is assigned to the 82nd Fighter Interceptor Squadron at Travis Air Force Base. It was on a routine training flight.

Car Stolen, Found Wrecked On Highway

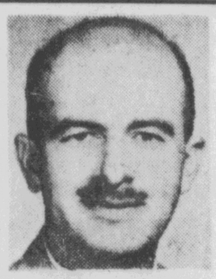
John Kobil reported to Mill Valley police Saturday that someone had stolen a 1956 Chevrolet station wagon from his used car lot, Kobil's Motors, at 505 Miller Avenue.

Later that day the California Highway Patrol found the vehicle on Highway 101 near Richardson Bay Bridge, undriveable, with the front end damaged.

Scooter Rider Spills While Making U-Turn

Joseph Immel, 18, of 1725 Lincoln Avenue, San Rafael, was treated for scraped knees at San Rafael General Hospital yesterday when he fell off a motor scooter at 5 p.m.

Immel fell off when the scooter skidded making a turn at Mission and Grand avenues, San Rafael, and hit a parked car.



Nerves Produce Variety Of Ills
by Dr. Robert W. Pearce

Too many of us have been told, your trouble is nerves, just nerves.

Nervousness is not unusual. But it should not be dismissed lightly. More and more doctors are coming to the conclusion that nervous tension is the result of a chemical imbalance in the body.

Nerves can cause an upset stomach, pains in the chest, legs and other parts of the body. What causes these pains and the chemical imbalance in the body?

Your spine consists of 24 bone segments. These bones sit on top of each other. They have a hole in the center and through this hole passes your spinal cord and the nerves to all parts of your body.

A fall, a sudden twist or even poor posture may move one of these spinal segments of vertebrae slightly out of line. Nerves become pinched when this happens and a chemical imbalance can result. You begin to feel irritable and have pains and eventually break down in health.

Chiropractors use X-ray and other scientific instruments to determine whether your nervous tension is caused by a misaligned spine. They are well-trained to correct such defects and help restore your health.

Dr. R. W. Pearce, D.C., practices the Palmer Method. His office is at 1628 Fifth Ave., San Rafael, GL 3-6201 (Adv.)

STOCKS TODAY

NEW YORK —The stock market sagged late today and closed lower as trading slackened.

IBM was off 6 points while losses of a point or more were taken by a number of key stocks.

The list was higher at the start when it plugged away in a continuation of a three-week rally. The advance lost what steam it had, however, and prices turned mixed in the afternoon.

With nothing to rally the market and a holiday coming up this week, profits were taken increasingly and prices faded.

Volume was estimated at 3:6 million shares compared with 4 million Friday.

(The following closing prices of representative New York stocks supplied by Irving Lundborg and Co., San Rafael, member N.Y. Stock Exchange.)

Bredahl Trial For Car Assault Set For Dec. 4

Jerald A. Bredahl, 30, Fairfax service station operator accused of trying to run down his wife and two police officers with a car last July, will face a jury trial on Dec. 4.

Judge Thomas F. Keating this morning set the case for a four-day trial in Marin Superior Court. The charge is assault with a deadly weapon—a station wagon.

Fairfax police said Bredahl went berserk on July 17 and tried to run over his wife and Sgt. Charles Grasso and Officer Lee Perry. Officers fired at the car. One of the bullets struck Bredahl near the left ear.

The Marin County Grand Jury cleared the two officers of any wrongdoing and indicted Bredahl on a felony assault charge.

Unclaimed Bikes Sold

Mill Valley police held a bicycle auction Saturday. Seventeen unclaimed cycles were auctioned for a total of $244, which has been turned over to the city's general fund, according to Police Chief Dan Terzich.

OBITUARIES

Charles J. Figone Dies At 61

Charles J. Figone, 61, of San Rafael, owner of a San Francisco meat packing and processing firm, died yesterday in a local hospital after a short illness.

Figone, a native of San Francisco, moved to 32 Loma Linda Drilve about a year ago. He was the owner of the firm, C. J. Figone and Son, and had lived in San Francisco before coming to Marin County.

He is survived by his wife, Rose, of San Rafael; a son, Charles Figone Jr. of Larkspur; two sisters, Mrs. Ella Taverna and Mrs. Della Varacchi of San Francisco, and two grandchildren.

Funeral arrangements are pending at Carew and English, Masonic at Golden Gate Avenue, San Francisco.

Oakland Woman Dies Of Gunshot

SAN FRANCISCO (UPI)—Geraldine Frances Adams, 30, of Oakland apparently shot herself to death early today following a night out, police said.

Huey Glynn, 44, of Oakland told police he and Miss Adams returned to their apartment about 1:45 a.m. after visiting several taverns.

Glynn said he went to bed and was aroused when Miss Adams came into the bedroom with his .38 caliber revolver and said, "Let's play Russian roulette."

He said he grabbed the weapon, put it on a table in another room and returned to bed. He was awakened later by a shot, and found Miss Adams dead with a bullet in her chest.

New Slant On Sundials

LOUISVILLE, Ky. (AP)—Two Louisville men have come up with a novel sundial that resembles a basketball. Paul Snider and Hearl Jones have applied for a patent.

The device is an eight-inch sphere with two narrow slots exactly opposite each other. The axis points directly north-south and the slots are vertical at that plane.

When the sphere is turned so that the sun's rays shine through both slots at the same time, an indicator on the metered face points to the time of day.

Motorcycle Stolen

Theft of a 1937 purple Harley-Davidson motorcycle was reported to police today by Calvin Ferris of 98 Ridge Avenue, San Rafael. Ferris said the theft occurred sometime last night. The cover of the motorcycle parked at his residence had been cut.

EDWARD J. ANSTETT

Funeral services will be held tomorrow for Edward J. Anstett, 81, of Oakland, brother of Mrs. Florence H. Prichard of Mill Valley.

Anstett, who died in Oakland Saturday after a long illness, was head of the San Francisco Chronicle's engraving department for more than 20 years. He retired in the late 1940s.

He is survived by two sisters, Mrs. Prichard and Gertrude E. Donohue of Oakland.

Funeral services will be held at Grant Miller Mortuaries, 2850 Telegraph Avenue, Oakland, at 8 p.m.

EFFIE GRAF

Mrs. Effie Graf, 64, mother of Mrs. Robert Stott of 77 Alta Vista Avenue, Mill Valley, died Saturday in a San Francisco hospital after a long illness. Mrs. Graf was a San Franciscan.

Funeral services will be held at 3 p.m. tomorrow at Ashley and McMullen Mortuary, San Francisco.

DIVORCES ASKED

AUTRY—Margaret vs. William E., cruelty.

BIEDRON—Mildred vs. Daniel E., cruelty.

DEATHS

SCHWARTZ—In Kentfield, Nov. 16, 1962, Evelyn Bahrenfelt Schwartz beloved wife of Edward Schwartz, loving sister of Jennie Bahrenfelt of St. Louis, Mo.; loving aunt of Earl Edwards and Shirley Kirby of Merced, beloved sister-in-law of Hannah Greenfield of San Anselmo, Reva Herring of Larkspur, Alice Thompson of Novato, June Dyer of San Francisco, Harriet Bowman of Hayward and the late Selma Fox. A native of St. Louis, Missouri.

Private services were held under the direction of the Harry M. Williams Mortuary, San Rafael. Memorial contributions may be made to your favorite charity. (11/19)

CARD OF THANKS

WE WISH TO EXPRESS OUR THANKS for the kindnesses shown to us in our bereavement.

Hub Zoning Final Hearing Is Slated

The San Anselmo Planning Commission will hold tonight what it hopes will be the final hearing on the city's new zoning ordinance before the document is forwarded to the city council.

Principal changes from the existing ordinance are more zone classifications and increased parking requirements. No attempt has been made to change present zoning boundaries, the new zones being applied according to existing classifications.

The existing ordinance contains only one commercial zone, but the new one provides for neighborhood and downtown commercial classifications.

A fourth residential zone provides for multiple dwellings of more than four units. Use permits are now required for larger apartment buildings.

Parking requirements have been increased to two spaces for single family dwellings. For multiple dwellings the ordinance contains a parking space formula based on the number of bedrooms.

A planned development zone has also been included.

Chairman Charles R. Leitzell said he expects no controversy over the ordinance, since most differences have been worked out in previous hearings. He said the ordinance probably will not take effect for two or three months, however, assuming that the city council adopts it.

Single-Parent Family

Mrs. Joe Eggenberger, director of San Rafael Nursery Schools, will discuss holiday planning for the single-parent family at a meeting of the Marin Chapter of Parents Without Partners at 8 p.m., Nov. 29, at the Adaline E. Kent School in Kentfield.

Allnatt Auto Club Head

John B. Allnatt of 109 Carlotta Circle, Mill Valley, has been named district manager of the National Automobile Club for Marin and Sonoma counties, it was announced today by Bert Stewart, state general manager. Allnatt is a former travel agency executive.

Alexander Graham Bell was a Scotsman who went to Boston to teach and lecture in the Boston Day School for the Deaf.

SAVE 30¢ on fresh fruit or vegetables!

MIRACLE WHIP IS MADE WITH LIQUID VEGETABLE OIL. HIGH IN POLY-UNSATURATES.

LIONS CAN'T TALK BACK

It's safe for Billy Hopkins, 3, of Rolling Meadows, Ill., as he looks into the mouths of lions. They're just ornaments removed from the old Heart Building in Chicago during remodeling to house county offices and courts. The lions don't fit in with the new decor. (AP Wirephoto)

Berlin Army Commander Is Replaced

WASHINGTON (UPI) — The White House today announced a switch in command of the U.S. Berlin garrison.

It was described as "a normal change in military commands."

The present Berlin commander, Maj. Gen. Albert Watson II, was promoted to the grade of lieutenant general and will be made commanding general of the 3rd Army at Ft. McPherson, Ga.

He will be replaced in Berlin by Maj. Gen. James H. Polk, at present commanding general of the 4th Armored Division of the U.S. Army in Europe.

Gen. Watson, who has been U.S. commander in Berlin since May, 1961, has done an outstanding job in this assignment," a White House statement said.

Polk will be assigned to the Berlin garrison around Dec. 1.

As commanding general of the 3rd Army, Watson will succeed Lt. Gen. Thomas J. H. Trapnell, who is retiring.

Council Cautious On Revelations

VATICAN CITY (AP)—The Roman Catholic Ecumenical Council was urged today to treat a controversial theological thesis with "charity, clarity, simplicity and gentleness" in the interest of Christian unity.

A spokesman, reporting on the closed session in St. Peter's, added that many of today's speakers argued that the council's work "must mark progress and not regression, help and not impediment" in the Christian unity field.

Before the council was a thesis on the sources of divine revelation. It has divided the 2,200 council fathers since last Wednesday, and today's debate dramatically pointed up the importance many of the prelates attach to it for current efforts to bring Christian churches together.

The spokesman said several prelates again asked that the thesis—prepared by a commission headed by conservative Alfredo Cardinal Ottaviani, secretary of the powerful Congregation of the Holy Office—be rewritten.

Other speakers, the spokesman said, made a new suggestion: that further debate be postponed until the second phase of the council, starting in May. This suggestion indicated the council was nearing the point where it must decide what to do.

Roof Leaked Through Layers

LOCKPORT, N.Y. (AP)—Investigating a report that the roof of a shipping building was leaking, Bill Waldman, a maintenance man for a packaging corporation, climbed to the top of the building.

He was a little puzzled how a roof that cluttered could leak. On it he found a baseball, basketball, rubber ball, bus company money changer, portion of a red warning flasher, three flashlights, remains of a small savings bank, tin snips and some beer bottles.

Misfortunes Of Men

SYDNEY, Australia (AP) — Over a Sydney auto repair plant is this sign: "The House That Bumps Built."

'STALLED' MOTORIST ROBS HIS BENEFACTOR

LAS VEGAS, Nev. (AP)—J. F. Fields went shopping for a trailer Sunday.

Along the way he saw a car stalled and stopped to assist the motorist.

Fields gave him a push and started the car.

The man walked back to Fields' car, thanked him and whipped out a pistol.

He emptied Fields' wallet of $2,180—money

The man, about 30, ran back to his car and sped away.

High Court Agrees To Rule On 'Agency Shop' Decisions

WASHINGTON (UPI) — The Supreme Court agreed today to rule on two lower court decisions banning "agency shop" union agreements which require workers to contribute to collective bargaining cost but do not compel them to join the union.

At issue in the two appeals were "right to work" statutes in Indiana and Florida as well as a compromise interpretation of the Taft-Hartley Law.

About six out of every 100 existing collective bargaining agreements now contain the agency shop provision.

Accepted by the court today was an appeal from a decision handed down by the 6th Circuit Court of Appeals in the Indiana case last June 8. The National Labor Relations Board (NLRB), which has upheld the agency shop as valid, brought the appeal in this case.

The other ruling against the agency shop was made by the Florida Supreme Court on April 25, 1962. The appeal was brought by the Retail Clerks International Assn., Local 1625 (AFL-CIO).

In other actions today, the Supreme Court:

1. Agreed to look into the gradual desegregation plans for recreation facilities being pursued at Memphis, Tenn. Lower federal courts have refused to issue a permanent injunction that would force immediate desegregation of the city's parks and other public facilities.

2. Left standing a court order prohibiting the city of Jacksonville, Fla., from selling two municipal golf courses in order to keep them segregated.

3. Denied a hearing to three New Englanders convicted of fraud against the federal government in a Massachusetts highway land evaluation scandal. The three unsuccessful appelants were Charles H. Lawton Jr., of Pawtucket, R.I.; James S. O'Connell of Boston, and Francis L. Harney Jr. of Wellesley, Mass.

In the agency shop cases, the Supreme Court will hear arguments later this term, then hand down its decision.

Two other kinds of "shops" are common in labor language.

One is the "closed shop," where a worker has to be a union member even to get a job. The Taft-Hartley labor law makes it illegal for any collective bargaining agreement to contain such a clause.

The Taft-Hartley law does permit a "union shop" provision, under which an employe must sign up after a certain period of time or be fired. But states are permitted to outlaw the union shop and 19 have done so under right-to-work laws.

Unions want a union shop so that they can collect dues from all the workers for whom they bargain. The plan eliminates "free riders"—the employees who are not union members but still benefit from union-negotiated wage increases and other contract provisions.

Many employers, on the other hand, are reluctant to force their workers to join an organization or get out.

Crusade Certificate

Burton R. Kirchner, Marin United Crusade campaign chairman, will appear at the Board of Supervisors meeting at 11:30 a.m. tomorrow to present a certificate of appreciation to the Marin County Employees Assn. for a record $3,249 gift to the campaign.

NUCLEAR-POWERED SHIP ARRIVES IN BAY AREA

The N.S. Savannah, the world's first nuclear-powered merchant ship, moves into San Francisco Bay where it paid its first visit yesterday. The Savannah, en route from Seattle, will remain in San Francisco for a week before going on to Los Angeles. The 22,000-ton vessel was welcomed by hundreds, including Gov. Edmund G. Brown. The ship will be open to limited public tours (AP Wirephoto)

Resignations Peril Adenauer Regime

BONN (UPI)—The five Free Democratic Party (FDP) members of Chancellor Konrad Adenauer's coalition cabinet resigned today, threatening the government with collapse.

The party announced it was quitting Adenauer's government because the chancellor had refused to meet its demands to fire Defense Minister Franz Joseph Strauss. A short time later the party announced the resignation of the ministers.

A spokesman for Adenauer's Christian Democratic Party leaders to discuss the best course of action.

Adenauer now has eight seats too few for a majority in parliament. The CDU and FDP together had 309 seats, of which the FDP supplied 67. Without the FDP Adenauer can muster only 242 seats, eight less than the 250 seats he needs for a majority.

Leading CDU politicians said Adenauer will probably try to run a minority government and stick to his refusal to fire Strauss. This could not be confirmed immediately.

Such a move would be highly risky for Adenauer. His important legislation would be blocked, and observers said it might result in his own downfall.

REA Loans Provide Phone, Power Service

FRANKFORT, Ky. (AP) — The Rural Electrification Administration has granted loans of $214.3 million to electric consumers and $39.9 million for construction of telephone exchanges in Kentucky during its 27-year history.

During the current fiscal year, REA loans will bring electricity to 6,594 families and telephone service to 6,043 customers.

Jefferson Mansion

LOUISVILLE, Ky. (AP)—Farmington is a mansion designed by Thomas Jefferson. It was built in 1810 and was visited by John Adams Audubon and Abraham Lincoln. It is now a public shrine.

$3,500 BOAT DESTROYED BY FIRE, OWNER UNHURT

The $3,500, 19-foot cabin cruiser Seven Winds of Richard B. Carrigan of 20 Delwood Street, San Rafael, was destroyed by fire of undetermined origin yesterday afternoon off San Rafael near the San Rafael-Richmond Bridge, the Coast Guard reported.

Carrigan was rescued by a passing boat, the Allie Kat, Coast Guardsmen said.

The blaze broke out at about 12:25 p.m. By the time a cutter arrived at 1:45 p.m. the craft had burned to the water line and was termed a total loss.

Leading farm product of California is cotton.

There are more than 8,000 known varieties of roses.

Joseph E. Smith
Certified Acoustician

HOW MUCH IS A HEARING AIR WORTH?

A plain bar of iron is worth $5.00. This same bar, when made into horseshoes, is worth $10.50. If made into needles, it is worth $4,285. If turned into balance wheels for watches, its worth becomes $250,000. If used to make a tiny hearing aid part that helps restore hearing to the deaf, it is PRICELESS.

New Acousticon Hearing Aids start at $99.50. Feel free to phone me at GL 3-2841 or drop by my office, corner of 2nd & D Sts., San Rafael. Literature mailed on request.

Sausalito Police Jail 4 In Car Theft Case

Four persons were taken to Marin County jail yesterday after Sausaltio police found them driving a stolen car at 1:59 a.m. at Bridgeway and Napa Street.

Two other cars were reported stolen in Sausalito over the weekend, then recovered elsewhere in town.

Officers Ben Barrett and Herbert Smith apprehended a Petaluma girl, 17, driving a 1957 Volvo which had been reported stolen in Daly City. With her were Veronica Fenton, 18, of San Francisco; Clyde Robinson, 20, of Travis Air Force Base, and Bennett Beckman, 24, of San Francisco. They were jailed to be held for Daly City police.

Judith S. Graham of Waldo Point reported her 1960 MG stolen at 1 p.m. yesterday from the Bridgeway Inn parking lot, 621 Bridgeway. The car was recovered by police at Rose Court and Girard Street at 1:20 a.m. today by Barrett. An electric heater and flashlight were missing from it.

Sally Lacey told police Friday that her 1962 Sunbeam Alpine convertible was missing from in front of her house at 503 Main Street. It was recovered at 3:26 a.m., Saturday, at Harrison and Central Avenues, in running condition.

Just Taking Care Of His Mother

TUCSON, Ariz. (AP)—Mrs. T. E. Payne of Tucson was on an outing with her 12-year-old son Shawn when she nearly stepped on a rattlesnake.

Mrs. Payne backed away and then spotted a second snake to her rear. Then a third appeared. Mrs. Payne screamed.

Young Shawn calmly raised his single shot 12-gauge shotgun and blasted one of the reptiles. He reloaded and fired again. The third snake slipped away.

'Muscular Dystrophy' March Seeks $11,000

The "March on Muscular Dystrophy" in Marin County yesterday and Saturday is expected to net about $11,000 when the final totals are in by the end of this week, Mrs. Hans Hartmann, campaign chairman, said today.

Mrs. Hartmann said that she has received $6,600 today as a partial result of the weekend house to house drive by volunteers. A number of communities have not reported their totals today, Mrs. Hartmann said.

Trees Marked Farm

KNOB CREEK, Ky. (AP)—The 228-acre farm at Knob Creek where Abraham Lincoln lived from the age of 2 to 8 had a legal description with corners marked by two sugar trees, a dogwood and an ash tree, a beech tree, a "popular" tree, a white ash tree and a stake.

TWO WAYS TO LOOK AT IT

This airview of skaters and their shadows on the ice of a skating rink in New York's Central Park has the unusual effect of providing two pictures in one exposure. First look at the picture held horizontally; then turn it sideways. That's the long and the short of it. (AP Wirephoto)

Supervisors May Act On Center

Long-anticipated papers of acceptance of the new Civic Center administration building are expected to be put before Marin County supervisors by architect Aaron Green tomorrow.

He has made no formal guarantee nor did he take a set time on the official agenda. His appearance is expected to be during the afternoon. If matters firm up by then, County Administrator Alan Bruce hopes to lay down an approximate schedule for moving furniture and county departments into the building in a complex process likely to take almost to Christmas for completion.

MORNING SESSION

The supervisors' morning session, starting at 9 o'clock, will include a letter from the secretary of interior concerning prospects for the proposed international science center at the Naval Net Depot in Tiburon. It is understood no final decision has yet been made.

A letter from a former supervisor, James A. Marshall of Tomales, writing as president of the Marin Coast Chamber of Commerce, will ask the board's support in seeking federal survey of Tomales Bay as a possible port of refuge.

Afternoon proceedings starting at 1:30 o'clock will include consideration of negotiations between the Department of Public Works and the City of Fairfax concerning installation of a culvert on Bolinas Road at Deer Park Villa.

U.S. ARMY LETTER

A letter from U.S. Army Engineers concerning the flood control project on Corte Madera Creek, which the parks and recreation commission hopes to enlarge for recreational use, will be read.

The board is expected at last to adopt a policy statement for its medical department, continued from past meetings to 3:30 p.m. tomorrow. There will be hearings on three assessment districts: Park Hill, Del Miramar and Venetia Harbor.

Cuba's Grounding Of Planes Seen Freeing Its Radar

WASHINGTON (AP)—A primary reason behind the Cuban government's grounding of domestic aviation may be radar difficulty in detecting and tracking U.S. reconnaissance planes.

The planes were grounded yesterday, following Premier Fidel Castro's warning late last week that surveillance craft flying over Cuba will be destroyed.

Low and high flying American reconnaissance planes, keeping tab on former missile sites and other military developments, aroused Castro's ire.

Military radar for locating and tracing aircraft has been installed recently by the Russians for Cuba but there appears to be some question about its efficiency in its present form.

Military radar must be able to separate friendly or false targets from a true target. This requires considerable "sophistication" in the equipment and in the ability of crews to interpret radar signals.

The U.S. tactic of flying low level as well as high altitude reconnaissance missions has complicated Cuba's problem. Some planes fly in below the searching radar beams.

There were these other developments touching on the Cuban situation:

Rep. Bob Wilson of California, chairman of the Republican Congressional Campaign Committee, said the U.S. must encourage Cuban refugees to invade Cuba at some future date and drive communism out of the hemisphere.

In an article in the Communist party organ, Pravda, in Moscow, the Soviet Union defended its withdrawal of missiles from Cuba and accused Red China of siding with the imperialists.

A claim that withdrawal of Soviet missiles from Cuba has saved peace was described as "pure nonsense" by Peking People's Daily. The official Chinese organ charged that the "grave threat of U.S. aggression against Cuba persists" and that the Cuban crisis "is far from being over."

At Guantanamo Bay, the commander of the Marine ground forces guarding the big U.S. naval base in Cuba said it is highly defensible because Castro can not isolate it. Brig. Gen. William R. Collins said "if we control the seas around the base and the air, we control the base."

At Miami, Earl E. T. Smith, former U.S. ambassador to Cuba, said he doubted that the current Cuban crisis "can be resolved as long as we have Castro." But he no longer advocated invading the island as he did in 1960.

Couple Accused In Sabotage Ring Being Flown Out Of U.S. Today

NEW YORK (UPI) — A Cuban husband and wife diplomatic team accused of supplying a three-member sabotage ring with weapons will leave the United States this afternoon, it was announced today.

A spokesman for the U.S. Mission to the United Nations said Jose Gomez Abad, 21, and his wife, Elsa, 20, members of the permanent Cuban mission to the United Nations, will leave aboard an Aeronaves de Mexico flight.

Government legal experts said another Cuban, United Nations Attache Robert Santiesteban Casanova, 27, was the leader of the ring and would be brought to trial for espionage. Santiesteban was held in $250,000 bail.

He and two others, Jose Garcia Orellana, 42, and Atonnonio Suerio Cabreara, 22, were arrested by the FBI Saturday on espionage and conspiracy charges. The government said they planned to plant bombs in Manhattan department stores during the busy Christmas season and touch off fires at oil refineries in northern New Jersey.

2 Children Die In Apartment Fire

LOS ANGELES (AP) — Mrs. Mattei Felton, 26, mother of five, went into one of the children's bedrooms Sunday and saw 4-year-old Donald striking matches and the curtains in flames.

Failing to beat out the fire with a rug, she picked up the youngest, Eugene, 3 months, and told the four other children to follow her from the apartment.

Donald and Michele, 3, didn't. The heat was so intense Mrs. Felton couldn't return for them.

The children's bodies were found later in the bedroom. Firemen said they suffocated.

Half Amnesty For Due Books Offered

PHOENIX, Ariz. (AP) — The Phoenix public library has proclaimed "library amnesty month."

During that period, director W. R. Henderson said, borrowers who have delinquent books may return them and pay only half of the accumulated fine.

Lockheed's Big Aerospace System Faces Walkout By Machinists

BURBANK (AP)—A strike threatens the Lockheed Aircraft Co.'s sprawling aerospace system.

Members of the International Assn. of Machinists voted yesterday in favor of a walkout.

Main issue in the company-union dispute, which has gone all the way to the White House without settlement, is the union shop issue.

The union demands an election among Lockheed employees on the question of a union shop, which would require all workers to join the IAM. The company refuses.

At a mass meeting in Van Nuys, 8,000 to 10,000 IAM members voted by what a union spokesman said was a 3-1 margin authorizing a strike. The margin ranged up to 4-1 at all Lockheed plants, he said.

Vote figures were kept secret. The spokesman said: "They're never released." A 3-1 margin was necessary for a strike authorization.

Lockheed's facilities in California are at Burbank, Van Nuys, Santa Cruz, Sunnyvale, where the submarine-launched Polaris missile is manufactured, and Vandenberg Air Force Base.

A presidntial board recommended a union shop vote in the entire aerorspace industry. Three other California firms—Convair, Ryan Aeronaturical and North American Aviation—held such votes and their employees rejected the union shop.

The Pentagon said Friday it was studying alternate means of production if Lockheed should be struck. Lockheed board chairman Courtlandt S. Gross replied he believes a strike would involve only part of Lockheed's work force and he is confident the research, development, engineering and testing programs at Sunnyvale and Burbank can be maintained regardless.

At Sunnyvale, Gross said, the IAM has 5,700 members of 31,200 employees, at Burbank 10,000 of a work force of 24,000.

The union claims total membership of more than 20,000 Lockheed workers.

Traffic Officer Gets Parking Citation

BALTIMORE (AP)—In the lineup at Municipal Court, Traffic Division, waiting to pay for parking violations, one man stood out.

He was wearing the uniform of a Baltimore policeman, Traffic Division.

Trading Stamps Out?

NEW YORK (UPI)—Approximately 57 per cent of retailers canvassed recently believe trading stamps, currently being used by many companies to induce business, are on their way out.

Frightening Asthma Attacks End In Minutes As New Formula Unblocks Lung Passages Fast

New Medical Formula Restores Free Breathing Without Vaccines, Shots Or Narcotics. Calms Anxiety. No Prescription Needed.

New York, N.Y. (Special)—A team of scientists has announced a new formula that stops frightening asthma attacks in minutes and unblocks lung passages fast.

Medical tests prove this formula promptly restores free breathing, so calms anxiety and relieves the worst symptoms of asthma—the straining for breath, the gasping, the wheezing, the terrible fear of suffocation. All without vaccines, painful shots or habit-forming drugs. This formula is so safe when used as directed, it can be sold *without prescription* in tiny tablets called BRONITIN®.

Doctors know that when asthma strikes, breathing tubes become swollen, lung passages become blocked, so air is "trapped" inside lungs and less and less oxygen can enter. Now BRONITIN, with two asthma relieving medicines that doctors prescribe for their patients, acts quickly to open bronchial tubes and loosen the mucus that blocks lung passages. Trapped air is released and new vital oxygen enters the lungs.

The result is: free breathing is restored, tension eased and so fears are calmed in minutes. Sufferers can now look forward to restful sleep.

Get BRONITIN—available at all drug stores *without prescription.*

OFF AND RUNNING — William F. Grader of Fort Bragg and his wife, Geraldine, respond to applause at the Democratic endorsing convention Saturday in Santa Rosa after he was endorsed for the seat of the late Clem Miller. He was Miller's field representative. (AP Wirephoto)

Clausen, Grader Emerge As Leading Contenders In Race For Congress

Continued from page 1

decided whether to appear before next Saturday's GOP endorsing convention in Ukiah's Palace Hotel at 1 p.m.

"I am being deluged with telephone calls urging me to run and I'm still making up my mind," he said.

Burke, 52, a native of Hopland, has lived all his life in the district and worked through Sonoma, Mendocino and Humboldt counties. He has been secretary of the Teamsters in Eureka for 17 years.

Watkins said today, "I certainly won't withdraw just because Grader got the endorsement." His big job, he said, is "to mount a real campaign in just a few weeks, but I figure the other people won't know how to do it any better than I do."

Grader won endorsement at Saturday's Democratic convention with 156 of 159 votes cast by the 162 delegates present. Two of the abstentions were from Marin County's 32-member delegation, which at first voted 25 for Grader, six for Merle Orchard, Ukiah attorney, and one abstention. They then switched to 30 for Grader when it became evident he would win on the first ballot.

Orchard had been the second highest candidate to Grader, who was Rep. Clem Miller's field representative. Orchid had most of the votes from Mendocino County where both he and Grader live, and a scattering elsewhere.

Other individuals nominated were Lewis H. (Duke) DeCastle, Santa Rosa attorney who wound up with three votes; Mrs. Mary Hotstetler Murray, a teacher of McKinleyville, Humboldt County, who was nominated "so that women could have a chance to be represented," and Nick Kobseff, Nicasio tavern owner, who spoke on his own behalf. It is possible Kobseff may still be a candidate.

Roger Kent of Kent Woodlands was nominated by Samuel W. Gardiner of Marin, who said Kent is the "only candidate who can be elected." But Kent called this "nonsense" and refused to allow his name to be placed on the ballot. Instead he nominated Grader.

Seconding Grader's nomination was Dr. George McCabe, Sonoma State College dean who had been considered the second front-runner behind Kent until both withdrew.

Grader accepted the nomination "with a deep sense of responsibility" and a promise to carry on the "positive, progressive, and far-sighted policies and programs and projects" of Clem Miller.

He said the Jan. 22 election would be more than a choice between men and parties: it would be "between the public and the private interests." The major problem facing the district is growth, he declared. Its major needs include harbors, airports, highways, schools, hospitals, forest development, range and fishery resources, flood control and conservation.

In Eureka, only two prospective candidates appeared before the Republican executive committee. Clausen, who was attending a California Supervisors Assn. convention in Anaheim, was not present, although he got all 18 votes of those attending.

Arthur Hill, Eureka attorney, asked "the consideration" of the committee, but said, "If Don is the candidate, I want to do nothing to split the party."

When Burke appeared, he told the committee he would be able to "pull the Democratic vote" to his candidacy. He said he has "been a Republican all of my life" and that "my purpose isn't money or glory. I know the job." He said he knows employers and working men "up and down the district" and had often dealt with congressmen and senators in his regular business.

The committee decision to recommend Clausen will not cut out other candidates who may want to appear before next Saturday's endorsing convention, Marin Chairman Gerald E. Misner pointed out. "Anyone who appears will be given time to make a presentation," he declared.

The committee recommendation praised the 39-year-old flying supervisor for his personal ability and knowledge of the district, his existing campaign organization, his "electability" as indicated by his 98,000 votes at the general election, and his strong support in usually Democratic north part of the district.

Clausen flew into Marin last evening and conferred with Republican leaders before taking off for home.

Assemblyman William T. Bagley of San Rafael, at one time considered a serious contender for the post, announced his support for Clausen "100 per cent" and promised to "personally devote all my efforts" toward Clausen's election.

Any candidate, with or without endorsement, can file for the vacant seat through a petition signed by between 500 and 1000 registered voters. Deadline for filing is Dec. 7. The candidate who receives the most votes Jan. 22 wins the election whether he has a majority or not.

Novato School Board To Study Warning System

How to warn the school children of possible attack during school hours will come up for discussion before the Novato Unified School District board meeting at 8 p.m. tomorrow in the administration building.

Three methods of warning will be presented to the board for their consideration: a central switchboard, a civil defense warning system, and the Novato Fire Department warning system.

Acquisition of some of the Richard Connell property on South Novato Boulevard to add to the Rancho School site will be considered.

Other items include a report on the school building program and converting Hill Intermediate School into a junior high school.

Marin Lawman To Go To FBI Conference

Three law enforcement officials from Marin County will attend a one-day conference tomorrow in Sacramento called by the Federal Bureau of Investigation to discuss interstate gambling and fraudulent checks.

The three are Dist. Atty. Roger P. Garety, his investigator Donald F. Midyett, and Police Chief Howard Clark of Larkspur.

Plowshare Program Is Started

NEVADA TEST SITE (UPI)— The first in a series of nine chemical high explosive detonations in the Plowshare program was touched off here today, the Atomic Energy Commission announced.

"Everything went according to schedule and there was no problem," a spokesman said.

Touched off was 1,000 pounds of liquid chemical explosive with a short-lived radioactive tracer inserted to simulate release of radioactivity from nuclear explosions.

Radioactive throwout, AEC officials said, was confined to a small portion of the test site.

No date has been announced for the other eight shots.

The final three of the series will involve simultaneous detonation of five 1,000 pound charges buried in a row.

Plowshare is the program for peaceful uses of nuclear explosives. The experiments were being conducted by Army engineers to obtain information on how deep nuclear charges should be buried to obtain maximum results in canal or ditch construction.

The AEC did not say how deep today's charge was buried.

Recreation Post Created For County

A separate county department of parks and recreation was in effect set up by action of Marin County supervisors today.

Following dispute as to whether the director-to-be would operate under planning or public works departments, the board unanimously decided that he was to be provided with facilities and instructed to draw on either department for personnel.

Mrs. Helen Newman, parks and recreation chairman, had told the board that independence was the first preference but otherwise she felt the director should operate under the planning department. Several supervisors, however, favored public works.

The ultimate resolution by Supervisor William D. Fusselman set up a new department without actually stating it that way.

During the course of what Mrs. Newman called the first such all-around discussion with her commission during the past four years, the supervisors approved basic program and job description for the new director, also examining Edmund C. Kagi's "conceptual map" of recreational additions possibly to be tied to the Corte Madera flood control project.

Tahoe City Girl Kills Her Father

TAHOE CITY (AP)—A 16-year-old girl fatally shot her father Sunday night during a family battle, the Placer County sheriff's office said today.

Richard Sprague, 40, was beating his wife Afton Myrtle, 37, during the argument, officers said, when his daughter Linda went upstairs, grabbed a .22 caliber rifle, ran back down and fired once from the hip.

The bullet hit Sprague in the chest. He died soon after.

Officers said Sprague had been drinking during the day and had returned home demanding money and keys to the family car. Two of the couple's four children—Richard, 14, and Randy, 9—witnessed the shooting, said officers.

THE TWO FACES OF MAUGHAM

Author Somerset Maugham, in person at right, goes into a pose like that of a wax image of himself during a visit to Madame Tussaud's in London. Maugham, who will be 89 next January, went to see the figure before it is shown to the public. He thought the wax model was "quite a good likeness." (AP Wirephoto)

GIANT PEARL FOUND—Simeon Lepasana, a Filipino importer-exporter, holds a giant pearl found recently by a diver in the Sula Archipelago. The pearl, still attached to the shell, is about three and one-half inches long and two and one-half inches thick. The owner believes it is the largest pearl ever found in Philippine waters, and estimated its value at $25,000. (AP Wirephoto)

Escapers Get Additional Life Terms

Two San Quentin prisoners, who escaped for a brief fling at freedom and a short flight two weeks ago, pleaded guilty to escape charges today and were sentenced to prison terms of one year to life.

They are Robert L. Sandefur, 32, Los Angeles robber, and Oather M. Stevens, 44, a San Bernardino murderer. Judge Thomas F. Keating of Marin Superior Court sentenced them. The new terms will run consecutively with the life terms both men are already serving for their previous crimes.

The pair walked away from a minimum security construction dormitory outside the prison walls on Nov. 3. Three days later, Stevens was caught at a Greenbrae restaurant, and the next day, Sandefur was captured at gunpoint on Sir Francis Drake Boulevard near Woodacre.

Nehru Asks Aid As Red Take Post

NEW DELHI (UPI) — Prime Minister Jawaharlal Nehru tonight announced the fall of the key northwest frontier bastion of Bomdila to Chinese Red troops and appealed to the United States and Britain for massive military aid.

"We have asked for massive military aid from the U. S. A., and the United Kingdom," Nehru said in a surprise broadcast to the nation. He did not go into details of the aid sought.

In the unprecedented emergency broadcast, Nehru pledged gravely that "we will see this through."

"We shall not accept any terms until the invaders are thrown out," he vowed.

The capture of Bomdila, a gateway to the rich Assam plains of northeast India, was the biggest Chinese Red victory yet in the drive that began from the northeast frontier Oct. 20.

It came in the wake of a series of Korea-type human wave offensives by Chinese Red troops that overwhelmed key positions on three widespread fronts inside India's northern border with Red China.

The loss of Bomdila, an administrative center of some 2,000 population, and of the 9,000-foot Bomdila pass it controls meant the trapping of thousands of Indian troops further north.

Bomdela was the site of a U. S. bomber base in World War II and its airfield had been used in recent weeks as the terminus of a supply airlift flying in U. S. arms and equipment for Indian forces.

"Our heart goes out to the people of Assam," Nehru told the nation in tonight's surprise broadcast. "This was is not only a menace for Towang, for Walong, for Bomdela.

"It is a menace not only for Asia but for the whole world."

Red forces seized Bomdela after leapfrogging some 35 miles through Indian defenses on the northeast frontiers and cutting a key highway just north of the town.

Bomdela fell after Red troops seized Se La, a strategic mountain pass yesterday.

A defense ministry spokesman had said earlier that the entire civilian population of Bomdela, estimated at 2,000, had been evacuated in advance of the Red capture. He said an estimated half division of Indian troops retreating from Se La had been cut off by the Red drive which also isolated an Indian forward divisional headquarters at Dirang, 25 miles to the north.

Fairfax Council Is Studying Playground Plans

While no specific date has been set by the Fairfax City Council to consider proposed improvements for the Bolinas Road end of Fairfax Park (which would include cutting down four redwood trees), the council is studying plans to improve the children's playground.

The playground plan for the Park Road end of the park, drawn by recreation commissioner Frank Salvisberg, calls for an expenditure of $1,700—already set aside by the council—for paving, purchase and installation of equipment.

Additional equipment would include a small slide, swings, a giraffe, teeter totter, horizontal ladder, swing bars, horizontal bars and a low bar. Existing facilities include swings, a slide, a merry-go-round, and a circular climber.

Not included in the cost estimated by Salvisberg are expenses for fencing, equipment moving, drinking fountains, landscaping, and grading.

Mayor W. E. Radtke said improvement of the children's playground would take money away from the plan for the Bolinas Road end of the park, where "a simpler plan for installation of benches, walkways and planting might be more feasible."

Radtke said, "We all thought over Salvisberg's original plan and it would be difficult to do the whole thing without cutting down the trees. It would be much more popular to spend the money on the children."

The mayor said additional money for improvements of the playground could come from the recreation budget or the $1,045.50 Andy Peri Memorial Fund, with the playground to be named Andy Peri Memorial Playground.

Youth Beaten, Left In Street

A San Anselmo youth, Donald Dearman, 19, of 1612 Sir Francis Drake Boulevard, was found lying semi-conscious in the middle of Center Boulevard last night, apparently beaten.

Dearman was seen first by a Fairfax police officer, who summoned San Anselmo police.

Officers said Dearman told them "I've been walked over" by "five guys from Sausalito."

He was admitted to Marin General Hospital for treatment of head cuts and bruises, and was reported in satisfactory condition today.

The Ranger spacecraft is 8¼ feet high.

Unusual View

FRANKFORT, Ky. (AP) — Motorists arriving in Frankfort from the west get an unusual first look at the state capitol—they look down on top of it. The highway trails down the side of a high bluff and the capitol and the city are located below in the valley of the Kentucky River.

'It's A Cinch,' Says Boy Actor

VERONA, N.J. (AP)—Michael Kearney is a featured movie actor who travels to work in dungarees, sweater and sneakers.

"He'll never go to Hollywood," Mrs. Vincent Kearney says of her 7-year-old son, who plays Robert Preston's son in "All the Way Home."

Michael, a veteran of television and one other movie, can't read his script. He learns his lines by listening to his mother read them.

"It's a cinch," is Michael's reaction to acting.

Swallows Button Instead Of Pill

DES MOINES, Iowa (AP) — A Des Moines housewife was told by her doctor that whenever she faces a busy day, she should take a tranquilizer.

One morning she laid out one of the little pills. But she forgot to take it right away. She zipped through her morning routine, then thought of the pill. Without taking time to retrieve her glasses, she suddenly gulped a small white object.

It was a shirt button.

Don't Try Scaring Into Buying Idea

ROCHESTER, N.Y. (UPI) — Using guilt and fear as mass communications techniques to frighten people into accepting a product or an idea can often boomerang, a University of Rochester psychologist asserts.

"If the communicator is intent on producing guilt feelings in his audience," says Dr. Vincent Nowlis, "he should be aware that guilt and depression reduce self esteem and lower the capacity to think clearly."

Guinea Pig Becomes Pet Of First Grade

WAYNE, N.J. (AP)—Squeaky the guinea pig probably will never be promoted, but he still loves the first grade after five years at Ryerson School.

He has become a school pet that the kids love to cuddle, but he has scholastic chores too. "Originally he was used when we studied about science," said Mrs. Doris Giuseffi, first grade teacher. "But he also serves as a model for drawings, and as a topic when the children learn to write sentences."

WILL AMERICA

MISS THE BOAT?

We are at a high point in science and industry, jobs and living standards, and moral influence in world affairs. But will the tide run out?

Our future leadership calls for higher education, but our colleges are in a squeeze. There are serious shortages and in less than 10 years the number of applicants will double.

We must not miss the boat. We must give our colleges the laboratories, classrooms and competent teachers they need.

HELP THE COLLEGE OF YOUR CHOICE NOW!

To find out how the college crisis affects you, write to HIGHER EDUCATION, Box 36, New York Times Station, New York 36, N. Y.

FROM FAR APART — Anna Maria and Jan Berghout are proud of the U.S. citizenship papers both received at the same court hearing. She came from Hong Kong, he from The Netherlands to meet and marry in San Francisco and make their home in Greenbrae.

(Independent-Journal photo)

Lured To America By Comics

By FRED WYATT

Anna Maria S. Berghout of Greenbrae, 24, a new citizen of the United States, was lured to this country by comic strips she read in the Hong Kong of her birth, which gave her the impression that " this is a fun country."

She has not had occasion to change her impression during the five years she has lived in the Bay Area. Now she has a husband and a six-week-old baby boy, John Lawrence Berghout, to help her enjoy living in marvelous Marin.

Mrs. Berghout and her husband, Jan Berghout, 28, born in The Netherlands, took their oaths as United States citizens last Tuesday before Judge Alfonso J. Zirpoli in U. S. District Court in San Francisco.

Both she and her husband arrived in San Francisco in 1957 and began studying for citizenship. They met in 1961 at the Belgian Consulate in San Francisco, where they heard a talk about the Congo crisis.

They were married in Old St. Mary's Roman Catholic Church in San Francisco's Chinatown on Nov. 18, 1961, and observed their first anniversary yesterday by taking their baby to the church to be christened.

Mrs. Berghout was born of Italian parents in Hong Kong and after five years became a British subject under the laws governing that British crown colony. Before coming to San Francisco, her travels had been chiefly to Thailand, Malaya and other Far Eastern points.

Her father, Innocenzo F. Sasso, executive for a hotel chain, died in 1943. Her mother moved to San Francisco in 1959.

The future Mrs. Berghout enrolled at Mills College, Oakland, was graduated in 1960 after three and one-half years because she previously had one year of university studies in Hong Kong. She later studied at a business college in San Francisco and was working in an attorney's office when she met her future husband.

Berghout was born in Rotterdam and entered the shipping business before leaving his native land. He now serves in the traffic department of General Steamship Co. in San Francisco.

Mrs. Berghout said she loves the Bay Area. San Francisco reminds her very much of Hong Kong, which is surrounded by water and has many homes on hills.

Both young new citizens lived in San Francisco until they were married. They found their honeymoon home in an apartment at 10 Corte Del Norte, Greenbrae, where they still reside.

Weekend Wrecks Injure 7

Seven persons, including a San Quentin Prison guard and a San Francisco policeman, were injured in weekend traffic accidents in Marin investigated by the Califoria Highway Patrol. None was injured seriously.

The San Quentin correctional officer and the San Francisco policeman were both involved in a three-car rear-ender collision northbound on Highway 101 near the Black Point Cutoff about 8:30 a.m. Saturday.

CHP Officers William P. Gregg and T. W. Foley reported a car driven by E. D. Holifield, 38, of 11 Gothic Drive, Novato, the San Quentin officer, hit the rear of one driven by Italo C. Ginbellino, 63, San Francisco painter. Ginbellino's car in turn rammed that driven by Sgt. James Victor Erickson, 53, of San Francisco police. Erickson, Ginbellino, and James M. Eyless of 2325 Center Road, Novato, all complained of pains but said they would see their own doctors.

Carol Hallberg, 26, of 578 Norman Drive, Novato, suffered bruises when a car in which she was a passenger, driven by Jose Arellano, 31, of Hamilton Air Force Base, hit a utility pole on the Roger Willco Store parking lot at Ignacio at 2:10 a.m. yesterday, the CHP said. She was reported in good condition today at Hamilton Air Force Base Hospital.

Dorothy L. Stapleton of 18280-A Centro West Street, Tiburon, and Edward Fisher of 1799 Lagoon View, Tiburon, suffered forehead cuts when a car driven by Miss Stapleton hit a guard rail on a curve on Paradise Drive at 10 p.m. yesterday. Both were treated at Marin General Hospital.

Miss Stapleton told CHP investigators she thought another car hit hers, causing it to veer into the rail. Fisher was asleep when the accident happened.

A 3-year-old San Francisco boy, Byron Olson, was bruised on the left hand and forehead in a three-car rear-end accident at 5:15 p.m. yesterday on Highway 101 near where the Saturday rear-ender injured Erickson, Ginbellino, and Eyless.

The boy was riding in the back seat of a southbound car driven by Roy C. Olson, 17, of Sebastopol. It stopped short as traffic backed up for the Highway 37 traffic light. It was hit by a car driven by Douglas G. Adams of 1355 Sir Francis Drake Boulevard, San Anselmo, and shoved against the rear of a car driven by Robert N. Pepper of Stockton, the CHP reported. Byron was treated at Novato Hospital.

Chino Addict Inmates Riot

CHINO (AP)—Inmates at the California Rehabilitation Center, most of them narcotics addicts, broke windows and set fire to pieces of paper last night in a brief demonstration.

Officials termed it merely a "disturbance" and said it started when lights went out in dormitories housing 525 men after a power failure.

Order was restored in less than an hour, Supt. Roland Wood reported. He said only guards from the center and the nearby Chino Institution for Men were needed although calls for help went out initially to the Highway Patrol, sheriff's deputies from Los Angeles and San Bernardino counties and police from Chino, Montclair and Ontario.

A roll call was ordered to determine whether any inmates, most of them serving from 6 months to 10 years under civil rather than criminal commitments, had escaped.

Rec Meeting

Strawberry recreation district directors will discuss management and operation of the district at a special meeting at 8 p.m. tomorrow in the teachers' room at Strawberry Point school. The meeting will be held in lieu of the meeting scheduled for Wednesday, according to Secretary Patricia M. Gowen.

Following Children

LOUISVILLE, Ky. (AP)—Kids who visit the observation balcony at Standiford Field to watch the big airliners slip in under the pay turnstile. Airport officials don't mind a bit. The children usually draw their parents after them and it's a dime for big people.

Tax Payments Going Along At Normal Rate

County tax payments for this fiscal year are proceeding normally, but the usual last minute rush is expected before the Dec. 10 deadline for first installment payment, County Tax Collector M. F. (Frank) Donohue reported today.

As of last Friday, $3,162,381 had been paid, out of the total bill of 25 million dollars. By Dec. 10, the first installment deadline, Donohue expects about 11 million dollars to pour into the county coffers. About 90 per cent of the payments are by mail.

Thus far, about 1,000 bills have been returned to the tax collector unclaimed. The tax collector emphasized again that his records show ownership as of the first Monday of last March. Those who bought property after that date should notify the county assessor of the change in ownership.

The tax collector gave these figures to show the rapid change in property ownership: Since July 1, there have been 6,884 name changes (changes in ownership of land) and 2,333 other changes such as splitting of property.

Tamalpais Board To Hear Plan For School Speakers

Formal procedures to govern appearances of "controversial" speakers at schools of Tamalpais High School District will be proposed to the district's trustees by Supt. Chester G. Carlisle tonight.

The board meeting will begin at 8 p.m. at district headquarters at Redwood High School, Larkspur.

Jack Gibson, president of the Tamalpais District Teachers Assn., will recommend payroll deductions for dues of the association. Deductions already are being made for dues of National Education Assn. and California Teachers Assn.

The board will hear reports from the deans of girls of the district's three high schools. Supplementary textbooks will be considered for approval.

Railroad Museum Buys Dining Car

GREEN BAY, Wis. (AP)—The National Railroad Museum here has acquired a dining car which for 37 years served in the famous New York to Miami run of the Atlantic Coast Line Railroad.

The car, labeled the Dothan, was built by the Pullman Co. in 1923 and was used on the Florida Special until 1960.

The acquisition is the museum's first from an eastern railroad.

Feud Participant Pays For Shot Horse

HINDMAN, Ky. (AP)—During one battle of an 18th Century feud near Daniels Hill and Troublesome Creek, several men were wounded and the sheriff's horse killed.

The leader of the opposition, "Devil John" Wright, paid for the mount because he "regretted the killing of a fine horse."

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After 21, common Kidney or Bladder Irritations affect twice as many woman as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondarily, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such Irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

WIFE'S VOTE COULD HAVE BROKEN TIE

YERINGTON, Nev. (UPI) — "What kind of an excuse can a girl give?"

That's what Mrs. Elaine Galantuomini said when her husband and another candidate wound up tied in the election for the office of Lyon County game commissioner and when her husband found out she had failed to vote.

The official results gave Pio Galantuomini and Lerry Longero 1,206 votes apiece in the Nov. 6 election.

But Mrs. Galantuomini showed a woman's knack for sidestepping the blame when she commented—"it could have been worse. I could have voted for Longero."

Talk To Be Set On Water Pact

The North Marin County Water District board will set a date for a committee meeting with the City of Petaluma to discuss water service to the south area of Petaluma at a meeting at 8 p.m. tomorrow in the district office.

Water service to this area has been under study for some time. After completion of the Russian River aqueduct, the area south of Petaluma asked for service. A tentative agreement was drawn up by the North Marin District to supply surplus water. The City of Petaluma rejected this agreement. It has been under study by a committee from the city and district since.

Mosk Asks Fund For Drug Drive

LOS ANGELES (AP) — Atty. Gen. Stanley Mosk requested today a special $95,068 state appropriation for a pilot program on narcotics prevention in public schools.

Mosk made his request to the Department of Finance in his capacity as chairman of the Inter-departmental Committee on Narcotics.

He said the funds would be used over a three-year period to develop instructional materials in the perils of using narcotics and dangerous drugs.

For The Long Pull

ST. MARY'S, Mo. (UPI)—Sign on a moving truck here says: "The Haul of Fame."

Consultant Learns Brevity Pays Off

LOUISVILLE, Ky. (AP)—Business consultant C. C. Hieatt has learned that brevity pays off.

He was negotiating a sizable deal with a New York firm but his repeated inquiries went unanswered.

In desperation, Hieatt sent off this note:

"Dear Sirs:

"When?"

In the next mail came this reply:

"Dear Sir:

"Soon."

Would your life insurance pass this test?

Financial security for the family depends on how well these five basic needs are provided for. Will your life insurance and other resources

1 meet the heavy expenses that will occur at your death
2 cancel all family debts including mortgage on your home and estate taxes
3 furnish a living income for the family while children are dependent and so enable your wife to take full advantage of Social Security
4 provide enough money to carry out your plans for their higher education
5 give your wife a worry free source of funds after the children are on their own and Social Security temporarily ceases.

If you are in doubt on any of these points, call the Man from Manufacturers. He has a practical measuring device, the Security Graph, that will help you determine whether there are any gaps in your family's financial security.

A PROUD DAY — Postmaster Rose E. Tacherra stands proudly before Bolinas' new post office which will be dedicated in ceremonies Saturday. The building replaces the old post office which was located on Wharf Street. (Independent-Journal photo)

Bolinas Post Office Dedication Saturday

Dedication ceremonies at 2 p.m. Saturday will make Bolinas' new post office on Brighton Avenue official.

The post office has been in operation since Aug. 15 when Postmaster Rose Tacherra and her clerk, Mrs. Annie Crotts, moved from the old building on Wharf Street.

The new building, with a large glass window and a deep green panel with the name of the office in front, is about three times the size of the old building, Mrs. Tacherra said.

"The fact that Bolinas was selected for a new post office reflects credit on our growing contribution to the economy and life of the nation," Mrs. Tacherra said.

Among those expected at the dedication ceremony are Maurice Murphy, postal real estate officer; former Judge Jordan L. Martinelli, and County Supervisor Peter Behr.

The $11,000 building has 850 square feet of floor space. It was built by L. G. Pepper and Sons of Bolinas. Under the Post Office Department's policy, the building is rented, not owned by the federal government. This keeps it on the tax rolls, Mrs. Tacherra explained.

The 30-foot flagpole in front of the building flies a flag presented to Bolinas last year by President John F. Kennedy.

Belvedere Planners To Meet

The Belvedere Planning Commission will be asked tonight for a variance to permit Mr. and Mrs. Charles T. Mishkind to have their daughter and son-in-law as guests.

Reason for the variance request is that the Belvedere City Council last May ordered the Mishkinds to desist from letting out an apartment in their single-family-sized home on Corinthian Island without first asking for a variance.

The Mishkinds now claim they want to allow their daughter and son-in-law the use of the apartment.

The commission will also consider an application by Dr. Richard S. Hahn for permission to build a fence on city property in front of his home at 428 Golden Gate avenue.

Class In Chinese For High School

MILWAUKEE (AP)—Fifty students at Granville High School have signed up for a class in Mandarin Chinese, one of the few Chinese language courses offered by a high school in the United States.

The class is held after school but credit will be given those who complete the course.

The teacher is George Hoynacki, a Polish-American who reads and writes seven languages.

Off-Sale Beer, Wine License Is Suspended

SACRAMENTO (CNS) —The State Department of Alcoholic Beverage Control has ordered a 10-day suspension of the off-sale beer and wine license of Lawrence and Thelma Benjamin, 19 Sequoia Road, Fairfax, on charges of sales to minors. The penalty takes effect Jan. 8.

The department announced also it has accepted payment of $2,000 from Lucky Stores, Inc., in lieu of a suspension of the firm's license at Store 87, Sir Francis Drake Boulevard and Pastori Street, Fairfax. The store had been charged with sales to minors last July 10 and July 23.

Study Due On Hub School Libraries

Trustees of San Anselmo Elementary School District, meeting at 8 p.m. tomorrow at Isabel Cook School, will hear a progress report on the streamlining of four school libraries.

Giving the report will be Rulon Cook, an administrative intern who is working with part-time volunteer library personnel to establish a uniform system. School officials have invited the volunteers—mothers of pupils—to attend.

The board also will discuss the City of San Anselmo's new parks and recreation commissioin ordinance and the selection of two commission members whom the district is asked to choose.

Paperbacks Back Family In Greece

A paperback book drive is the current project of Phi Sigma Sigma, Redwood High School's freshman-sophomore girls service club.

Soft cover books are being collected from student body members. This week and after Thanksgiving weekend, the books will be sold to students at reduced prices.

The funds are needed to help support Redwood's "adopted" Greek family, John Yiotis, his wife, and three children, said Carolyn Cochrane, club president. A father-daughter Phi Sigma dinner last week raised $25 for the same purpose.

Whole Way Of Life Involved In Tax Reforms

By SAM DAWSON

NEW YORK (AP)—A whole way of life is involved in the plan to cut taxes and reform the system. And that's likely to complicate action in the next Congress far beyond the simple popular slogan of lower rates and fewer loopholes.

An entire generation of business executives and countless other individuals are addicted to what is known as half-price thinking. Many products and programs seem to cost only half of what the ticket says because of the tax saving. Or, the other way around, many seeming advantages or rewards are worth only half what they promise because of the extra tax liability.

For one example, charitable organizations know that much of the gifts from corporations is tinted by the knowledge that if it wasn't given, taxes would take half of it anyway. Some charities are wondering today if their income will drop if tax rates do.

Or, the other side of the coin, many with executive skills know that a better paying job will net only a part of its face value. In the higher tax bracket a large part of the raise will melt away.

Critics of the present high tax rates argue that often it doesn't seem worth the effort to try to produce more and earn more. Or those at the top turn to other forms of compensation—stock options, company bought insurance, salary payments deferred till after retirement.

And the tax laws are now so complicated, especially at the corporate level, that perhaps 100,000 tax specialists work full time tackling others' problems.

Corporations also hire executives and countless clerks to handle the many official forms and seek out the most advantageous approach.

Avoidance of taxes is an art in itself, both for corporations and for individuals. Many business brains that might be concentrated on earning more income are occupied in trying to save on taxes. Business and individuals often find they're ahead this way in the long run.

Advocates of tax cuts and simplification say that the general economy suffers as a result.

Economists at the First National City Bank of New York put it this way: "In high brackets, extra work is no longer worthwhile. Our punitive tax rates have led to the enactment of countless special reliefs that have complicated the tax laws and made them costly and difficult to administer and obey."

Morgan Guaranty economists add that half-price thinking has played a part in the wage-price spiral of inflation since World War II, since companies have felt that half of the wage increase would go for taxes otherwise and so haven't tried, until lately, to halt the spiral.

Half-price thinking also affects the manner of financing business expansion. Instead of offering new stocks many companies have relied on borrowing money. Interest payments are charged off before taxes, and thus seem half-price. Stockholders expect dividends, but these are paid out of a company's profits after tax net income, and thus seem full-price.

So, there's more to tax rates and systems than just the pain of filling out tax forms and getting up the payments.

Unification Is Fairfax Topic

Fairfax School District trustees will hear a report tomorrow by the League of Women Voters on a unification study made by the organization.

The board will meet at 7:45 p.m. at the Central School.

Other matters on the agenda include a progress report on the student testing program, a request by the Parent-Teacher Assn. for a joint meeting with the board on Dec. 11 at Manor School, and a resolution asking the county for a loan of up to $35,000 to meet district expenditures until local tax revenues come in.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H®*. At all drug counters.

Pumpkin Pie

(Makes 9" single crust pie)

1 cup sugar
1½ teaspoons cinnamon
½ teaspoon cloves
½ teaspoon allspice
½ teaspoon nutmeg
½ teaspoon ginger
½ teaspoon salt
2 eggs
1⅔ cups (large can) undiluted Carnation Evaporated Milk
1½ cups canned pumpkin*
9" single-crust unbaked pie shell

Blend sugar, spices and salt together. Beat eggs with Carnation and combine with sugar, spices and pumpkin until smooth. Pour filling into unbaked pie shell. Bake in hot oven (425° F.) 15 minutes; reduce heat to moderate (350° F.). Continue baking 35 minutes, or until knife inserted in pie comes out clean. Cool before slicing.

**If desired...cooked, mashed sweet potatoes or squash may be used in place of pumpkin.*

Terra Linda Vote Is Proposed

A special election on annexation of Terra Linda Oaks 9 to San Rafael may be combined with the Jan. 22 special congressional election.

Proposal for the Jan. 22 date for the annexation vote will be taken up by the San Rafael City Council at its meeting at 8 p.m. today in the city hall.

The council will also consider a request by property owners on Clayton Street for city participation in improving the 600-foot dirt street.

Dr. Rafael G. Dufficy Jr., heading a firm which is building a convalescent hospital in Terra Linda, will appeal to the council a ruling by the planning commission that his group must improve the entire street in front of the hospital, including the installation of water, sewer and other utility lines.

A resolution authorizing the mayor and city clerk to sign a fire protection agreement with the San Rafael Elementary School District for the San Pedro School will be introduced.

On Geology Trip

Alan Finley of San Rafael was among a group of Monmouth College geology students who recently made a three-day field trip to Baraboo, Wis., to study glacial rock formations. Finley is the son of Dr. and Mrs. Malcolm H. Finley of 280 Margarita Drive.

Ends Alumni Job

Joseph E. Edelstein, San Anselmo broker, has completed a term as president of the San Francisco State College Alumni Assn. and his post has been taken over by Arthur Blum, advertising executive.

Muir Woods Park Group Elects

Gerritt Orton of 566 Panoramic Highway was elected president Friday night of the Muir Woods Park Improvement Assn. succeeding Margaret Hardy.

Other officers elected were James Del Secco, vice president; Mrs. Beatrice Cohen, secretary, and Mrs. Richard Heiman, treasurer.

The board of directors consists of William Johnson, Margaret Hardy, Max Janoff, Elizabeth Wyman, Dr. Soloman Cohen, Mrs. Mary Ann Del Secco and Mrs. Ruth Olson.

Bagley Helping Novato Women

State Assemblyman William Bagley will try to get the delegation of Novato women on the agenda of the State Highway Commission when it meets on Nov. 27 in Sacramento. Mrs. John (Betty) Machado said today.

Mrs. Machado is organizing a delegation of women to go to Sacramento to try to convince the highway commission that the majority of people in Novato prefer locating the freeway east of town.

State Sen. John McCarthy has offered the assistance of Al Hill of his office to the delegation of women, Mrs. Machado said. McCarthy told her that he would be in San Diego at the time of the meeting, she said.

Tam, Redwood Set For Thanksgiving Title Classic

Indians Beat Novato To Tie Giants For Top Spot

By JIM GILMARTIN
I-J Sports Editor

One of the great chapters of Marin Athletic League history will be written Thanksgiving morning on the floor of College of Marin Stadium in Kentfield where Tamalpais and Redwood high schools will clash for the county's undisputed football championship.

The stage for this gridiron classic was set Saturday afternoon when Tamalpais Indians punched out a 15-6 triumph over defending champion Novato, eliminating the losers from the 1962 title race and pulling Tam into a tie for first place with Redwood, each with a 5-0 league record.

Thursday morning's championship showdown, to start at 10:30 a.m., looms as an awesome defensive struggle as each finalist has given up a total of only six points in the five previous league games.

Redwood had swept to its fifth triumph Friday night, 30-0 over Marin Catholic so the pressure was on Tam Saturday at Novato to pull back into a tie for first.

The mighty Indian defensive unit lost its unscored upon record in the first period Saturday as Novato struck nevernever land on a 15-yard pass play to tie it up at 6-6. But Coach Pete Belden's title-starved Redmen from Mill Valley shot right back into the lead two minutes later when little Tracy Oldham, a 5-7, 145-pounder, electrified the crowd by sprinting 53 yards to paydirt for a 13-6 lead and send the undefeated but once-tied Indians to their seventh victory of the season, including league games.

That was the last "honest" scoring of the day, but Tam was given a gift-wrapped two points in the second period when, on a punt situation, the ball was centered over Hornet punter John Miller's head into the end zone for a safety. On such a situation, the safety is credited to Tam's defensive captain, Bill McIntyre.

After that the two tough clubs settled down for a good old-fashioned defensive donnybrook. Novoto's deepest penetration in the second half was to the Tam 45 while the Indians got only as far as the Hornet 39 twice in the last half. Four interceptions helped Tam contain the northerners.

Defensive Star Sets Up First Score

Tam's defense enabled the Indians to get off to a fast start. After Novato took the opening kickoff and was shoved back to its own 19 by a penalty and little gain in two running plays, Hornet quarterback Roy Otis called a pass play which backfired when Robin Prosch, playing in only his second varsity game, intercepted it on the Novato 23 and returned it to the seven. On first down quarterback Bill Gillingham ran a keeper to the left, good for five yards to the two ,and on second down the workhorse Warren Domino, an All-League "cinch" and All-Northern California candidate, plunged in for the 6-0 lead after only 1 minute and 53 seconds had expired. The conversion attempt failed.

Novato countered after an exchange of punts. One of Hornet John Miller's boots sent Tam back to its own five. After two no-gainers the Indians decided to punt on third down, but Gillingham's kick wobbled miserably off the side of his foot, out of bounds on the Tam 20.

The grateful Hornets responded immediately. John Miller advanced the leather to the 15 on two carries and then Otis pitched a lofty pass to end Kris Kristofors who hauled it in on the goal line and plunged in for the equalizing touchdown at 2:24 p.m. PST, the exact time the Indians' great defensive record was broken. It had been 18 quarters since anyone dared venture into the Tam end zone. Al Blos' kick for the extra point was blocked by rugged Donn Johnson and it was a 6-6 ball game.

It took Tam just four plays after the ensuing kickoff to regain the lead. Three straight carries by Domino gained 13 yards to the Tam 47 and then Oldham was called upon to perform his magic. The little guy hit the left side of the line, appeared stopped cold, but bounced off the wall of humanity, reversed field to the right and ran like a scared rabbit all the way to the deciding touchdown with 1:16 to go in the first quarter. Domino plunged across for the 13th point.

Domino Tops In Rushing And Scoring

Tam's safety came with 2:13 to go in the half and proved only just a little extra gravy for the Thanksgiving feast the Indians hope o enjoy on Thrusday.

Domino's seven points boosted his league leading total to 34. The great Tam back, who runs like a threshing machine, also preserved his league-leading rushing total by netting 76 yards on 22 carries. The workhorse accounted for all six of Tam's first downs.

The game's other workhorse was Novatan John Miller who carried 17 times. However, he was the victim of that poor centering on punts and was charged with 38 yards lost on the two occasions the ball was centered over his head, leaving him with minus yardage for the day.

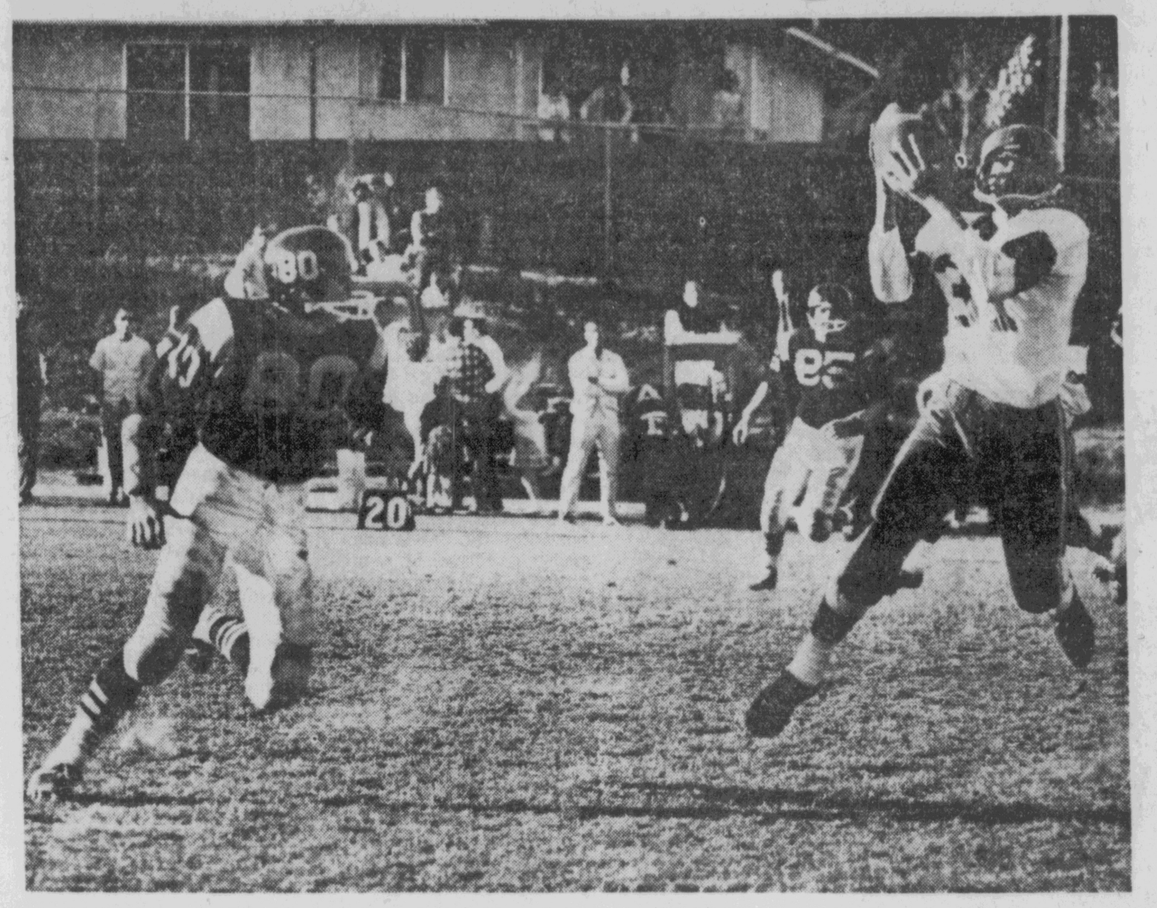
Tam's defensive line was great, as usual, with ends Art Foster and Jim Durbin and tackles Tim Broome and Bob Washington drawing special praise from Coach Belden.

Other laurels were given to Oldham, Domino, Prosch, and the Johnson twins, Donn and Dale, "who always do a tremendous job," according to the coach.

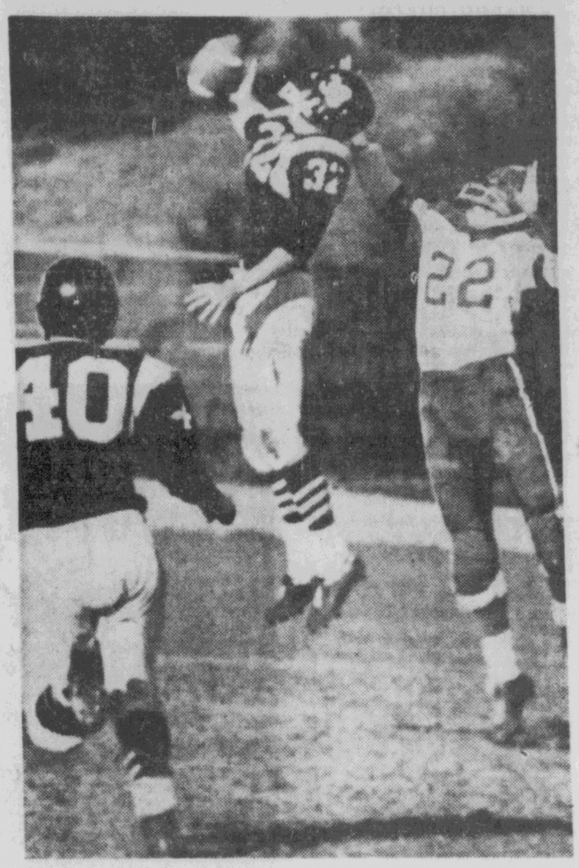
Tam's defensive backfield had a hot and cold day. Novato connected on six passes for 88 yards and that touchdown, but the Indians intercepted four other aerials, two by young Prosch and one each by Donn Johnston and Domino.

Their championship hopes dashed, Novato finishes its season also on Thanksgiving morning at San Rafael, 10:30 a.m. Coach Marlin Olsen's Hornets now sport a 3-2 record, losing only to Tam and Redwood; San Rafael has a 1-4 record going into the finale.

See statistics on page 20



STOP, THIEF — Tam's Robin Prosch, playing in only his second varsity game, proved valuable Saturday by intercepting two passes in the Indians' crucial 15-6 victory over Novato. Here he is pictured stealing a Novato aerial in third quarter as Hornet Kris Kristofors (80) looks on helplessly. (Independent-Journal photos by Jim Kean)



LOOK MA, ONE HAND!—Novato's defensive back Nick Willard (32) leaps high to make one-handed interception of Tam pass in second quarter. Ball was intended for Ellis Williams (22) who made the tackle. No. 40 for Novato is Jim Picchi.

Tam Loses Stars For Title Tilt

Bad news came from the Tamalpais camp today as the Indian gridders were preparing for the big Thanksgiving Day clash with Redwood High School for the championship of the Marin Athletic League.

Tam's starting quarterback Bill Gillingham and starting defensive middle guard Tony Houston will definitely be out of Thursday's game, and first-string linebacker Richard Hamilton may miss the battle.

All the injuries were the result of Tam's rough game with Novato Saturday in which Tam was victorious in the score, 15-6, but a loser in injuries.

Gillingham suffered a pulled ligament in his leg and will be out of commission for about four weeks. Houston suffered a sprained ankle and was treated and released at Marin General Hospital, but will be out of the game, Tam head coach Pete Belden said today.

"Gillingham and Houston are definitely out and Hamilton is a question mark," Belden declared.

Over in the Redwood Giants camp, head grid coach Bob Troppmann reported his chargers are in the "best shape they have been in all season."

Troppmann said they would not do much contact work this week to insure the team would remain 100 per cent injury free.

Gillingham's spot in the Tam lineup will be taken by quarterback Cedric Collett, and Houston will be replaced by offensive guards Dale and Donn Johnson who will alternate at the defensive middle guard spot.

The Cleveland Indians compiled 11-7 records against the Yankees, Red Sox and Athletics in 1962. They were 10-8 with Detroit.

Brodie Proves He's A Real Pro; Passing For 49ers A Tough Job

RANDOL

When you come right down to it, quarterback John Brodie of the San Francisco 49ers has had a pretty rough trip in his six years as a pro. Cheers and boos have come his way, and even now he doesn't know exactly where he stands.

Yesterday, Brodie had one of his good days as he led his teammates to a 24-17 win over the hapless Los Angeles Rams. But it took some doing. For about 10 minutes, Stanford John looked as if he were sprouting goat horns.

Brodie's very first pass was intercepted, and the Rams converted that misplay into three points to take an early lead. A few minutes later, with the Niners driving for a score, Brodie fumbled while making like a halfback, and Ed Meador of the Rams recovered on his two-yard line.

NEEDLESS TO say, Brodie was an unhappy boy at this point. Had the game been played at Kezar, John would have been booed back to the bench by the loyal 49er fans.

Starting the second quarter, Brodie began to take control, and he really put the game in his pocket with pin-point passing and smart signal calling that exploited the weaknesses in the Ram line. Even when Bill Kilmer exploded the second 49er drive by batting the ball with his head for another Ram goal line recovery, Brodie was undaunted.

Before the day was over, Brodie tossed 17 completions out of 21 tries for 281 yards, and directed his ball carriers to nearly 250 more yards and a badly-needed win.

WHEN BRODIE first signed with the 49ers, he operated in the shadow of the great, but aging, Y. A. Tittle. When YAT failed to fit into Coach Red Hickey's plans for using the "Shotgun" formation as a major weapon, Brodie finally made first string. Before he had fairly settled into the job, along came a brash young rookie quarterback, Bill Kilmer, who made the fans wonder if Brodie was again headed for obscurity.

Many fans have stopped me on the street to ask, "When are you going to start taking Brodie apart? He's lousy." I can't go along with this reasoning. The Ram game yesterday was a good example.

GRANTED THAT the Rams are a very ordinary football team. Nevertheless they were able to pour through on Brodie almost at will, and he still had a great day. Some of his fake handoffs were genuine things of beauty, fooling all the Rams.

Someone has said that quarterbacks don't have good and bad days, that it is whether or not he faces a good or a bad defense that makes the situation. When you consider that Brodie's line and backs can not protect him from a team like the Rams, you get some idea what an obstacle he has to face against teams like the Green Bay Packers and the Detroit Lions. To rise above these odds,

See SIDELINES, Page 20

Brodie's Big Day

LOS ANGELES (AP)—The story all season with the Los Angeles Rams has been that the defense has been good but the offense poor.

Against San Francisco yesterday the two units got together. Both were poor.

So the 49ers won, 24-17, snapping a losing streak of four games and the Rams failed to beat the only club they've been able to beat this season in the National Football League.

"They just beat us with ball control," said Ram Coach Howland.

Coach Red Hickey had another explanation.

"We fumbled on their goal line and we fumbled on our goal line," the personable redhead exclaimed.

COSTLY FUMBLES

True. San Francisco lost two certain touchdowns when John Brodie, who otherwise had a brilliant afternoon, fumbled on the Ram two, and Bill Kilmer, another ball carrying herp, fumbled on the one.

"We made enough yards in the first half (233) to score 28 points," said Hickey, whose club led by only 7-3 at the half.

The 49ers wound up with 470 yards to the Rams' 247. Of the 49er gains, Brodie accounted for 281 yards with 17 pass completions out of 21 throws, plus two touchdowns and only one interception.

The 49ers rolled up 22 first downs to 13 for the Rams.

Svare was not disappointed with the switch that placed rookie quarterback Ron Miller in as the starting quarterback over veteran Zeke Bratkowski.

Miller stayed in for better than three quarters. He completed 2 of 11 throws for 36 yards, with one interception. Bratkowski completed 8 of 12 for 149 and two touchdowns, with one interception.

"Zeke did move the ball once he had a chance," said Svare.

But Svare said he will decide later who will start against the Minnesota Vikings at Minneapolis next week.

Hickey has no problem on deciding who his quarterback will be next Sunday at St. Louis—Brodie will get the call.

KILMER SCORES

The first 49er score came in the second quarter on a three-yard pass from Brodie to Kilmer, with Tommy Davis covering. Davis' 38-yard field goal followed to make it 10-3 in the third quarter.

At 13:53 of the same period, Kilmer bulled over from the three, and Davis' conversion made it 17-3. Jim Johnson's fine fingertip catch of a 37-yard Brodie toss made it 23-10 with 9:57 gone in the final quarter, and Davis' boot wrapped up the 49er scoring.

The win put the 49ers' record at 4-6, good for fifth in the Western Conference.

UCLA Bruins In Secret Drills

LOS ANGELES (AP) — The UCLA Bruins, shellacked 30-0 by Washington Saturday, start a week of secret drills today in preparation for their traditional donny brook next weekend with USC.

Off their lackluster performance against the Huskies, the Bruins appeared to deserve being 14-point underdogs to the Trojans as favorites next Saturday hasten to remind that prior records mean little when the crosstown arch foes meet each other.

Outsider Picked Back Of Week

SAN FRANCISCO (AP) — The Big Six named an outsider today as its football back of the week—Navy's Roger Staubach, for nearly upsetting favored Southern California in their clash at Los Angeles last Saturday.

USC won 13-6, but Middie Staubach impressed conference officials with this personal performance: Nineteen carries for 113 yards, including an 18-yard dash for Navy's touchdown. Eleven pass completions in 17 attempts for 106 yards.

Clay Offered $50,000 To Fight Eddie Machen

SAN FRANCISCO (UPI)—Promoter Abe Acquistapace offered Cassius Clay a $50,000 guarantee last night to fight Eddie Machen in San Francisco sometime in February.

Terra Linda Upsets San Rafael, 15-6

By RALPH CHATOIAN

The first varsity football season for Terra Linda High has been completed, and despite the loss of six key players for the final game of the year, the Trojans whipped San Rafael High 15-6 Saturday.

About 2,100 (two-thirds from Terra Linda) students and fans turned out to watch the start of a rivalry between the two schools on the San Rafael football field.

Terra Linda seemed to be headed for defeat when six key members of the squad — Ed Connell, Dick Congdon, Don Druesike, Steve Seymore, Ray Miller and Ike Izenour — were suspended from school Friday for clipping the hair of another player in a locker room incident last Wednesday.

It was announced late Friday the boys were not to play in the season's finale. But despite the loss, the gridders of Terra Linda played perhaps their top game of the season and handed the Bulldogs an upset setback.

For Terra Linda it was a team victory. For San Rafael it was a one-man show.

MARVELOUS BACK

The Bulldogs' marvelous halfback, Mike Shafer, picked up more yards rushing than the entire team netted, running and passing combined. Shafer picked up 128 yards running, as compared to the 110 net yards rushing and 16 yards passing gained by the Bulldogs overall.

And the 16 yards gained passing was on two receptions by Shafer, one for 15 yards and the other for one yard. Shafer accounted for 144 yards, averaged eight yards per carry, and scored the lone San Rafael touchdown on a dazzling 85-yard gallop.

That was the first score in the game, coming in the first quarter on the second series of plays by the Bulldogs. Shafer found an opening through his own right tackle, cut to the right and outraced the Trojan secondary for the TD which put the Bulldogs in front, 6-0.

ALL TERRA LINDA

The rest of the game was all Terra Linda, as the Trojans dug in on defense and held the Bulldogs on the San Rafael side of the field for almost all the rest of the game. The closest San Rafael ever got to the Terra Linda end zone during the second, third and fourth periods was to the Terra Linda 45-yard marker.

Terra Linda scored two points in the third quarter on an automatic safety. San Rafael was forced in a punting situation on fourth down on its own 24-yard line. With Steve Spurling back, waiting for the snap from center, the pass sailed over his head and rolled all the way out of the end zone, resulting in the automatic safety. Although he didn't even carry the ball, Spurling was charged with the loss of 24 yards.

DANIELE SCORES

The next score came on the first play of the fourth quarter, when Terra Linda's Jerry Daniele skirted left end from the six-yard line and raced into the end zone standing up. The play ended a 38-yard drive which took eight plays.

Late in the final period, the Trojans drove to the nine-yard line where they received a first down and goal to go. Jack Edwards got the call four straight times, scoring the six-pointer on the last chance.

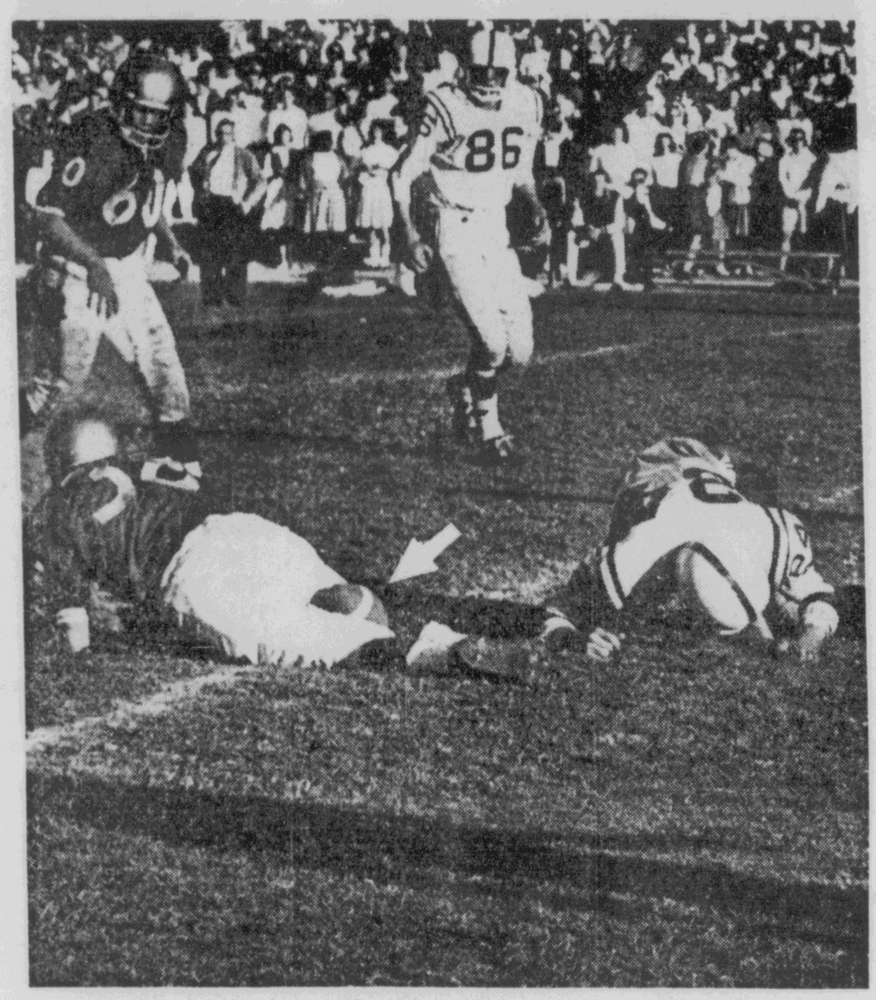
He picked up six yards on his first crack, then was held for no gains on his next two carries, the first over right guard and the second over his right tackle. Then, on fourth down, he took the left guard spot and crashed into pay dirt for the final score of the game.

Edwards was Terra Linda's leading ground gainer with 55 yards in 17 carries. Daniele, the hard-running halfback, picked up 52 yards in 19 carries.

WEIRD PASS

In the second quarter, Terra Linda's ace quarterback Dick Schultze completed his weirdest pass of the season. On a third down and 13-to-go situation, Schultze three a pass which was blocked by one of the charging San Rafael linemen. But it was blocked right back into the arms of Schultze, who tried to move upfield and only got to the line of scrimmage. It was recorded as a completed pass, from Schultze to Schultze.

Terra Linda closed out its season with a 2-4 record. San Rafael (1-4) will wind up its season Thanksgiving morning with Novato at 10:30 a.m. in San Rafael.



INCOMPLETE PASS— Dave Roscoe (38) of Terra Linda tried in vain to catch this pass thrown by Dick Schultze during the fourth quarter of Saturday's game with San Rafael but the play was broken up by San Rafael's Mike Shafer (right). Moving in to assist are Terra Linda's Stan Pareto (60) and San Rafael's Jim Stenvers (86). Independent-Journal photo by Harold Mathias)

North Stars Edge South In Warner Game

The North All-Stars edged the South Stars 14-12 in the Marin Pop Warner All-Star classic Saturday night before a thrilled crowd in College of Marin stadium.

The surprising south team, coached by Lary Brink of Mill Valley, was the first to score after recovering a fumble on the north 30-yard marker. After a series of plays, Tom Mauer of San Anselmo scored from the four.

Coached by Dave Bowman of Terra Linda, the North stars scored their first TD on a plunge from the three by Pat Carney of Terra Linda, with the all-important point after being scored by Bill Meredith of San Rafael.

Then in the third quarter, the South stars scored again, this time on a 45-yard pass play from Tom Fair of Mill Valley to Steve Reiter of Mill Valley.

The second North TD was made by Meredith who raced 55 yards for the TD, with Carney scoring the PAT.

Meredith was voted the outstanding back of the game, and Mike Rosso of the North, also from San Rafael, was voted the outstanding lineman.

Oaks Get First Win In Overtime

OAKLAND (AP) — The Oakland Oaks, who have drawn meager crowds in their first three American Basketball League games, may increase attendance if they play many more games like yesterday's.

Ahead by 13 points with 2:50 left, the Oaks wound up going into overtime before edging the Chicago Majors, 119-115. It was Oakland's first win in the ABL.

Builders Win Fifth Straight

Winning their fifth straight game, the Billings-Hutchison Builders dropped La Fiesta Lounge of the Alameda Winter League 6-4 yesterday.

Ace southpaw Bob De Rosa pitched a five-hitter and for the third consecutive week struck out 10 batters. The big hitting was done by the Builders' Dick Spackman with a single and double and Larry Smoot with a two-run double.

STATISTICS OF TAM VICTORY OVER NOVATO

SCORING SUMMARY

Tamalpais	13	2	0	0—15
Novato	6	0	0	0— 6

Tam Scoring: TDs—Warren Domino, 2-yard run; Tracey Oldham, 53-yard run.
PAT—Domino, run. **Safety**—Ball centered into end zone.
Novato Scoring: TD—Kris Kristofors, 15-yard pass from Roy Otis.

Cadets End Season By Crunching Menlo 25-0

The San Rafael Military Academy Cadets finished out the grid season tied for third place in the Bay Counties League as they clobbered the gridders of Menlo High 25-0 Saturday.

The Cadets, led all season by senior quarterback Lonnie Matthews, won four and lost two in league competition to tie for the third spot with St. Vincents of Petaluma. The California School for the Deaf in Berkeley and Lick Wilmerding tied for the championship with 5-1 records.

Saturday's whitewash was the first time the Cadets have beaten Menlo since 1947. Matthews hit on 11 passes out of 27 attempts for 287 yards to run his season total to 65 out of 122 for 1,190 yards.

Matthews threw two touchdown passes Saturday, a six-yarder to Mel Smith in the second quarter and a 60-yarder to Roger Ulrich in the third period, to run Matthew's season total to seven TD passes.

The Cadets scored their first TD in the opening quarter when Charlie Hoppin crashed through from the three-yard line. The score was set up by an end-around pass play from Jim Sulger to Ulrich. The play originated on the Cadet 40 and ended on the three, for 57 yards.

Matthews scored the other Cadet six-pointer, on a 61-yard punt return. The punt was taken by Rick Hubbard who lateralled to Matthews who rambled all the way for the touchdown.

Head coach Larry Fulton praised his entire defensive team, especially the line which was spearheaded by Dick Squire, a guard on offense and a linebacker on defense. Menlo never penetrated the Cadet 40-yard line.

SIDELINES

Continued from page 19

even occasionally, is the sign of a great quarterback.

IN SPITE of the tears shed over the trading of Tittle to the New York Giants, and in spit of YAT's success, my eyes are dry. If Tittle were still guiding the destinies of the 49ers he would know every seagull in Kezar by sight after watching them from the flat of his back week after week.

Believe me, the Giant line is not in the same class as the 49er line. And if that isn't the understatement of the year, I'll eat it.

ROSE BOWL BOUND

It Looks Like USC

By HAL WOOD
(UPI Sports Writer)

It looks like Wisconsin and Southern California in the Rose Bowl on New Year's Day—But the Trojans still haven't clinched their crown as the "best team in the west."

USC, with an 8-0 record, still has two games to play—against UCLA on Saturday and Notre Dame the following week. If the men of Troy should happen to stub their toes on these two teams (and it doesn't seem likely) Washington still has a glimmer of a chance to make it.

The Trojans are the Big Six champions. But the Big Six picks what it calls the "most representative" team on the basis of over-all play. Washington has a 7-1-1 record and still must play Washington State. And USC beat the Huskies, 14-0.

STILL A CHANCE

"We've still got a chance," maintains Coach Jim Owens of the Huskies.

But, inwardly, he must admit it's only a ghost.

Coach Johnny McKay's USC squad got off the floor to edge Navy, 13-6, on Saturday while UCLA was being drubbed by Washington, 30-0.

Their clash this coming week will attract about 60,000 fans to the Coliseum.

But the biggest crowd of the day probably will be at Berkeley, where 75,000 are expected to be on hand to see a California team that has a 1-8 record take on Stanford, 4-5.

This is the 65th renewal of the annual "Big Game"—a battle that always draws a crowd no matter what the records.

In the other major rivalries this week, Oregon, still hopeful of a bowl bid, takes on Oregon State and Washington meets Washington State.

Stanford had to come from behind to beat neighbor San Jose State, 21-9; while California was being pushed around by Kansas, 33-21. Quarterback Craig Morton passed for all three Golden Bear touchdowns while completing 10 out of 19 for 170 yards.

It was an aerial, too, that put Stanford ahead of the Spartans. Quarterback Steve Thurlow passed 54 yards into the end zone to Danny Spence to give the Indians an 8-3 halftime lead.

BROWN ROMPS

Willie Brown broke open the USC-Navy game with a 56-yard third quarter touchdown gallop for the Trojans; and fullback Junion Coffey pounded over for two scores in the Husky romp over the Bruins.

Quarterback Terry Baker picked up 389 yards from rushing and passing in leading the Beavers to a 25-14 win over Colorado State; and Ohio State smothered Oregon, 26-7.

Fresno State, one of the nation's outstanding small college teams, upset University of Pacific, 18-13, and Washington State put on a 69-yard drive in the last quarter to edge Idaho, 22-14.

Raiders Go Down Again

OAKLAND (AP) — The educated toe of aged Ben Agajanian wasn't enough to pull the winless Oakland Raiders into the winner's bracket yesterday, as Buffalo Bills won 10-6 in American Football League play here before 12,500 fans.

Agajanian, 43, put the ball through the uprights from the 49 and 36 yard lines to give Oakland a 6-3 edge, but quarterback Jack Kemp spoiled this with a third period touchdown pass to former Raider Wayne Crow.

The loss was Oakland's 16th in league play, 10 of them this season. Buffalo, in third place in the AFL's eastern division, now has a 5-5-1 record, but the Bills have won five and tied one of their last six games.

Andrews Wins Gardena Open

GARDENA (UPI) — Gene Andrews, the greying Pacific Palisades amateur, edged his professional rivals yesterday with a final round three-under-par 68 to win the $7,500 Gardena Valley Open Golf tournament.

The 49-year-old Andrews recorded a one-stroke victory with rounds of 68-67-68 for a 54-hole total of 203. He was 10 strokes under par for the 6,300 Western Avenue public course.

MILAN — Renato Moraes, 176, Brazil, outpointed Federico Friso, 208½, Italy, 8.

MANILA — Flash Elorde, 135, Philippines, stopped Puntaironasing Isarasak, 132½, Thailand, 3 (retained world junior lightweight title.

Lema Heads For Orlando Open

MOBILE, Ala. (UPI) — With only four bogeys in four rounds of almost flawless play, west coaster Tony Lema headed toward the Orlando, Fla. PGA Open today $2,000 richer after taking the Mobile Sertoma Tournament by seven shots.

Lema fired rounds of 67-68-68-70—273 over the 7,000-yard municipal course playing to a par of 36-36—72. The San Leandro shotmaker was 15 strokes below regulation figures and two shots better than last year's winning score of 275 shot by Gay Brewer Jr. of Crystal, Fla. Brewer, having trouble with his tee shots, won $625 with a 284 this year.

LOS ANGELES (UPI)— Frank Selvy, Los Angeles Lakers back-court star, was born one day after Franklin Delano Roosevelt was elected president in 1932 and was named after the late President.

LANDING DURING MOCK MANEUVERS

Tanks of the First Armored Division roll from the mouth of an LST and rumble along steel causeway to a beach landing at Hutchinson Island near Fort Pierce, Fla. The action yesterday was part of mock maneuvers, the first since the Cuban crisis, in which 1,500 soldies are taking part. (AP Wirephoto)

Russia Will Emphasize Industry

MOSCOW (AP) — Premier Nikita Khrushchev told the Soviet people today his planners will continue to put primary emphasis on heavy industry and presumably armaments rather than consumer goods.

But he also said fresh efforts will be made to put more food and other consumer goods in the shops.

Addressing a special meeting of the Communist party Central Committee, he asserted that both segments of the economy—heavy industry supplies the armament industry and consumer goods production — must be stepped up through more effective work by local Communist party officials.

The premier called for "radical measures" to shake up the party's organization and work patterns. He said modern times demand this.

"Old organizational forms," he declared, "are, to a degree, becoming a drag on the party's guidance of production."

The meeting of the powerful, 175-member Central Committee was called for the specific task of putting more life into the economy, much of which has been hindered and stifled by excessive bureaucracy but even more by lack of investment capital.

Revealing next year's production plans, Khrushchev said there should be an 8.5 per cent increase in capital goods. For consumer goods the proposed increase is 6.3 per cent.

Khrushchev said capital investment would total more than 33 billion rubles. (One ruble is officially valued at $1.11.)

As for agriculture, he called for an increase of 32 million acres under field crops.

The meeting was behind closed doors. Khrushchev's speech was reported by the Soviet news agency Tass. The session is expected to last the rest of the week.

On the eve of the meeting, the Communist party organ Pravda had defended the government's Cuban rocket withdrawal and accused Red China of siding with the imperialists. The article also made an implied attack on Red China's border war against India.

Nixon Indicates He Will Not Run For Public Office Again

SANTA MONICA (UPI)—Former Vice President Richard M. Nixon has brushed off the controversy over a recent television appearance of Alger Hiss, and indicated again he will never again seek public office.

In a telegram Saturday to Robert E. McClure, editor and publisher of the Santa Monica Evening Outlook, Nixon, the defeated Republican candidate for California governor, said: "What does an attack by one convicted perjurer mean when weighed on the scales against thousands of wires and letters from patriotic Americans?"

Nixon thanked McClure for "your recent editorials and the objective news coverage of my campaign activities during the 16 years I have been in public office.

"As I finish my last campaign for public office I shall always be grateful for the opportunity that has been accorded of serving as a congressman, as a senator, and as vice president of the United States for eight years."

Hiss appeared on the American Broadcasting Co. television show, "The Political Obituary of Richard M. Nixon,' aired a week ago. Nixon was instrumental in the investigation that led to Hiss' conviction in 1950 of perjury.

Nixon's campaign manager, H. L. Haldeman, said the former vice president sent telegrams to several newspapers throughout the country. They were all similar in content, Haldeman said.

The telegram continued, "Looking to the future, I only hope that my voice can help to preserve and extend the kind of opportunity for all Americans which it has been my privilege to enjoy. What few disappointments have been my lot in the world of politics are as nothing compared to the mountain-top experiences which have been mine."

Nixon concluded. "My parting advice to all those contemplating a political career is simply this: It is not whether we win or lose that counts but whether we fight to the best of our abilities for the cause in which we believe."

SHIP ABANDONED

Captain Says Cubans Put Water In Fuel

HAMILTON, Bermuda (UPI)—The captain of a freighter abandoned in a storm that wreaked havoc with Atlantic shipping has accused Cubans of filling his vessel's fuel tanks with water instead of oil.

"We took on 18 tons and 88 gallons of fuel in Havana, and it was 15 tons of water," Capt. Edward Clark, 61, of the East Star said yesterday.

Clark and 12 crewmen were brought to Bermuda after they were rescued from the helpless 155-foot freighter East Star which today was reported to be still afloat.

The captain said the freighter's engines were idled for nine-days by lack of fuel and it had no power to navigate or use its radio. The 643-ton vessel was tossed around by mountainous seas, unable to get aid from passing vessels until the tanker San Gaspar sighted its flares Saturday night.

The flares were first spotted by a plane searching for 18 missing crewmen of the Greek freighter Captain George, abandoned after it caught fire and exploded. Seven members of the Captain George crew survived, but the Coast Guard gave up the search for the missing 18 men.

A number of other vessels required assistance during the gale. A race between two schooners, the Windfall and the Curlew, ended tragically as the Windfall apparently sank off Cape Henry, Va., and the Curlew foundered near Bermuda.

The Curlew's six crewmen were rescued, but the five men aboard the Windfall were lost.

Clark, of St. Joseph's, Nfld., said waves were breaking over the East Star and it was listing 25 degrees with water in the No. 1 hold when the San Gaspar arrived.

He called the harrowing nine days adrift "the worst experience of my life."

The East Star left Havana Nov. 3, the day Soviet Deputy Premier Anastas Mikoyan arrived in Cuba to hold talks on the Cuban crisis.

A Russian circus troupe traveling from Canada had been put ashore in Havana, Clark said, and the East Star set out with what he thought was a full load of fuel.

Four days out of Havana, after a stop in Grand Turk Island to pick up a cargo of salt, the engines began drawing water instead of oil and stopped.

MARIN FIRE CALLS

SATURDAY:

4:25 p.m., Woodacre—Chimney fire at 40 Elm Avenue; no damage.

6:24 p.m., Monte Cristo Tract—Pile of manure and straw near barn of E. B. Franklin at 22 Bosque Road, above Fairfax, burned nearly three hours from spontaneous combustion; extinguished by county firemen.

8:53 p.m., San Rafael Meadows—Chimney fire at home of Richard Collier at 217 Mirada Avenue; checked by county firemen; no damage.

10:05 p.m., Woodacre—Chimney fire at home of Mary D. MacMaule at Ivy Lane and Carson Road; checked by county firemen; no damage.

YESTERDAY:

2:40 p.m., Kentfield—False alarm near Evergreen Drive; open burning.

3:10 p.m., Kent Woodlands—False alarm at 7 acorn Way; controlled burning.

4:20 p.m., Corte Madera—Kitchen fire from grease that ignited at home of Mr. and Mrs. R. K. Miner; Mrs. Miner treated for slight hand burns at Marin General Hospital and released; damage nominal.

10 p.m., Mill Valley—Burning in incinerator after hours at 505 Miller Avenue.

TODAY:

5:28 a.m., Fairfax—Fire in residence of H. Michael Ryan of 142 Dominga Avenue damaged chesterfield, end table and rug in living room; smoke damage to structure estimated at $1,500; cause undetermined.

$2,500 In Clothing Stolen From Garage

Five dozen women's swim suits and about seven dozen sports dresses, valued at $2,500, were taken from the garage at his home at 153 Trellis Drive, San Rafael, some time after 1 a.m., yesterday, Harold Weinstock reported to police.

The apparel was hanging in racks and stored in suitcases after a business trip, said Weinstock, salesman for Cole of California.

Orchid Milkshakes Are Not Impossible

NAPLES, Fla. (AP) — You'll probably never hear a waitress shout: "Two orchid milkshakes to go."

But she could, keepers at Caribbean Gardens say. True vanilla flavoring comes from the seed pod of the orchid and the pods are produced commercially in several tropical countries.

Baby Left By Dying Parents

BEVERLY HILLS (UPI) — A husky 3-month-old boy was found Saturday on the steps of St. Peter's Roman Catholic Church.

Pinned to the boy's clothing was a note.

"We have no relative or relatives with which to leave our son. Please ask your household to pray for us now and at the time of our death."

CONTENTS OF NOTE

The note then explained that the tot's parents were dying. It read:

"Being at this time of a sane and sound mind and will, we hereby renounce all present and future rights and knowledge of our beloved son, whose Christian name is Richard. Our faith has been one of consolation in our hour of despair. With the knowledge that our son is safely in the Church's loving arms, we are at peace."

Attached to the note was the baby's feeding schedule. There was a shopping bag filled with clothing beside the basket holding the infant.

CANCER, TUMOR

The parents asked in their note that Richard be placed in a Catholic home through a Catholic adodption center and raised as a Catholic. The note said the father was a victim of spine cancer and the mother was suffering frorm a brain tumor.

The note continued:

"I am writing this so in your wisdom, piety and goodness you will undersand the heartbreak with which I must explain the terrible and heartrending circumstances which have forced us to leave our son at your doorstep and consign him prayerfully, objectively and humbly to your care, love and guidance."

It was signed, "A loving and sorrowful mother and father."

Decides To Move For Health At Age Of 102

DOUGLAS, Ariz. (AP)—Developers of a Cochise County subdivision say a Pittsburgh man has purchased a desert acre because he thinks living in southern Arizona will improve his health.

He was identified as Tom Brown. His age: 102.

U.S. Warns Europe On Import Policies

PARIS (AP)—The United States told Western European trade officials today that their restrictive farm import trade policies threaten the unity and strength of the West. It warned that Washington has the power to take retaliatory measures.

The American view was outlined in a talk prepared by Secretary of Agriculture Orville L. Freeman for delivery to the agricultural committee of the Organization for Economic Cooperation and Development. Its membership is made up of Western European countries, Canada and the United States.

Freeman's talk had been approved by President John F. Kennedy and Secretary of State Dean Rusk.

"Not only maintenance of trade but the continued unity and strength of the Western world is at stake," Freeman told the meeting.

He said the United States was concerned particularly about farm policies being developed by the European Common Market composed of France, Italy, West Germany, Belgium, the Netherlands, and Luxembourg. Great Britain may become a member soon.

West European producers of wheat, feed grains, rice and poultry — major U.S. exports to that area—are being given preference over American and other outside suppliers through imposition of import levies.

Steps being taken by the Common Market, Freeman said, "are going to be the largest single factor determining whether the agricultural systems of the World are mindful of the need for international harmony or whether agriculture retreats into a shell of nationalism."

The United States, he said, has a policy of promoting liberal world trade. Furthermore, he said it believes the balance of the non-Communist world should follow a similar policy.

"The Congress and the American public find it difficult," he said, "to understand why the United States should maintain liberal access for a wide range of competitive imports if our own agricultural exports are restricted in foreign markets."

"It is essential," he added, "that U.S. negotiators obtain at future trade conferences adequate assurances that access to export markets for our agricultural products is maintained."

Freeman told the Europeans a trade expansion act passed by the last Congress directs the President to take "all appropriate and feasible steps" to eliminate unjustifiable import restrictions on U.S. farm products.

Trappers welcome the presence of polar bears. Valuable arctic foxes often follow them, scavenging from kills.

PILGRIM'S PRIDE

Be A Picasso On Thanksgiving

Proud the "Pilgrim" that fetes her family this Thanksgiving Day with this brilliant colored, home decorated delight. Take your favorite basic cake and frost it all over with your own white, butter-cream frosting. To decorate, take a toothpick and lightly sketch into the frosting the outline of the fruit, leaves and fruit basket. If you make a mistake smooth the frosting with your spatula and try again.

When your outline is just right, take a tube of blue decorating gel in a tube and follow toothpick sketched lines for the overall outline. The fruit basket is then filled in with yellow icing in a tube, using the interchangeable, plastic star decorating tip to create the basket weave effect. Attain this by putting in vertical lines first with a line's space between each one; then squeeze off horizontal lines all across the basket and crossing over the top of the vertical icing lines.

The Autumn leaves are filled with combinations of green, red and yellow gel in tubes to achieve Nature's brilliant hues. The pears, apples, cherries and grapes call for use of yellow, red, blue, white and green gels in tubes to give realistic coloring. Grapes, for example, call for a blending of blue and red gels . . . apples, red gel with yellow gel blended in. The looped cake top accent border may be made with yellow gel . . . outside borders, top and bottom, are yellow icing. The Thanksgiving inscription is in blue gel. Also, all kinds of variations on this design may be made. Try it, it's really easier than it looks to be this year's Pilgrim's Picasso.

Elegant Minted Dessert

At the end of a delicious Thanksgiving dinner, a sip of cordial with the coffee provides a rousing finale. A new dessert technique combines the delectable flavor of a cordial with unflavored gelatine. The combination of ingredients goes into a wide variety of elegant desserts, all perfect for holiday entertaining.

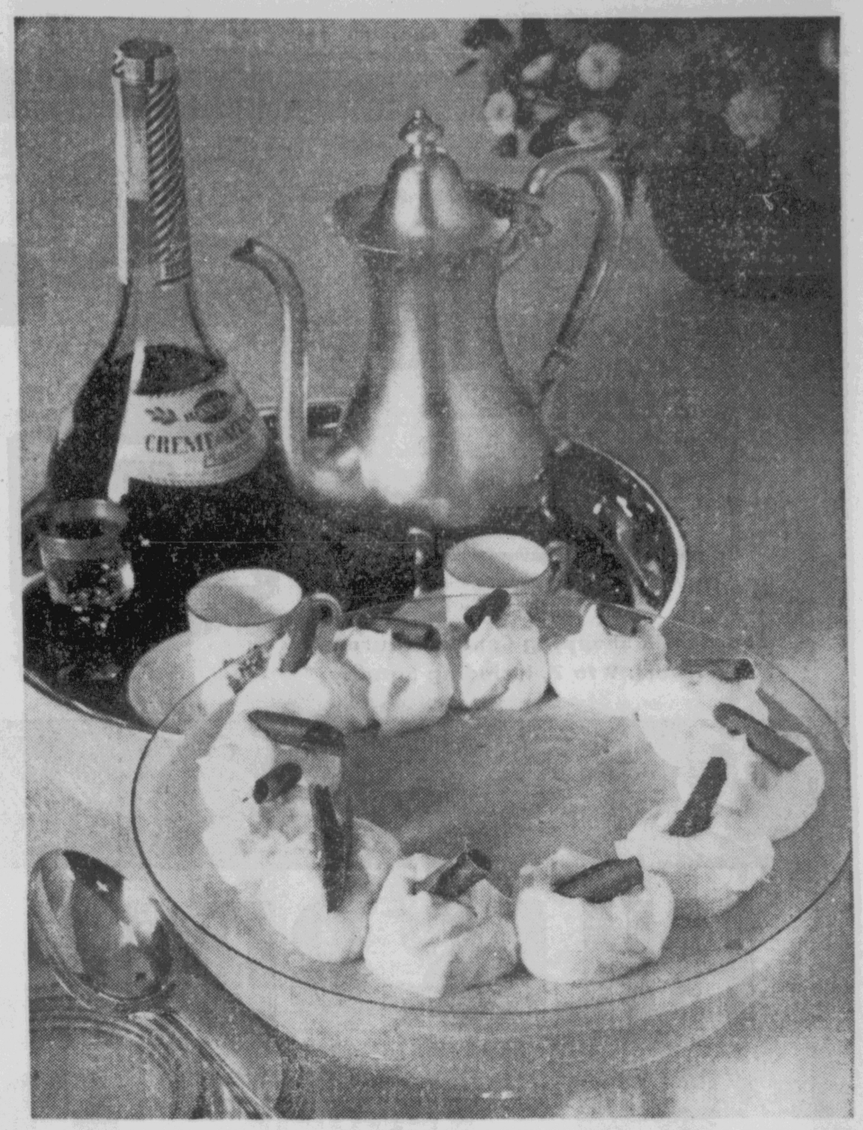
BAVARIAN MINT, for instance, is a simple dessert to make—yet it looks elaborate enough to delight the most discerning gourmet. The newly minted dessert makes use of two cordial flavors, both Green Creme de Menthe and White Creme de Cacao.

BAVARIAN MINT

- 1 envelope unflavored gelatine
- ½ cup sugar, divided
- ⅛ teaspoon salt
- ½ cup cold water
- 3 eggs, separated
- ¼ cup Green Creme de Menthe
- ¼ cup White Creme de Cacao
- 1 cup heavy cream, whipped

Mix together gelatine, ¼ cup of the sugar and salt in top of double boiler. Stir in water; add egg yolks, one at a time, stirring to blend well. Place over boiling water and cook, stirring constantly, until gelatine is dissolved and mixture thickens slightly, about 5 minutes. Remove from water. Stir in Creme de Menthe and Creme de Cacao. Chill until mixture is consistency of unbeaten egg white. Beat egg whites until stiff, but not dry. Gradually add remaining ¼ cup sugar and beat until very stiff. Fold into gelatine mixture. Turn into a 5 cup serving bowl. Chill until firm. If desired, garnish with additional whipped cream and chocolate curls.

YIELD: 8 servings.



FANTASY IN FIVE minutes is Thanksgiving spectacular made with unflavored gelatine and Green Creme de Menthe and White Creme de Cacao.

Water Cress Soup One Of New Mixes

Here's how we make our favorite water cress soup with one of the new mixes.

QUICK WATER CRESS SOUP

- 1 can (2⅜ ounces) cream of potato dry soup mix
- 2 cups cold water
- 1 chicken bouillon cube
- 1 cup milk
- 1 to 1½ cups water cress leaves

Gradually stir the cold water into the dry soup mix; stir until smooth. Add the bouillon cube. Stirring constantly, slowly bring to a boil. Partly cover and simmer 10 minutes, stirring occasionally. Add the milk and water cress; reheat, stirring. Makes 4 small servings.

Pineapple Jubilee Spells Elegance!

Gorgeous golden rings of canned pineapple are combined with tender chicken and dark sweet cherries to create a flaming sensation of the season. This entree spells elegant entertaining for many gala dinner parties at holiday time and on through the winter. Pineapple blends with the select choice of seasonings to create its delicate unusual flavor.

After the chicken is tender and golden brown, blend it with the exotic fruit sauce in a handsome chafing dish or warmer. Then pour on the heated brandy and flame it spectacularly at the table. Salad of several greens and asparagus Hollandaise rounds out a menu worth repeating.

PINEAPPLE CHICKEN JUBILEE

- 6 large boned chicken breasts
- Gourmet Pineapple Ham Stuffing
- ¼ cup butter
- ¾ cup chicken broth
- 2 tablespoons white wine vinegar
- 1 (1-pound 4-ounce) can pineapple slices
- 1 tablespoon cornstarch
- ½ teaspoon seasoned salt
- 1 (9-ounce) can dark pitted sweet cherries
- ¼ cup brandy

Have butcher bone chicken breasts or separate meat from bones with a small sharp knife. Flatten chicken slightly by pounding gently with mallet or rolling pin. Spoon Gourmet Pineapple Ham Stuffing on boned side of chicken. Fold over chicken to enclose filling; skewer with toothpicks or small skewers. Brown chicken slowly in butter, over moderate heat, to a rich deep color on both sides. Add broth and vinegar to pan. Cover and cook slowly 20 minutes. Drain and measure ½ cup syrup from pineapple; blend with cornstarch and salt. Stir into pan liquid. Continue cooking, uncovered, 10 to 15 minutes longer or until chicken is tender. Drain and add cherries to pan along with 6 drained pineapple slices. Heat brandy over hot water. Pour over chicken and flame. Makes 6 servings.

GOURMET PINEAPPLE HAM STUFFING

Dice 4 pineapple slices. Saute with ½ cup chopped cooked ham and 1 tablespoon chopped onion in 2 tablespoons butter. Add ¼ teaspoon powdered ginger and 1 cup soft stale bread crumbs. Mix lightly but well.

Poultry And Peaches

For a new touch to an old favorite, marinate cut-up, salted broiler-fryers in a sauce of 1 cup catsup, ½ cup syrup from canned cling peach halves, ¼ cup salad oil, ⅓ cup vinegar and dash of Tabasco. Broil chicken slowly, basting often. Five minutes before serving, baste peach halves with sauce, sprinkle with Parmesan cheese and broil.

Gingerbread A Hearty Dessert

A hearty dessert is in order when soup's the main course for a noon meal.

Fish Chowder Crackers
Gingerbread with Applesauce
Beverage

GINGERBREAD

- 2½ cups sifted flour
- 2 teaspoons baking powder
- ½ teaspoon baking soda
- ¾ teaspoon salt
- 1 teaspoon ginger
- 2 teaspoons cinnamon
- ½ teaspoon cloves
- ½ cup shortening
- ½ cup sugar
- 1 cup old-fashioned molasses
- 2 eggs
- 1 cup hot water

Sift together the flour, baking powder, baking soda, salt, ginger, cinnamon and cloves. Cream shortening and sugar; mix in molasses. Beat in eggs, one at a time. Stir in sifted dry ingredients alternately with hot water. Turn into a greased and waxed paper lined pan (9 by 9 by 2 inches). Bake in a moderate oven (350 degrees) 40 minutes or until a cake tester inserted in center comes out clean. Turn out or cut in pan. Serve hot.

MARIN BUSINESS And INDUSTRY

By HARRY CRAFT

Building With Steel, Wood To Be Compared At Meeting

Any architect, designer, contractor or builder interested in learning the comparative costs of building with steel and building with wood should get that opportunity at tomorrow night's meeting of the **Associated Home Builders** at Peacock Gap Golf and Country Club, according to Marin manager **Carl Brown.**

A panel discussion by experts who figured in the construction of Marin Bay's two controversial houses of plywood and steel just completed promises to be a lively one and likely to bring out information that was previously lacking. **Hal Weiss** of Twentieth Century Homes who built them, architects **R. R. Zahm** and **David Thorne** who employed two different designs, and representatives of Douglas Fir Plywood Assn. and Bethlehem Steel will unfold all the facts and answer questions.

Inspection of the two houses will begin at 4 p.m. They are on adjoining properties and both have 2,000 square feet of living space. For the tour, present yourself at the Marin Bay sales pavilion. Cocktails and dinner follow at the clubhouse at 6:30 and then the meeting. After a board of directors has been elected for the coming year the discussions will start.

TONY MASCARO, owner of **Diablo Bowling Supply,** San Rafael, now in its fourth year, has appointed **William Hughes** as his new manager. Hughes, a San Rafael resident and experienced bowler, was previously with United Parcel Service.

Diablo Bowling specialized in ball drilling and has added new lines of bowling supplies and trophies for immediate delivery.

SAN RAFAEL painting contractor **Max Miller** says he has discovered the best thing yet for waterproofing and painting buildings, inside and outside. It's called Tuff-Kote, manufactured in Illinois.

Applicable to all types of surfaces—wood, masonry and metal—and is particularly good in cracks and joints which usually open up again with weather changes.

Idea is to "bridge" these openings first with a pliable glass fabric that allows them to expand and contract—instead of trying to fill them. Paint finish is also pliable under extreme weathering.

He says it's been tested by several local industrial firms that are continually faced with this problem and results have been gratifying.

MILL VALLEY branch office for **Pacific Coast Title Co. of Marin** has been opened at 352 Miller Avenue, and president **Rolfe Croker** seems pleased with the takeoff. **Marie Hoy** is in charge as vice president and manager. **Mrs. Charles Fisher** is secretary-assistant.

Office hours from 8:30 a.m. to 5:30 p.m.

KAEHLER-FARRAR DEVELOPMENT, INC., San Rafael, is sponsoring the raising of a tidy $1,100 from employees and subcontractors to provide **Manny Charnow's** senior citizens with an outing Dec. 15. The affair involves a bus trip to San Francisco, lunch and visit to the planetarium in Golden Gate Park.

Marin Catholic High Has Many Clubs Forming

The number, membership and activity of student clubs at Marin Catholic High School are increasing.

The newly organized Science Club has issued invitations to join and will elect officers next semester.

Organization of a French club gives the school three language clubs. Officers are Barbara Hoeschler, president; Judi Silveria, vice president, and Terri Horn, secretary-treasurer. The other clubs are the Spanish and Latin clubs.

The campus Red Cross unit, with Mike Boss as enrollment chairman, is aiming for 100 per cent membership in a month-long drive now in progress.

The boys' and girls' sodalities will sponsor a visit by the Rev. William Ryan, S.J., of the University of San Francisco, who will tell of his experiences during seven years in a Chinese Communist prison camp.

Joins Reserve Group

William E. Lovvorn, principal of Old Mill and Marin Terrace elementary schools in Mill Valley, has joined the 8421st Air Force Reserve Base Support Group at Travis Air Force Base. Lovvorn, an Air Force Reserve Major, is an operations staff officer.

Marin Coast Chamber Re-Elects Marshall

Former Marin County Supervisor James A. Marshall of Tomales will continue to preside over the Marin Coast Chamber of Commerce as a result of re-election of all officers at a dinner meeting of the chamber in Point Reyes Station last week.

Mrs. Emma K. Benevenga of Five Brooks near Olema was again chosen vice-president and Mrs. Harriet M. Greene of Stinson Beach continues secretary-treasurer. Reelected directors include Capt. L. F. Teuscher of Drake Highlands, Don DeWolfe of Point Reyes Station, and Elting Hubbard of Stinson Beach.

Blood Bank Begun At St. Anselm's

St. Anselm's Parish has started a new blood bank reserve fund, according to announcement by Dr. John W. Manwaring, chairman of the Marin Blood Center Executive Committee.

Chairman of the new fund is Joseph P. Murray of 49 Carl Avenue, San Anselmo, with Mrs. Charles J. Lamb of 51 Austin Avenue, San Anselmo, as co-chairman.

Eight donors have already given blood at the local center at 506 Fourth Street, San Rafael, Dr. Manwaring said.

Volunteers from the Marin Medical Society auxiliary have put in 54 hours of time at the center according to report of its supervisor Mrs. Claudia Bessing.

During October, she said, 354 donors gave blood.

TODAY'S EDITORIAL

'...New Nation Conceived In Liberty And Dedicated To...'

For the great majority of Americans, today will pass as just another day in the year, yet it marks the passing of 99 years since one of the greatest speeches in American history was delivered.

It was President Lincoln's immortal Gettysburg address, made on Nov. 19, 1863, at the dedication of the national cemetery at Gettysburg during the Civil War.

Probably no speech in American history holds so high a place in the hearts of all the people. School children have memorized it through the years. It is often recited at patriotic gatherings.

In eloquence, in simple, forceful words, it epitomizes the spirit and the ideals of a great nation. And today, perhaps more than ever in the light of current events and present problems, does it challenge us to keep the standards of true democracy as enunciated by Lincoln.

". . . a new nation conceived in liberty and dedicated to the proposition that all men are created equal," he said.

The equality of all men, regardless of race and creed, still lacks practical application. We fail to recognize human equality when some of our fellow citizens try to bar the doors of a state university to an earnest student because of his skin color.

And there are rabblerousers in our midst who would make the ideal of equality a mockery by turning against Americans because of their religion. Often they attack the Jews, blaming them for the nation's ills. Or it may be the Protestants or the Catholics.

These bigots do not know that real equality—the equality for which Lincoln stood—does not tolerate bigotry of any kind—racial or religious.

It means fairness and justice for everyone, regardless of skin color or way of worship.

It means, basically, judging every man as an individual—and not blaming whole groups for the weaknesses of a few.

Racoons Need No Invitation

In a recent letter a reader pointed out that it was a bad practice to feed the wild racoons because they are dirty little beasts. However, the problem for most Marinites is how to stop feeding Mr. and Mrs. Coon.

They are notorious garbage robbers. If your garbage can lid goes bangity-bang at 2 in the morning it's about an even chance it's a racoon who is playing hide and seek for goodies among the trash.

As far as cleanliness goes, every kind of creature has a few miserable specimens. But we reckon that on the whole, the average racoon is as clean as the run-of-the-mill dog or cat. Some people don't like them either.

This cunning fellow with the masked face and black hands is both a nuisance and a delight.

THREE MINUTES A DAY

By JAMES KELLER

EARLY YEARS SET CHILD'S OUTLOOK

If Johnny isn't doing well in high school, chances are that the root of the trouble can be traced to the attitudes developed in the elementary grades.

A survey made by Dr. Milton Schwebel of New York University claims that poor preparation in the three R's, bad study habits and a poor attitude toward school and learning are the main reasons why children develop an antagonism to learning.

In contrast, "a student who has been properly trained and given a thorough preparation in first and second grade will develop confidence in himself and take pride in doing well in his studies," Dr. Schwebel said.

The findings emphasized the importance of reaching the child before it is too late by getting at the reasons for poor performance.

Parents and teachers have a unique opportunity to shape the future by imbuing children with the qualities of mind, heart and soul that will add purpose and direction to their lives.

"He who provides the sower with seed . . . will multiply your seed, and will increase the growth of the fruits of your justice." (2 Corinthians 9:10)

Bless those, O Lord, who strive to discover and channel the hidden power of young people.

HAL BOYLE'S COLUMN

Santa Now Packs His Bag Before Turkey Is Stuffed

NEW YORK (AP) — Do you have an uneasy, overwhelming feeling that Christmas is near?

I do. I hear the song of Santa Claus ringing clear.

They have already chopped down a giant spruce from a Western site to bring its olde, greene dignitie to Washingtowne, which our people worshippe as the place to which oure taxes doe flowe and from which the true flowre of our being is promised.

As one season leaps upon another new, so our choice is dismayed. Before the flying baseballs of the World Series land, the football is in the air.

The basketball player dribles. The hockey player teases the puck. The people who like to ski don't wait for the snow to fall; they create artificial snow.

The seasons have lost their reasons. Everything now is ahead of what used to be.

I realized this some weeks ago when I received a card wishing me a "Merry Christmas and a Happy New Year in 1963."

Having just discarded our withered, home-carved pumpkin—our daughter likes to sustain the ghostly splendor of a candlelit jack-o'-lantern—we hate to have our appreciation of Thanksgiving pressed upon us unduly by threat of the imminent arrival of Santa Claus.

Before you can fully assume the prayerful attitude of being grateful for what you have, the push is put upon you to confer what perhaps you can't afford.

Such is the rush of seasons that before you can enjoy the harvest — if any, and some years it is small — you are summoned to the great giveaway.

WELL, FOR ONE, I don't like turning the calendar upside down quite that far. Who likes to get a flag on the Fourth of July bought in December, or a speckled Christmas necktie purchased last February?

Planning ahead has its advantages but also its defects.

DON'T GET me wrong. I'm not anti-Santa Claus. I'm speaking of the situation here at home.

If you have a Christmas present you want to send to any dear one overseas, I echo the urgent advice of the U.S. postal service:

"Mail it already—or as soon as possible."

THE CYNIC'S CORNER By Interlandi

"Should we invade Cuba? . . . Good heavens, don't they have enough troubles with the Russians there already . . .?"

MAHOMET ISN'T GOING ANYWHERE

WHAT OUR READERS SAY

Us Good Guys Must Be Safe

EDITOR,
Independent-Journal:

Now that the offensive missiles have been removed from Cuba, (or at least stashed away) by the bad guys, there still remain those bombers. Even if these should be removed in order to avert a nuclear war, there still will exist a whole category of dangerous weaponry at the disposal of the Cuban people. This we cannot tolerate.

All instruments of destruction, including pointed boots and cane knives, should be disallowed in Cuba. Then all that us good guys will have to worry about will be the usual nuisance, rocks and spit.

FREDERIC FERRERA
Sausalito

Don't Impunge Athletes' Integrity

EDITOR,
Independent-Journal:

Ed Randol's "Sidelines" of Nov. 9 suggests strongly that during his college days he spent autumn afternoons lounging on the library steps discussing the dialogues of Plato, or perhaps the latest song hits with the coeds while his less articulate classmates were "scraping pounds of flesh" from each other on the nearby gridiron.

Anyone who has played football above the high school level knows there are many reasons, other than conspiratory mutiny, for a team being unable to function on a given day. One year, during my own pro career, we were in training in Ohio preparing to open the National League season against the Bears in Chicago. We broke the monotony of whacking each other with a "practice scrimmage" against Ohio Wesleyan, certainly a second or third rate college team. What those kids did to us was unspeakable and yet, a week later, we played the very rugged Bears to a tie game at Wrigley Field. You never know.

Granted, a columnist must sometimes dig deep for his story—there must be other material, even for one of small imagination, than maligning professional athletes with a charge "that the team got together and decided . . . to give Hickey the works by gumming up the plays . . ."

That's slander, Mr. Randol, unless you can prove it—and apparently you can't because you had previously admitted "there is no direct evidence to prove the point." There is probably no indirect evidence either.

What you don't learn conversing with coeds on library steps is that a football team is composed of individuals. Each has a definite job to do on every play and the failure of one man is sufficient to gum the works. No collaboration is necessary. And, certainly, whether you love or hate your coach has nothing to do with it.

All the successful coaches I ever knew were tough. Football is a hard game. No matter how much a player likes to play it no two men are naturally inclined to run into each other at top speed. They must be conditioned for it mentally as well as physically, and they'll play for any coach who can condition them, no matter what they think of him personally.

Diagnostician Randol's tracing the Cleveland Brown's poor showing to a "player rebellion against Coach Paul Brown" is slightly nauseating. Brown has been sending in plays from the bench for 20 years or so and the players couldn't care less. They won ball games, drew good crowds, and were well paid, with plenty of play-off bonuses.

The Browns' trouble is that the front office goofed by sending away good men and failing to replace them. But that, of course, makes duller reading than conspiracy and rebellion against the coach.

Sports writers who impugn the integrity of athletes by intimating they are deliberately refusing to do what they are paid to do should realize nothing will more quickly disintegrate the fan clubs and fill the stadium with empty seats. Such sports writers can then turn to typesetting or copy reading, at which they might become quite proficient.

The coach of the professional team on which I labored gave us an inspirational message before each game: "If we lose today two of you guys are going to get fired!" We hated his guts, but we won ball games. We didn't win them all though — that's something else you don't leearn on the library steps, just how tough that league really is.

R. C. MAHAN
San Rafael

What Of Truman And Music Critics?

EDITOR,
Independent-Journal:

Nixon's recent rather angry remarks at a press conference have evoked an odd reaction from a number of Democrats.

With voices aquiver they thank God that this man was not elected President with power to press the atomic holocaust button at his fitful whim or caprice.

It's fun jolting these phonies back to reality by reminding them of Truman's apoplectic outburst at the music critic who had mildly suggested that his daughter's singing ability had not yet attained complete perfection.

TRY AND STOP ME

BENNETT CERF

A very pretty girl was accused of shoplifting. At her trial, her lawyer instructed her to burst into tears every time he thumped the table. She was doing just fine, until a moment when the lawyer banged the table by accident. Her sobs puzzled the judge, who demanded, "What's bothering you now?"

Still weeping, the defendant explained, "My lawyer told me I should weep every time he hit the table." The court room resounded with laughter, but the girl's lawyer turned defeat into victory. "Gentlemen of the jury," he proclaimed, "how can you reconcile the idea of crime with such childish innocence and naivete?"

And, by golly, the jury found her not guilty.

A shiny new quarter slipped out of Mike Breslauer's hand, and rolled clear across the floor and under his bed. "Despite all the economists," pointed out Monsieur Breslauer, "you can see for yourselves that money goes as far as it ever did."

The defendant in a big fraud case showed signs of panic on the witness stand. His high-priced lawyer, seeking to restore his confidence, told him in a stage whisper, "Take it easy, man. All you've got to do is tell the jury, in my words, exactly what happened!"

I-J REPORTER'S NOTEBOOK

By BRUCE COLEMAN

Regardless Of Weather, It's Winter If The Hat With Peanuts Is Stored

For the "peanut lady" of Marin City, it's winter.

Mrs. Bernice A. Chapman has stowed her hand-woven, crocheted straw hat, clustered with peanuts in shells around its rim, away for the season. If she has to wear a hat now, she says, she wears a crocheted beret.

"I bought the straw hat in Florence, Italy, in 1922," said Mrs. Chapman. "Then one day I read in a ladies' magazine that women in New York City were wearing big straw hats with sandwiches, tomatoes and cucumbers around them.

"That was too rich for me. I decided to color peanuts with crayons and sew them on my hat.

"I have never been able to live it down. The bus drivers, if I wear another hat, wonder where the peanuts are. It's the same with the children . . . the children want them and I say 'you can have them but they will be awfully rubbery.' Some of the grownups are a little bit too stuffed shirt."

The peanut lady used to live in Mill Valley and knows a lot of children here. She moved to Marin City, she said, because she doesn't suffer from hay fever there as in Mill Valley.

"I can't buy hats," she related, "I have a 24 head size." She washes her hat in white Ivory soap suds, sews on peanuts when needed.

"I will bring it out again when the children demand it or else in April or May," she advised.

IT'S ALSO WINTER for "Bong Bong," a brown Mill Valley pug who has just obtained his first ski sweater. It's red, white and black, Swedish knit but made in the U.S.A.

Pug owner Tony Letson bought Bong Bong the sweater for skiing, although the pug has not been skiing since she broke her leg when she fell off a ladder at home. "But, normally, she goes skiing everywhere," said Mrs. Letson.

Bong Bong had a car coat last winter but she outgrew it. A Chinese dog, Bong Bong used to be called Bon Bon but Mrs. Letson had the g's added because "it was more Chinese; Bon Bon was too French."

SADIE-APRIL is a dachshund which Mrs. Letson says is the light of her life. This dog was originally named April because she was born in February, Mrs. Letson related. "I added Sadie to her name because I happen to be fond of the name."

Sadie-April has been in the hospital since she tore up a blue sponge and then ate every bit of it.

"Blue is her favorite color," Mrs. Letson noted. "But she also loves to eat the green sheets out of newspapers.

"The sad part about sponge eating," commented Sadie-April's master, "is that if it's plastic, there is little trouble, but if it's rubber, it reacts with hydrochloric acid in the stomach. It swells. The blue sponge was plastic and Bong Bong is coming along well."

JOE CANET COOKED 70 pounds of elk the other night for 200 elk-tasters at Old Mill Tavern. According to Joe, he uses carrots, potatoes, garlic, rosemary and elk. According to Pete and Shirley Baucom, who held the party, the stew was "terrific but the Spanish Joe beans Joe made were better."

Harriet Wilton's phoney pigs, in her store window, have real flies on them.

ROSCOE DRUMMOND

The Political Fact Of Life Is That Democratic Party Is The Strongest

WASHINGTON—Some political commentators are saying that personality made the difference between winning or losing in this year's elections.

This is only part of the truth.

What needs to be realized is that the biggest thing in national politics today is not a personality, but a party; that the biggest and winningest thing in American politics today is the Democratic Party.

What makes this important is not that it is new, but that it is a powerful political constant.

This fact is easy to discern. It is harder to explain.

First, let me put the phenomenon precisely. It is this:

SINCE THE END of the Roosevelt era—in every presidential election from 1948 through 1960—the Democratic Party has been stronger at the polls than any of its presidential nominees (from Truman to Kennedy) and the Republican presidential nominees (from Dewey to Nixon) have run stronger than the Republican Party.

Most Democratic congressional and senatorial candidates have for 14 years run ahead of every Democratic presidential nominee, whether he was winner or loser.

The Republican presidential nominees, whether losing or winning, have run ahead of most Republican congressional and senatorial candidates.

WHY IS THE Democratic Party consistently stronger than the Democratic presidential nominees? Why are the Republican presidential nominees consistently stronger than the Republican Party?

Opinions will certainly differ. It seems to me that one explanation is this:

The Congressional side of the Republican Party is appreciably to the right of the political center of the nation and hence loses one congressional election after another.

But every Republican national convention from 1940 on has chosen a Republican presidential nominee to the left of the center of the Republican Party in Congress. These GOP presidential nominees come very near to paralleling the political center of the nation—as did President Eisenhower.

ON THE OTHER hand the congressional side of the Democratic Party, while left of the Republican Party, is more conservative than any of its presidential nominees from Truman to Stevenson to Kennedy. This is why I believe the Democratic congressional candidates consistently run stronger than the Democratic Presidential nominees.

On balance, the Democratic Party in Congress undoubtedly comes near to reflecting the political center of the nation. This may be why Democratic Congresses under Truman and Kennedy have given Democratic Presidents a great deal of resistance and why the three Democratic Congresses gave Republican President Eisenhower a remarkable degree of support.

The Country Parson

HOW TO PLAY WINNING BRIDGE

By ALFRED SHEINWOLD

National Tournament Will Bring All Kinds Of Players Together

The national tournament, scheduled for Phoenix late this month, will bring together experts of all shapes, sizes and ages from all parts of the continent.

Kibitzers may see such a combination as Harry Fishbein, who has grown gray in 30 years of tournament play, and Bill Root, a youthful seven-footer who demonstrates that nice guys often finish first.

Opening lead — ♣ A

When this hand came along in the summer national tournament in Chicago a few years ago, Fishbein and Root put a defense that gave the kibitzers something to talk about.

KEY PLAY

There was just one key play, but that one was a beauty.

Fishbein opened the ace of clubs and continued with the king. Conventionally, this shows the doubleton ace-king, since a player who holds other cards in the suit leads the king first and then the ace.

After taking the two clubs Fishbein had to lead a suit in which his partner could win the first trick. Then Root would return a club and give Fishbein a ruff.

PROBLEM

In the average bridge game this would be a difficult problem. Does East have the ace of spades or the ace of diamonds? How does West guess which suit to lead at the third trick?

Fishbein didn't have to guess because his partner had already told him. Root saw the problem coming when Fishbein led the king of clubs at the second trick.

Root knew that his partner had no more clubs and that only a shift to spades would defeat the contract.

SIGNAL

Root signalled for a spade lead by dropping the queen of clubs at the second trick.

This unnecessarily high card meant that Root had an entry in the higher side suit—spades.

Root would have played his lowest club if his entry had been in diamonds, the lower side suit.

Fishbein led a spade, of course, and got the ruff to defeat the contract.

ALMANAC

Today is Monday, Nov. 19, the 323rd day of 1962 with 42 to follow.

The moon is in its last quarter.

The morning star is Mars.

The evening stars are Jupiter and Saturn.

On this day in history:

In 1863, President Abraham Lincoln delivered his famous "Gettysburg Address" at a ceremony dedicating the Battlefield of Gettysburg, Pa., as a national cemetery.

In 1959, New York Gov. Nelson Rockefeller urged economic union for the Americas.

A thought for the day: English statesman William Pitts said: "Unlimited power is apt to corrupt the minds of those who possess it."

INAUGURAL GOWN ADDED

The gown worn by Mrs. John F. Kennedy at the inaugural ball was added to the Smithsonian Institute's display of First Ladies special dresses Thursday in Washington, D. C. Mrs. Kennedy's gown, center, is made of white peau d'ange with beaded bodice and an overblouse of thin chiffon. The five gowns shown, from left, are those of Mrs. Dwight D. Eisenhower, Mrs. Harry S. Truman, Mrs. Kennedy, Mrs. Franklin D. Roosevelt and Mrs. Herbert Hoover. (AP Wirephoto)

'American Field Service Night' To Present Exchange Students

An American Field Service Family Night will be held at 8 p.m. Dec. 7 to introduce exchange students from abroad to the public of Marin, Mrs. George Banning of Belvedere, president of the Redwood High School chapter of the AFS, announced today.

The event will be held in the Redwood High School library. Questions will be answered for families interested in having foreign students at their homes next year, Mrs. Banning said.

MRS. JACK WILLIAMS of Ross will be chairman, assisted by Mrs. Banning, who outlined this program.

Redwood instructor Robert Mautner, advisor for exchange students, will be master of ceremonies.

Helene Uddgren, Redwood student, will wear her Swedish costume and sing and play the guitar. Miyoko Ueyama, Novato High student, will appear in Japanese costume for a Japanese dance.

TOSHIKO NAMBA, also from Japan and attending San Rafael High School, will demonstrate flower arranging. Kirsti Suomivuori, Katharine Branson School student, will wear a full Finnish costume.

Other foreign students who will appear are Ellen Steiermann-Lehneier of Uruguay, Sir Francis Drake High School; Odd-Arve Barlindhaug of Norway, Drake; Ollie Massoumkahni of Iran, Redwood; Teresa Torras-Arruga of Spain, San Rafael High; Ahmet Esirigen of Turkey, Terra Linda High; Christiane Stepp of Germany, Tamalpais High; and Carlos Barletta of Argentina, Tamalpais.

Color Film For Children To Be Shown As Benefit

"Robinson Crusoe," a color movie, will be presented by the Ross and San Rafael Guilds of the Louise A. Boyd Natural Science Museum at two theaters on Friday.

It will be shown at the Rafael Theater in San Rafael at 10:30 a.m. and the Tamalpais Theater in San Anselmo at 1:30 p.m. Proceeds will go toward maintenance of the Boyd Museum.

Chairmen of he event are Mrs. Bruce Easom of San Rafael and Mrs. Walter Way of Ross. Their committee members include Mrs. Laurie Felton, Mrs. James Tasley and Mrs. Andrew Noble of Ross; and Mrs. Charles Clifford and Mrs. Wallace Curtis of San Rafael.

Tickets may be obtained from Guild members and at the museum in San Rafael.

Village Salvage Shop Elects Mrs. Evan Pugh To Head Board

Mrs. Evan Pugh of St. Stephen's Guild in Belvedere, has been installed new chairman of the Village Salvage Shop board. The shop, which is located on Main Street in Tiburon, is operated by five non-profit organizations on the Tiburon Peninsula.

New officers installed with Mrs. Pugh are Mesdames C. A. Kircher, manager and historian; Victor Avilla, assistant manager; Michael Hemovich, recording secretary; Harold Tomrose, corresponding secretary; S. L. Parodi, treasurer; and Richard MacLaury, publicity.

Representatives of the organizations cooperating in the Village Salvage Shop are Mesdames Harold Tomrose and Marvin E. Denekas, Westminister Presbyterian Church; Edgar Reed and Michael Hemovich, St. Hilary's Women's Guild; Cabell Gwathmey and Pugh, St. Stephen's Guild; S. L. Parodi and Richard MacLaury, Reed District Parent-Teacher Club.

A special children's room has been developed by Mrs. Gwathmey, representative for St. Stephen's Guild. Baby scales, bathinettes and clothing for children are current items at the shop as well as ski boots, kayak oars, cameras and photodeveloping tank for hobbyists.

Upsilon Gamma Will Give Dinner To Honor Pledges

Upsilon Gamma chapter of Beta Sigma Phi will honor new pledges at a dinner tomorrow.

A social hour at 7 p.m. will precede the dinner at 8 p.m. at the Officers' Club, Hamilton Air Force Base.

The candlelight ceremony will be presented during the pledge ritual, and the tables will be decorated with yellow roses, the chapter flower.

New pledges to be honored are Mesdames Robert Douglass, Ronald Lord, Ray Brennan, Roy Seiker, Ralph Donohue, Tom Hart, Irving Chapman Jr. and Ruby Lounder.

Upsilon Gamma Chapter will present a Thanksgiving basket to a family in Novato.

As a service project, a $50 merchandise certificate will be presented at the Upsilon Gamma Christmas party Dec. 15. The party, which will include husbands of the members, will be held at the George McDaniel home in Novato.

Barbara Marie Pedersen Bride Of William Jolliffe

In a ceremony at the First Presbyterian Church in San Anselmo, Barbara Marie Pedersen became the bride of William Marsh Jolliffe.

The bride is the daughter of Mr. and Mrs. Robert Pedersen of San Rafael.

The Rev. E. W. Remley officiated for the 2 o'clock double ring ceremony.

Escorted to the altar by her father, the bride wore a gown of taffeta peau de soie fashioned with re-embroidered lace and seed pearls.

Preceding the bride down the aisle in frocks of blue and green satin brocade were Peggy Teague of San Francisco, maid of honor, and bridesmaids, Linda Puente and Carla Petersen of San Francisco and Carol Fullerton of San Rafael.

Little Laurie Jo Jolliffe of Fort Morgan, Colo., the bridegroom's niece, was flower girl. She wore a dress of white taffeta satin. The bride's brother Edward Pedersen served as ringbearer.

John Lienkaemper of San Francisco acted as best man. Ushering guests to their seats were Pat Jolliffe of Fort Morgan, the bridegroom's brother; Walter Pedersen of San Rafael, brother of the bride, and Dennis Beecher of San Francisco.

A reception followed the ceremony at the Outdoor Art Club in Mill Valley.

The bride was graduated from San Rafael High School and St. Luke's School of Nursing.

The bridegroom, son of Mr. and Mrs. Francis Jolliffe of Fort Morgan, was graduated from Wentworth Academy Junior College and attended Colorado State College. He is now attending the San Francisco College of Mortuary Science.

Following a wedding trip to Lake Tahoe, the newlyweds will reside in San Francisco.

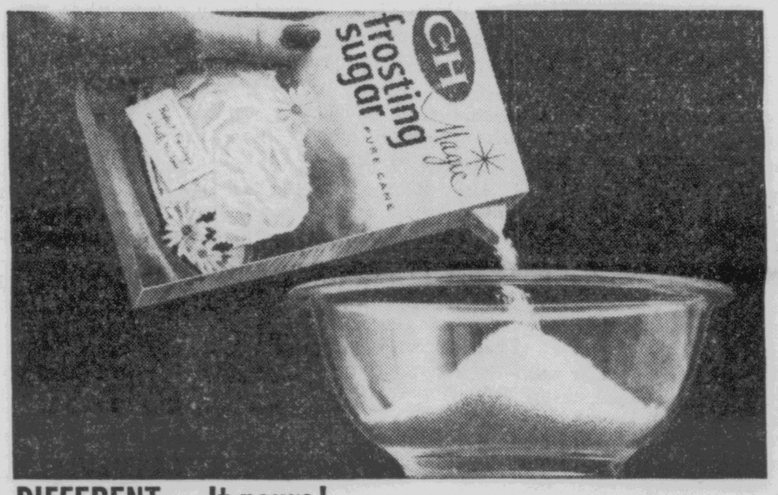
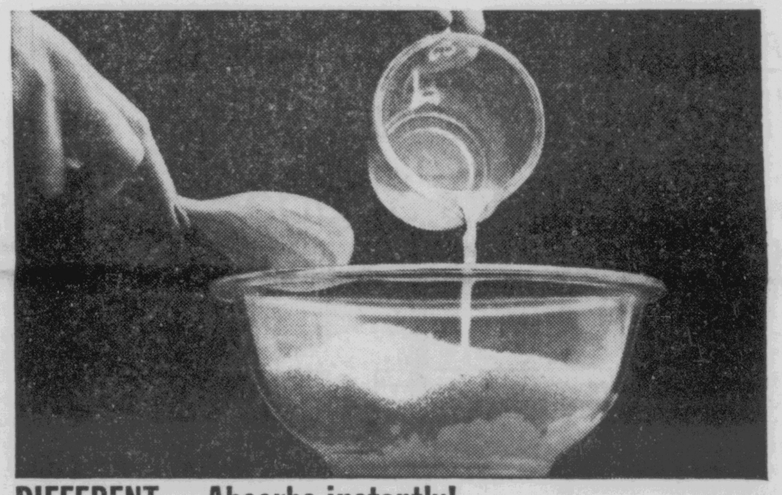
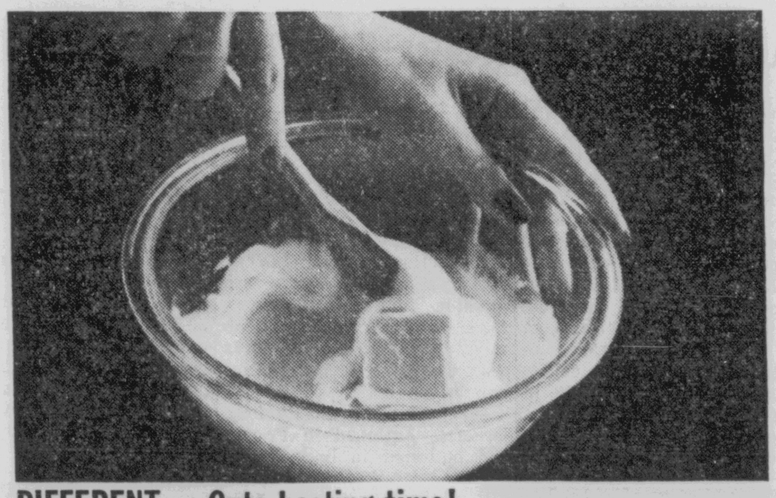
Now! Home-made frosting in half the time (and you never made it so easy!)



DIFFERENT... It pours! No lumps, no sifting, no powdery "dust". Amazing new C and H Magic Frosting Sugar just can't cake. Easily *pours* from a handy spout. *(Compare with powdered sugar!)*



DIFFERENT... Absorbs instantly! You can add liquid right to C and H Magic Frosting Sugar. Instantly it's absorbed, then easily stirs to creamy smoothness. *(Compare with powdered sugar!)*



DIFFERENT... Cuts beating time! Blends so easily with either butter or margarine... New C and H Magic Frosting Sugar cuts beating time by more than half! *(Compare with powdered sugar!)*

DIFFERENT... Makes smoother frosting! Spreads so beautifully without tearing your cake. Holds its shape, gloss and luster. Smooth, creamy, delicious. *(Compare with powdered sugar!)*

New C and H Magic Frosting Sugar

New Discovery from C and H Sugar... And *only* from C and H! Amazing New Magic Frosting Sugar. Nothing else like it! All pure cane sugar. Dissolves instantly, even in cold water.

New Time-Saving Method! With C and H Magic Frosting Sugar you make frosting a new *easier* way. Add liquid to the sugar *first*, gently stir to creamy smoothness, *then* blend in the butter or margarine. See wonderful "new method" recipes on package.

Get C and H Magic Frosting Sugar today... the new frosting sugar with the "happy blending". Look for it in the sugar section of your favorite food store.

Camouflage Becomes The Style

DEMI-FIT SUIT for spring has been created by Stanley Nelson of California using jersey wool ottoman, a fabric milled for that fashion house. Two diagonal welt pockets on each side of the three button closure, notched collar and slimming skirt give the outfit versatility. Pimento red shown with light accessories.

BEVERLY HILLS —(UPI)California Fashion Creators were giving diet foods a run for the female pocketbook.

Dress creations reflected an attempt to accentuate the positive and eliminate the negative. The camouflage was not dishonest—but was done with clever design and color engineering.

A heavy waist was complemented by blouson sheath . . . lengthened suit coats covered hips . . . the bustline was enhanced by color patterns and embroidered . . . and the skimmer covered a multitude of imperfections.

Thirty-eight members concluded five-day fashion show at the Beverly Wilshire Hotel for the 12th annual national press week.

Charles LeMaire, designer for Dan Gertsman—California, showed editors that years in motion picture design rooms could be used to the advantage of the popular priced market.

THE THREE-TIME Academy Award winner bloused backs of the basic sheath to divert attention from the waistline. He mixed . . . matched . . . covered . . . jeweled . . . and draped the sheath.

The resulting silhouette was slender. Understated colors such as honeycomb, green gold, grey and subtle stripe combinations enhanced the line.

Irish linen and Italian silk were most popular. But synthetics found their place on the fashion racks including etruscan rayon, swissera or cottena —dacron and cotton.

The loose-fitting, button-down dress coat appeared in almost every fashion house as well as doublebreasted coats and dresses.

The LeMaire unrestricted look was personified in a black skimmer which drifted easily to just below the knee. The sleeveless, sheer wool creation was dressed up or down by panels falling from the shoulder. They could be tied in front or draped from the back.

PEGGY HUNT retained her trademark of the square neck sheath with accented bodice. The bustline usually was draped in cluny lace or emphasized with Venice lace applique studded with rhinestones and embroidery.

Skimmers were popular with Georgia Bullock. Colors started from brilliant palomino and cooled to greys. Silks or worsted wool dresses were matched with tunic or full-length coat. Suit sleeves usually were three-quarter length.

Many houses used the bias inset midriff or doublebreasted designs to complement the figure.

Addie Masters introduced a convenience — h o o d s. They were of airy chiffon prints matched with her traditional wool jersey dress. The beltless silhouette was shaped with intricate seaming.

The Masters set-in waistband allowed individual preference on belting and eliminated bulky waists.

TWO AND THREE part costumes, overblouses, matching coat linings and the long suit coat or tunic approach was used many times.

The skin-tight look disappeared from 1963 spring fashions and was replaced—in most cases—with long, flowing lines. Comfort and ease were substituted for binding styles.

Simplicity and uncomplicated fashions were totally accepted.

POWDER GRAY Italian silk is eye-catching in this costume suit with its short, stand-away jacket lined with black, white and gray silk print to match the blouse top of dress. It's also available in colors. By designer Don Loper.

Colorimeter For Tomatoes

The United States Dept. of Agriculture has proposed new standards for grading tomatoes for processing which incorporate the use of a new tomato colorimeter recently developed by the Agricultural Marketing Service.

The colorimeter, a photoelectric instrument, will provide an exact measurement of the color of tomatoes — the most important factor in grading.

Good Teen-Agers Aren't Ones Who Make Blackest Headlines

"Teen Attack Victim Dies".... "Boys Assault" Girl....."Teen Holdup Gang Nets Thousands" ....."Girl of 14 Heroin Addict." Did you see those headlines? Bad teenagers make news. Good kids don't. I want to tell you about three ordinary, run-of-the-mill teenagers who'll never hit the headlines.

"Mary" made friends with a blind girl who attends her school. She found that some of the textbooks were available in Braille, and some weren't. So Mary learned how to use a Braille typewriter. Now she types out the chapter summaries in the needed books so her friend can do her own studying. If Mary had more time she'd type the entire books for her.

"Bill" is a football player. On tthe way hame after a game, he noticed two young hoodlums trying to persuade a frightened freshman girl to get into their car with them. The girl refused. The boys started to drag her, against her will. Bill told the boys to let her go. He doubled up his big fists, ready for action. The boys took one look at Bill, and retreated. Then he escorted the girl home. He didn't even ask her name.

"Linda" is helping her mother live through the ordeal of an unwanted divorce. Linda's father fell for another woman. He ordered his f a m i l y out. Linda's mother went into a breakdown. Now she is home again, and recovering. Linda is always cheery, always helpful. She does all her studying at school. She spends her afternoon and evenings doing things with her mother. She follows the psychiatrists's suggestions carefully. Linda is a tower of strength.

READERS' FORUM

(Q) "Should high school put children in classes according to their ability? Or should children of all abilities be placed in each class?"

Mrs. E. W.

(A) Ability grouping is best, provided it is carefully done. Then the bright children get enough work to keep busy, and the slow ones aren't forever faced with failure. Many school now group children by ability.

SEW SIMPLE

Binding Skirt, Making Toys Of Scrap Fabrics Suggested

By EUNICE FARMER

"How can I insert corded binding between the waist and skirt of a dress without the stitching being too far from the cording?"—Mrs. L.D.W.

Dear Mrs. L.D.W.:

When you cover the cording with the bias strip of fabric, use your zipper foot so you can stitch very close to the cord.

The first step in applying this covered cording to your dress is to pin it to the bodice so that the machine stitching will be exactly over the seamline. Machine stitch this to the bodice, again using the zipper foot. This stitching will be directly over the first stitching.

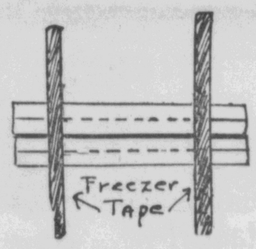
Last, pin the skirt over the bodice and machine stitch the two sections together, using the stitching that appears on the wrong side of the bodice as a guide. Once again, use the zipper foot, and if you have been accurate with each step, you will have professional results.

Mrs. B.R. says: "I put my scraps of fabric, bits of lace, bias tape, left over trimmings, buttons, etc., in a gift box. I then add a spool of thread, a few pins and needles and a small doll and presto you have a Christmas gift that will make any little girl happy (with very little cost to you).

Mrs. Barbara Averill, Fairfield, Ia., wins this week's tailor trix pressing board for this suggestion:

"The use of colored freezer tape is a simple way to hold the welts for your bound buttonholes in place as you are stitching. It also will provide an accurate mark for the stitching to begin and end.

"Use a narrow strip of colored freezer tape and lay it over the two welts for the buttonholes e x a c t l y even with your guide basting. Do the same for the other end of the buttonhole where the stitching will end." (This is especially helpful for the beginner and is the easiest way ever suggested to me as an aid.)



(Now is the time to send for your free leaflet on detailed instructions for "Bound Buttonholes." Send your request with a large, self-addressed, stamped envelope to Sew Simple in care of this newspaper.)

Mrs. D.L. of Vancouver, British Columbia, asks if anyone has a pattern for large snow mitts for children. The mitts are made of a soft plastic fabric with a jersey type backing and are so roomy they can be worn over other wool gloves. They are especially nice for keeping gloves and j a c k e t sleeves from getting wet during the snow season.

If you know of such a pattern, please send it to Sew Simple.

"My daughter is taking sewing in high school and needed a slide fastener for her dress. The only one available was made of plastic and I am wondering if there is any special information available on this new type of fastener?"—Mrs. F.V.

Dear Mrs. F.V.:

Yours is just one of many letters I have received concerning these new type fasteners. I have checked into them rather thoroughly and will relate the information I have gathered. As with any new product, we must be educated to the "do's and don'ts." The new fasteners you are referring to are nylon, not plastic. If you will give them the care you would give any fine nylon product, they will respond by giving you many extra benefits.

The fastener is made of nylon coils which mesh together, leaving no sharp edges to catch threads or frayed fabrics. They are noticeably smaller, lighter weight, color fast and more flexible, yet the strength remains the same.

The only thing that can permanently weaken these nylon fasteners is excessive heat. Close the fastener before ironing (this was always recommended for metal ones). If it must remain open while you press, use a press cloth over the fastener area. If it has been weakened by excessive direct heat, it will have a tendency to separate.

Main Trends In New York Scene Are The Pullover And Nautical

By PATRICIA McCORMACK

NEW YORK (UPI)—The nation's trend-setting designers, completing the third week of spring openings in New York, are offering Easter parade fashions for every taste and shape.

Their smorgasbord includes silhouettes for the tall-thin, the short-plump, the thin-short and the tall-plump figures.

Stressed repeated in collections of clothes that will be in stores by January was the pullover or nautical look. The pullovers, buttoned down the back, make suit jackets. But the pullovers go into evening and daytime dresses and costumes, too.

Main courses in the smorgasbord:

COATS come slender and full, but the big trend is to the slender silhouette, usually with a set-in belt, set-in sleeves, flaps on pockets. Almost always, a coat is set off by a scarf that trails or is tied in a bow at the neck.

—SUITS come mostly long jacketed, buttoned in f r o n t and buttoned in back. Some bare belted. The jackets follow demi-fitted lines. Skirts leave walking room and range from slightly gathered to flared and box or kick plated. Overblouses and scarf-tied neck accents predominate.

—AFTER DARK dresses include filmy columns and full-skirted silhouette. It's about 50-50 on the peek-a-boo types exposing lots of neck and back versus the ones with m o r e cover. Evening coats include flowing satins and even some made of drapery or upholstery fabric.

PEARLY MAJESTIES IN SAUSALITO

One of the highlights of Friday's "Petticoat Lane Market-Fair" in Sausalito was the appearance of the Pearly King and Queen of the cockney costermongers in London's famed market. General chairman Mrs. Walter J. Flegal explains to them how she got the idea for naming the fair from visiting the Petticoat Lane market in London. Standing behind the Pearly King is Mrs. Alan Conner, president of Christ Church's St. Brigid's Guild, which sponsored the event.

MARIN DATEBOOK

Tonight:

Jangle Jewelry

Spring costume jewelry will be heard as well as seen. Previews of pins looking like a steal from the crown jewels featured clusters of stones the size of eggs. The noise comes from the jingle-jangle of three to four-inch streams of pearls and beads stuck to the clustered jewels.

Television Conference

A series of conferences to outline research projects on the impact of television on children will be held this fall under the auspices of the U.S. Department of Health, Education and Welfare.

Marin Women

Nutrition Fads And Fallacies Are Noted

By MRS. BEULA B. MARBLE
Past President,
American Dietetic Assn.

CHESTNUT HILL, Mass. (UPI) —Women love to ride hobby horses. When it comes to food, what a ride we've had on our pet mounts.

Remember when we stuffed our children with spinach and ourselves with bran? Nowadays we are getting a little weary of the struggling ride to slim down with formula diets, especially to stay slim.

We're hep though with poly-unsaturates, dashing off on some daring canters. "Pull in the reins on this young colt," the experts in nutrition, the scientists themselves, would tell us.

This colt may be one, but only one, of a span of horses in nutrition. For actually, there are 60 horses in the span, each an essential nutrient and all of them pull together in really good nutrition.

RIDING ONE horse off on a tangent of nutrition provided some lively listening for professional dietitians at the annual meeting of the American Dietetic Assn. in Miami Beach, Fla., recently.

Among New York society women the current favorite as reported by Dr. Schulte and Professor Munves of New York University is that soil depletion causes malnutrition. To be sure, poor soil does reduce the amount of food it yields, but the soil itself has very little effect on the quality of the food. Whether its a winesap or a delicious makes much more difference in an apple than the soil it grows on.

HER FIGURE-CONSCIOUS friends, Dr. Margaret Ohlson said, still disdain potatoes and breads but never pass up the lemon pie. Dr. Ohlson's friends in Iowa are no different from the rest of us. According to the U.S. Department of Agriculture food consumption studies, we are eating less potatoes and grain foods in this country than we did 25 years ago. We still eat about the same amount of sugar and fats, but more animal foods.

Yankees making a meal in Florida of just a tossed green salad, a roll and a glass of iced tea had the visiting dietitians peering at the salad for pieces of chicken or cheese or some good protein food. It wasn't there. And why not? "Don't need as much protein in a warm climate," was the answer.

The fact is that a Yankee has the same protein needs whether he takes his body to Alaska or Florida, or just plain stays home.

VITAMIN HOBBYHORSES have enticed us on glamorous and expensive excursions. It's been a long ride from the days of eating yeast cakes and hoping gray hair would turn brown again—there are easier ways to do it now—to more sophisticated capsules and foods fortified with vitamins. There have been some accidents too on the vitamin ride, especially from overdosage of vitamin D in children. If a little bit is good, more is not better.

This is true of vitamins and other nutrients too. Enough is enough.

It is easy for Americans to get the vitamins they need just by choosing a good variety of foods which are available in any grocery store. Vitamin supplements belong in the physician's province to be used when there is a need for them.

Poly unsaturated fatty acids are just one facet of the fat picture and fats are only one of the factors implicated in heart disease. A cautious ride with oils and the new margarines may be acceptable for some people while the scientists discover all of the pieces of the puzzle and put them together.

THREE MEMBERS of St. Brigid's Guild of Christ Church point out "some exceptional values" in the booth planned by Mrs. Agnes Gump for "Petticoat Lane Market-Fair" in Sausalito. From left they are Mesdames Richard Robbins, guild treasurer; William Cleary, co-chairman for fruit cakes; and Russell Ryan, who made many of the ornaments displayed. The customer is Mrs. James Enzensperger. (Independent-Journal photos by Jim Kean)

HOW TO KEEP WELL

By DR. THEODORE R. VAN DELLEN

Everyone Should Learn What To Do In Case Fire Strikes At Your Home

VAN DELLEN

There is nothing more terrifying than to be trapped by fire. Is your family prepared for this emergency? Do you have the telephone number of the fire department near your phone? Where is the nearest call box in your neighborhood?

Those who know what to do ahead of time are likely to get out alive. This is seldom appreciated because most of us have never gone through the experience.

There is no substitute for pre-planning in case of fire. Get the family together this evening and discuss the possibility. Teach everyone how to notify the fire department quickly and correctly. Firemen do not look for the smoke; they can get there faster when the address is known.

TALK ABOUT exit routes and be sure they are clear, especially of objects that burn readily or block escape. The discussion should include the availability of methods to fight small fires with water or extinguishers.

A hose in the basement, for example, is a powerful weapon if it is near a faucet and ready to use. A bucket of sand or a blanket also helps smother some fires. Portable home extinguishers are available.

Don't neglect to talk over the possibility of fire with the babysitter. She ought to know the escape routes and the right way to call the fire department. Have her follow the fire authorities' advice: "Get everybody out fast and don't go back in."

FIRE PREVENTION is a story in itself. Most victims die because they were asleep and didn't waken in time to escape the heat and smoke. The mortality rate from fires is high among unattended children; panic and ignorance play a major role.

Now is the time to take action, as your home may be next.

(Dr. Van Dellen will answer questions on medical topics if stamped, self-addressed envelope accompanies request.)

CLIMATE AND SINUS

A. F. writes: Would moving to a warm climate help a person with sinus and bronchial disease?

REPLY

This is an individual problem that every victim of these disorders must work out for himself. Dry, warm air helps those with considerable congestion of the membranes. But some cannot tolerate the dust. The low humidity in the desert has an adverse effect when the membranes have been infected for years and are dry and leathery. These individuals feel better in the moister, warmer parts of the country.

OBSTRUCTED COLON

F. B. writes: How can you tell if you have obstruction of the bowel?

REPLY

This is a painful and serious condition. When obstruction is complete, nothing passes, the intestine balloons up, and in time goes into reverse, causing nausea and vomiting. Toxins develop and death ensues unless corrective surgery is done.

A partial obstruction is associated with cramping that does not respond to the usual drugs that relax the intestine.

SITE OF CANCER

A. G. S. writes: Does bronchogenic carcinoma mean cancer of the lung?

REPLY

Yes; this is the commonest type of lung cancer. It originates in the wall of a bronchus and not only obstructs the air passageway but spreads throughout the lung and the rest of the body. This is in contrast to pulmonary malignancies that begin along the outer edge of the lung.

DENTURE SENSITIVITY

R. B. T. writes: Is there any way to determine beforehand whether you are allergic to the plastic used in dentures?

REPLY

Ask the dentist for a sample and tape it to an area of your skin for two days, or hold it in the mouth for several hours. A poor alternative is to find out the ingredients of the dentures and ask your physician to conduct allergy tests.

Today's Health Hint — The skin reflects health and disease.

Life Of Dog Is Not So Bad

LOUISVILLE, Ky. (AP)—Around the neighborhood, Boomerang is known as the dog with the unusual charge account.

Every afternoon, when he hears a bell tinkle, the 6-year-old cocker spaniel deliberately stretches himself on the street in front of an oncoming vehicle.

The driver stops, looks over the flavors of ice cream he's selling, and selects a cup for the dog. He then jots down the transaction in a little book.

At the end of each week, Boomerang's owner, Joe Fugatte, shows up to settle the account.

St. Louis University Medics Are Grateful

ST. LOUIS (AP)—The alumni of St. Louis University's medical school are apparently a grateful lot.

The Journal of the American Medical Assn. reports that alumni contributions to the medical school in 1961 were the highest among the 86 medical schools in the nation.

Belvedere Eyes Tract

The Belvedere City Council will hold a special meeting at 8 p.m. Wednesday to act on a final subdivision map and offer of dedication by West Shore Co., it was announced by City Clerk Britton Rey.

Yell Leaders Vie At Rafael High

San Rafael High School students will elect basketball season yell leaders tomorrow.

Three competing slates of candidates "showed their stuff" in a noon assembly in the school auditorium today. They are: Mike Britting with Barbara Johnson, Stuart Drange, and Barbara Ellis; Bob Magladry with Linda Stone, Lane Retallick, and Bruce Howard, and Louise Pharms with Bob Olsen, Rich Tegler, and Steve Manske.

If a runoff election is necessary, it will be held Wednesday.

Did This Victim Need Stretcher?

OLEAN, N.Y. (AP)—Firemen on an ambulance run struggled down two twisting flights of stairs, carefully carrying a man on a stretcher.

At the bottom, they put the stretcher down to rest.

The "victim" spied some mail in his mailbox, calmly got up and removed it, then lay down again with the remark: "I might want to read this in the hospital."

Pesky Cockroach Looking For Home

COLUMBUS, Ohio (AP) — A note on the pesky cockroach: They are active at night and may wander freely outdoors.

They live only where they can find food and shelter, say specialists at Ohio State University.

NOTICE INVITED SEALED BIDS
IN THE MATTER OF THE CONSTRUCTION OF IMPROVEMENTS IN BRET HARTE DRAINAGE ASSESSMENT DISTRICT, CITY OF SAN RAFAEL, MARIN COUNTY, CALIFORNIA

Pursuant to the provisions of the Municipal Improvement Act of 1913 and to resolution of the City Council of the City of San Rafael, Marin County, California, directing this notice, said City Council hereby invites sealed bids and proposals for doing the work and improvements described in Resolution of Intention No. 2606 in the above entitled matter. Said Resolution of Intention is hereby referred to for a description of said work and improvements, the lines and grades to which it is to be done, a description of the district to be assessed to pay for the costs and expenses thereof, the bonds to be issued, and for all further particulars contained in said Resolution of Intention. Reference is hereby further made to the plans and specifications and detailed drawings for said work on file in the office of the City Clerk of the City of San Rafael, in accordance with which said work shall be done.

NOTICE IS FURTHER GIVEN that the City Council of the City of San Rafael has heretofore established a prevailing rate and scale of wages for work to be done, in accordance with the provisions of Sections 1770 and 1773 of the California Labor Code. Said scale of prevailing rates so determined is, by this reference, incorporated herein and made a part hereof.

The contractor shall, in the performance of the work and improvements, conform to the Labor Code of the State of California and other laws of the State of California applicable thereto, with the exception only of such variations as may be required under the special statutes pursuant to which proceedings hereunder are taken and which have not been superseded by the provisions of the Labor Code. Preference to labor shall be given only in the manner provided by law. Veterans and resident local labor shall be given preference by the contractor whenever possible, if skill and working ability permit without increasing the ultimate cost of the work and improvement to the City Council of the City of San Rafael.

All proposals or bids shall be accompanied by a check payable to said City of San Rafael and certified by a responsible bank for an amount which shall not be less than ten per cent (10%) of the aggregate of the proposal or by a bond for said amount and so payable, signed by the bidder and two sureties who shall justify, before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions, or by a corporate surety in said amount satisfactory to the Engineer of Work.

Said proposals or bids shall be delivered on or before the hour of 2:00 P.M. on the 10th day of December, 1962, at the office of the City Clerk of the City of San Rafael, City Hall, San Rafael, California, which said time and place are hereby fixed as the time and place of a public meeting at which said bids will be publicly opened, examined and declared, will be calculated by the Engineer of Work of Bret Harte Drainage Assessment District, their report returned to the City Clerk, and the report of the results of the bidding and the calculations of the Engineer of Work will be reported to the City Council of the City of San Rafael at the next regular meeting thereof. The City Council of the City of San Rafael reserves the right to reject any and all proposals or bids should it deem this necessary for the public good, and also the bid of any bidder who has been delinquent or unfaithful in any former contract with the City of San Rafael.

Plans, specifications and contract documents are available at the office of the Engineer of Work, DAN COLEMAN ENGINEERING, 1255 Post St., San Francisco, California, Suite 1255, upon the payment of $20.00, which sum will be refundable upon return of the plans and specifications in good condition.

DATED: November 5, 1962.

No. 1559 Nov. 12, 19, 1962

PROJECT NO. 102-6101
SIR FRANCIS DRAKE BLVD.
MARIN COUNTY DEPARTMENT OF PUBLIC WORKS
SAN RAFAEL, CALIFORNIA
NOTICE TO CONTRACTORS

Sealed Proposals will be received by the Clerk of the Board of Supervisors of the County of Marin, State of California, until 1:30 p.m. on Tuesday, December 4, 1962, for: Installing irrigation system and cultivation of planting areas, furnishing and planting of plant materials, fertilizing and staking of plants, and cleanup on the southerly side of Sir Francis Drake Blvd. from Bon Air Road westerly 1200 feet.

The work shall be done in accordance with official plans and specifications prepared in reference thereto which may be seen at the office of the Department of Public Works, County of Marin. Request for forms or information shall be addressed to the Department of Public Works, County of Marin, 1711 Grand Avenue, San Rafael, California.

Plans, Specifications (but not including Standard Specifications or other documents included by reference), and Proposal Forms may be obtained by prospective bidders upon payment of a deposit of Ten Dollars ($10.00) (cash or check made payable to the Treasurer, County of Marin) to guarantee safe return of the plans and specifications within ten (10) days after bid opening. Failure to so return the plans and specifications will cause forfeiture of the deposit to the county.

All bids must be submitted on the Proposal form obtained from the Director of Public Works and shall be accompanied by a Proposal Guaranty of at least ten (10) percent of the bid. Guaranties shall be in the form of a certified or Cashier's check or a Bidder's bond. Failure of the successful bidder to execute and return the contract, or to file acceptable bond, as required, within the time allotted shall be cause for the annulment of the award and the forfeiture of the Proposal Guaranty. All guaranties not so retained by the County shall be returned to the bidders within fifteen (15) days after the award of the contract.

Proposals shall be filed with Clerk of the Board of Supervisors, Court House, San Rafael, California.

Said Proposals will be opened and read by the Clerk of the Board of Supervisors at 1:30 P.M. on the day specified above for receiving bids, or as soon thereafter as the matter may be heard. The

Legal Notices

Clerk will read only the total amount bid and not specific items going to make up said total unless written request for reading of each sub totals and individual items of the bid is requested in writing at the time of the submission of proposals. Bidders will be at liberty to inspect and review bids in the Office of the Director of Public Works to which they will be removed for this purpose of checking after the opening and reading of the totals by the Clerk of the Board of Supervisors.

Bids are required for the entire work described herein, and neither partial bids nor contingent bids will be considered.

The Board of Supervisors of the County of Marin reserves the right to reject any or all bids.

GEO. H. GNOSS, Clerk
Dated: November 13, 1962
No. 1580 Nov. 16, 17, 19, 20, 21, 22, 23, 24, 26, 27, 1962

NOTICE OF IMPROVEMENT

NOTICE IS HEREBY GIVEN that on Monday, the 17th day of December, 1962, at the hour of 8:00 o'clock P.M. of said day, there will be a hearing on Resolution of Intention No. 2606 in Bret Harte Drainage Assessment District, City of San Rafael, Marin County, California, and the Engineer's Report filed pursuant thereto. Said hearing will be held at the meeting place of the City Council of the City of San Rafael, located in the City Hall, San Rafael, California. The purpose of the hearing is to consider any and all protests that may be filed against the construction of the improvements to be made, the acquisition of certain improvements and rights of way, the extent of the assessment district or the proposed assessment.

The Resolution of Intention provides for the construction and acquisition of certain improvements and rights of way in Bret Harte Drainage Assessment District, City of San Rafael, Marin County, California. Said Resolution of Intention and the Engineer's Report filed on November 5, 1962, in the office of the City Clerk of the City of San Rafael, are referred to for all matters in connection with said improvements and acquisitions.

Any persons interested in objecting to the proposed construction and acquisition of improvements and rights of way, the extent of the assessment district, or to the proposed assessment, may file protest in writing with the City Clerk of the City of San Rafael at or before the time herein fixed for hearing. All protests must be in writing and addressed to the City Clerk, City Hall, San Rafael, California.

The total estimated cost of the construction and acquisition of improvements and rights of way to be assessed upon the district is the sum of $918,043.88.

DATED: November 5, 1962.
W. L. MORGAN,
City Clerk,
City of San Rafael,
Marin County, California.
No. 1558 Nov. 12, 19, 1962

BOARD OF SUPERVISORS OF THE COUNTY OF MARIN
ORDINANCE NO. 1241
AN ORDINANCE OF THE COUNTY OF MARIN, STATE OF CALIFORNIA, APPROVING REVISED PRECISE DEVELOPMENT PLANS FOR THE SIRVAIN R-P DEVELOPMENT AND SETTING FORTH CONDITIONS WHICH MUST BE OBSERVED.

THE BOARD OF SUPERVISORS OF THE COUNTY OF MARIN DOES ORDAIN AS FOLLOWS:

SECTION 1: The Revised Precise Development Plans for the Sirvain R-P Master Plan are hereby approved, which approval shall be in accordance with the following:

A. The development, maintenance and use of the property shall be carried on in conformance with certain maps and plans entitled as follows: Revised R-P Development Plans entitled "Sheets 1-3, 16-unit apartment project all by Roger Hooper Associates, Architects, and marked "Approved M.C.P.C. 5 Nov. 62."

B. The development, maintenance and use of the property shall be further subject to the following condition:

1. That occupancy of the last 4-unit building be withheld until planting as shown on the plan is completed.

C. The maps and plans designated in Sub-section A hereof shall be filed in the office of the County Recorder of the County of Marin, along with a copy of this Ordinance, by the Planning Department, after authorization in writing for such filing, and the filing fee has been secured from the owner or owners of said land, and said authorization shall be construed to constitute his or their acceptance of the conditions set forth herein.

D. No building shall be constructed, maintained or used other than for the purposes specified on the maps and plans as described in Sub-section A hereof.

SECTION 2: Adoption of this Ordinance is not and shall not be construed as acceptance by the County of Marin of any streets or roads proposed or offered for dedication and shown on said approved Development Plans.

SECTION 3: This Ordinance is to take effect and be in full force and effect after the expiration of thirty (30) days from and after its passage and the same shall be published before the expiration of fifteen (15) days with the names of the members voting for and against the same at least once in a newspaper of general circulation published in said County of Marin.

PASSED AND ADOPTED by the Board of Supervisors of the County of Marin, State of California, on the 13th day of November, 1962, by the following vote, to-wit:

AYES: Supervisors: William D. Fusselman, Peter H. Behr, George H. Ludy, William A. Gnoss, Walter Castro.

No. 1592 Nov. 19, 1962

BOARD OF SUPERVISORS OF THE COUNTY OF MARIN
ORDINANCE NO. 1242
AN ORDINANCE OF THE COUNTY OF MARIN, STATE OF CALIFORNIA PROHIBITING FILL OR CONSTRUCTION IN A CERTAIN PORTION OF RICHARDSON BAY, AND PROVIDING THAT CONSTRUCTION OR FILL IN OTHER PORTIONS OF RICHARDSON BAY SHALL BE PERMITTED ONLY UPON APPROVAL OF THE BOARD OF SUPERVISORS.

THE BOARD OF SUPERVISORS OF THE COUNTY OF MARIN DO ORDAIN as follows:

SECTION 1: This Board of Supervisors has heretofore caused to be made extensive engineering studies of the problem involved in the control of flood waters in those areas of the County constituting the watershed which discharges into that certain natural body of water known as Richardson Bay. Based upon these engineering studies, the Board of Supervisors of the County of Marin does hereby find:

(a) That Richardson Bay, as hereinafter described, serves as a natural floodway for the transportation and temporary storage of storm waters, and that any construction not already existing in said bay would result in the flooding of extensive portions of the uplands and surrounding watershed tributary to Richardson Bay, the result of which will be to create unhealthy and unsanitary conditions, create hazards to life and property and produce other conditions adverse to the health, safety and general public welfare.

(b) That tidelands, streets, boulevards, canals and other lands within said Richardson Bay and which constitute said floodway are presently being filled and developed in such a fashion as to constrict said floodway and that such operations will continue unless immediately prohibited.

(c) That any filling of said Richardson Bay in the area hereinafter described except in accordance with a proper engineering solution of the existing flood control problem will be directly contrary to the requirements of public health, safety and general welfare.

(d) That an emergency exists which requires urgent and immediate intervention by the County of Marin through the adoption of this ordinance to regulate the activities hereinabove referred to.

(e) That this Board of Supervisors has directed the Marin County Planning Commission to begin studies leading to an amended Master Plan for Richardson Bay and directed toward the development of Richardson Bay in a manner consistent with and recognizing the use of said property for natural floodway, temporary storm waters ponding area, boating and recreational area, and waters and waterfront areas.

SECTION 2: Notwithstanding the provisions of any other ordinance of the County of Marin and by reason of the facts set forth in Section 1 hereof, it is hereby declared unlawful for any person, firm, or corporation to permit, cause to permit, do or cause to do any of the following:

Construct, deposit or dump within or fill with materials, dirt, earth, mud, garbage, refuse or any material whatsoever on any of the property located in the County of Marin, State of California, and described in Exhibit "A", attached hereto, and which exhibit is incorporated by reference herein as though fully set forth.

SECTION 3: Notwithstanding the provisions of any other ordinance of the County of Marin and by reason of the facts set forth in Section 1 hereof, it is hereby declared unlawful for any person, firm or corporation to permit, cause to permit, do or cause to do any of the following:

Construct, deposit or dump within or fill with materials, dirt, earth, mud, garbage, refuse or any material whatsoever on any of the property located in the County of Marin, State of California, and described in Exhibit "B", attached hereto, and which exhibit is incorporated by reference herein as though fully set forth, unless a development plan for the filling of said property or any portion thereof has been approved by the Board of

Legal Notices

Supervisors of the County of Marin as a plan which will not interfere with the use of said portion or portions of Richardson Bay as a natural floodway or temporary storm water ponding area and will not interfere with a reasonable or feasible Master Plan for Richardson Bay as indicated in Section 1 hereof.

Said development plan shall contain sufficient engineering detail and information to allow the determination indicated in the above paragraph to be made. It shall initially be submitted to a committee consisting of the Planning Director, Director of Public Works, and the County Counsel of the County of Marin for review, report and recommendation of said committee to the Board of Supervisors. Failure of said committee to report within forty days after receipt of said development plan shall be deemed approval thereof. Upon receipt of said committee report or the failure of said committee to report within said forty (40) day period, the Board of Supervisors of the County of Marin shall review said development plan and committee report, if any, and thereafter shall approve, conditionally approve, or disapprove said development plan or any portion thereof. If the Board approves or conditionally approves such development plan, then the Director of Public Works or other appropriate Department shall issue a permit for said development plan in accordance with the action of the Board of Supervisors and in the manner otherwise prescribed by law.

SECTION 4: Any person, firm or corporation violating the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by imprisonment in the County Jail for a period not to exceed six (6) months or by a fine not to exceed Five Hundred Dollars ($500.00) or by both such fine and imprisonment. Each day during which any violation of this ordinance is continued or allowed to continue shall be deemed a new offense and shall subject the violator to additional prosecution.

SECTION 5: If any section, sentence, clause or phrase of this ordinance is for any reason held by a Court of competent jurisdiction to be invalid, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, sentences, or clauses or phrases be declared invalid.

SECTION 6: This Ordinance shall take effect and be in full force thirty (30) days after the date of passage and approval and shall be published at least once in a newspaper published in the County before the expiration of fifteen (15) days after its passage, with the names of the members voting for and against the same.

PASSED AND ADOPTED by the Board of Supervisors of the County of Marin, State of California on the 13th day of November, 1962, by the following vote, to-wit:

AYES: Supervisors: William D. Fusselman, Peter H. Behr, George H. Ludy

JET/GAS
Turbine Mechanic
Elect. Electronic
Technician

In 1963 Chrysler Corp. has scheduled its production for the first turbine powered automobile in the world. By this move a door is opened to an entirely new industry, one that will require mechanics and supervisors. Electronics, an established industry, has a constant demand for skilled technicians. Let JETMA show you how you can open the door to either of these fields. Training need not interfere with present job. We provide:

GREENBRAE
Marin's Best Climate Area

EASY-CARE MODERN
$29,600
Planned and built for maximum comfort and convenience with a minimum of garden maintenance, is this new distinctive 3 bedroom, 2 bath home of rustic and flagstone exterior. Large living room has unique free-standing fireplace and wide view windows, separate dining room. Color co-ordinated G.E. kitchen and nook. Sliding doors to private and sheltered deck. Large closets and storage area. Top quality construction and custom features throughout make this one of today's best new home buys. Don't delay inspection, you may wait too long.

SECLUSION & PRIVACY
$44,950
This spacious new home, located in one of the prettiest sections of Greenbrae, is tucked in among beautiful oaks, on a quiet cul-de-sac. 4 large bedrooms, 3 full baths, family dining room with glass walls opening to a tremendous deck. Recreation room. G.E. equipped kitchen and nook. Ceiling height fireplace in the gracious living room. Slate tile floor in entry hall. Exposed beam ceilings in all main rooms. Tremendous closets and storage space. This home offers the large family plenty of room and privacy too!

LOTS

$ 6,850—Choice building lot averaging 65x135 ft. Site graded, ready for building. Located on a divided street featuring an unobstructed Bay view.

$ 8,750—Nearly ½ acre oak studded knollsite on a quiet cul-de-sac enjoying an extensive view over wooded hills and valleys. Moderate downslope, easy to build on.

$14,500—107 ft. street frontage with a breathaking view of Mt. Tamalpais and surrounding countryside. Level building site with plenty of space for a pool. One of Greenbrae's best locations.

WHAT'S A "FAIR PRICE" TODAY?

When prices change from day to day . . . it takes an expert to judge values. To assure your getting a "fair price" for your property there is no better way than to "put it in Multiple Listing."

Literally thousands of homes have been sold in Marin County through the efficiency of Multiple Listing.

This modern, cooperative system has conclusively proved to property owners its value as a sales asset and through candid tours can help you to arive at a "fair price" on your property.

All you do is sign one contract with one Marin REALTOR and your listing—giving complete details — goes to over 700 members of the Multiple Listing Service.

- DEAL WITH THE REALTOR OF YOUR CHOICE
- ANY MARIN REALTOR WILL PUT YOUR HOME IN MULTIPLE LISTING.
- WHETHER HE OR A FELLOW REALTOR SELLS IT ONLY ONE COMMISSION IS PAID.

Dooms Day Due Millions Of Turkeys

NEW YORK (UPI)—Tons of turkey, and a record-breaking cranberry supply, are assured for consumers anticipating Thanksgiving and the ensuing holidays.

The turkey flock this year numbers up to 92 million birds, with another 227 million pounds—113,500 tons—in cold storage.

Statisticians specializing in technical turkey details figure the 92 million live birds would average out to the equivalent of about one billion pounds—650,000 tons—of ready-to-roast gobblers.

Big as it is, the overall turkey supply for the holidays will be about 10 per cent under last year's super-sized crop of 107 million birds. But the present crop is about 20 per cent greater than the recent ten-year average.

Retail turkey prices may not reach the low level of last year, but they will be low enough to make turkey an economical purchase for the holidays, home marketing economists agreed.

The early Pilgrims would be astonished at the size and flavore of this year's cranberry crop.

It figures to be an all-time record of 70,000 tons—one million barrels—13 per cent greater than last year and 30 per cent over the recent 10-year average.

Stolen Paintings Found

PARIS (UPI)—Fifty-six paintings valued at two million dollars which were stolen from a museum at Saint Tropez in July, 1961, have been found in a barn 50 miles outside Paris, police announced tonight.

Two Women Await Sister

TOPEKA, Kan. (AP)—Mrs. Frank Turner, Topeka, and Mrs. Lula Towles, Los Angeles, struck up a casual conversation at the Topeka Airport while each waited to meet a relative.

They ended their conversation and Mrs. Turner returned to her home after giving up meeting her sister whom she had not seen in 14 years.

She had not been home long when company arrived.

It was Mrs. Towles who had given up being met and took a taxi to her sister's home. Neither sister had recognized the other at the airport.

"We've laughed like fools ever since," Mrs. Turner said.

Tam Unificatioin Study

Proposed unification of all school districts within Tamalpais High School District will be discussed by Mill Valley school district trustees at their meeting at 8 p.m. today in the district office.
